Chapter 18
Commonwealth of Massachusetts
In the year One Thousand Eight Hundred and Eighty.

AN ACT
To incorporate the Town of
Cottage City.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same as follows:

Section 1. All the territory now within the town of Edgartown, comprised within the following limits, that is to say, beginning at the middle of the bridge over "Sengekontacket Opening" and running by the centre of "Sengekontacket Pond" and Major's Cove to Miober's Bridge,, (so called,) thence due west to the Tisbury town line, thence by said town line between Edgartown and Tisbury to and through the Lagoon Bridge, thence by Vineyard Haven Harbor and Vineyard Sound to the first mentioned bound, (Sengekontacket Bridge,) is herby incorporated into a town by the name of Cottage City; and said town of Cottage City is hereby invested with all the powers, privileges, rights and immunities, and is subject to all the duties and requisitions to which other towns are entitled and subjected by the Constitution and Laws of this Commonwealth.

Section 2. The inhabitants of said town of Cottage City, shall be holden to pay all arrears of taxes which have been legally assessed upon them by the town of Edgartown; and all the taxes heretofore assessed and not collected shall be collected and paid to the treasurer of said town of Edgartown in the same manner as if this Act had not been passed; and until the next general valuation of estates in this Commonwealth, the town of Cottage City shall annually pay to the said town of Edgartown the proportion of any state or county tax which the said town of Edgartown may be required to pay upon the inhabitants or estates hereby set off, said proportion to be ascertained and determined by the last valuation next preceding the passage of this Act; and the assessors of Edgartown shall make returns of said valuation and the proportion thereof in the towns of Edgartown and Cottage City respectively to the Secretary of the Commonwealth, and to the County Commifsioners of the County of Dukes County.

Section 3. Said towns of Edgartown and Cottage City shall be respectively liable for the support of all persons who now do or shall herafter stand in need of relief as paupers, whose settlement was gained whether by original acquisition or derivation, within their respective limits; and said Cottage City shall pay annually to said town of Edgartown three fifths of all costs for the support, or relief of those persons who now do or shall hereafter stand in need of relief or support as paupers, and who have gained a settlement in said town of Edgartown in consequence of the military services of themselves, or of those through whom they derive their settlement: provided that the person who rendered such military service, was not at the time of his enlistment an inhabitant of the said town of Edgartown as heretofore constituted. The said town of Cottage City shall also pay to the said town of Edgartown, on the first day of January next, towards the support of paupers the sum of Three Thousand Dollars.

Section 4. All suits and proceedings at law or in equity where the cause of action in favor or against the town of Edgartown arose before the passage of this Act, shall be instituted, and prosecuted or defended, by said town of Edgartown with the same effect as if this Act had not been pafsed; and the amount recovered in any such suit or proceeding by or against said town of Edgartown shall be received or paid as the case may be, by the town of Edgartown and divided between the towns of Edgartown and Cottage City in the same proportions as the public property and debts of the town of Edgartown are required to be by this Act.

Section 5. The corporate property belonging to said town of Edgartown at the date of the passage of this Act, except as hereinafter provided, and the public debt existing at said date, shall be divided between the towns of Edgartown and Cottage City according to the valuation of property within their respective limits, as assessed May first eighteen hundred and seventy nine; Said towns of Edgartown and Cottage City shall each retain and hold all the real property, public buildings,

REPORT OF THE CHAIRMAN OF THE BOARD OF SELECTMEN

Residents, Voters and Taxpayers of Oak Bluffs:

As the newest and youngest member of the Board, and as Chairman, I take great pride in writing this report.

I was very pleased to be elected to this Board in a Special Election which was held in June. The voter turnout was phenomenal at this election. It is very gratifying to note this interest displayed by the voters. As we all know involvement this the heart of the town. For your participation, I thank you.

During 1986 Oak Bluffs has taken on a positive attitude and is moving ahead at great speed. As we look around, we can see many buildings on Circuit Avenue receiving facelifts, which is most encouraging. Other parts of town are on the upgrade also. On the next few pages you will see some examples of this progress.

This year did not elapse without its share of sadness as we note the passing of Charles E. Downs, Walter Bernard, Manuel L. Coutinho, Arthur "Lanky" Pachico, and several others. Our sincere sympathy is extended to all their families.

Another loss to our town was Caroline Pachico. Mrs. Pachico had been the recipient of the Boston Post Cane. The Boston Post Cane is awarded to the oldest citizen and is always to be transferred. We in Oak Bluffs take great pride in knowing our Senior Citizens and in being in possession of the original cane. Many communities throughout our Commonwealth have not been fortunate in either of these areas and do not have proper records to assure them as to whom the cane has been awarded.

During the fall, at ceremonies attended by many, our Town Hall was named the "Everett A. Rogers Municipal Building". This is a personal pleasure to me as most of you know, Everett is the older brother of my late mother, Shirley Rogers Law.

This past year we also saw the formation of an elected Board of Health, separate from that of the Board of Selectmen.

The Oak Bluffs Elementary School has completed its first year under the guidance of Robert E. Abbey and the Sacred Heart Parish has welcomed its new pastor, John A. Gomes.

Our growth is obvious with the number of building permits that have been issued, as well as the increased school enrollment.

After 21 years it now appears that our town hall is in dire need of a new roof which will be a substantial expense, but a very necessary one.

At this time, I would like to thank all the Town Departments for their cooperation throughout this past year. I would also like to thank Roger Wey, Linda Marinelli, my fellow selectmen, for all their hard work and dedication to our great town.

In closing, I urge all registered voters to attend our Annual Town Meeting on April 14, 1987, and to vote in our Annual Election on April 16, 1987.

I look forward to serving you in the next three years, if reelected, and wish you all good health in the forthcoming year.

Respectfully submitted,

JESSE B. LAW, III
Chairman

ANNUAL REPORT OF THE ASSESSORS

Board of Selectmen
Town of Oak Bluffs
Oak Bluffs, Massachusetts

Gentlemen:
To the Voters of Oak Bluffs.

Our town is in the process of revaluating all properties, therefore, no tax rate has been set.

In view of the lack of a rate we, the Assessors, will not be offering you our regular report, however, it will appear in the next annual town report.

Thank you for your time and consideration during this most difficult period.

Respectfully submitted,

JOSEPH E. SOLLITTO, JR., Chairman
MERRILL J. THOMAS
JOHN B. COUTINHO

PERSONNEL BOARD

As of October 1986, the contract with Peat, Marwick, Mitchell & Company to do the Impact Study of wages and by-laws was signed. After numerous hours of review, the draft was approved by the Board. On January 26, the final report was received and it was unanimously voted to accept the recommendations of the study. Consequently, a 6% increase was given across-the-board to all employees who are actively employed as of February 1, 1987.

We would like to extend our thanks to all Town personnel for their patience.

Respectfully submitted,

KATHLEEN CHESK
JUNE ROSE
VIOLET REGO
BARBARA GIBSON
LOUIS VOTTA

BOARD OF HEALTH

To the Citizens of the Town of Oak Bluffs:

It is with pleasure I submit to you my Annual Report as Chairman of the Board of Health. This year I served on the board with Russell Combra and Kenneth DeBettencourt.

Our year began with confusion but we soon hired a health agent/clerk to the board and began organizing our office. Which at this time we feel runs quiet efficiently. The office is open at all times and your questions can be answered immediately.

This past October the town received a consent order from the D.E.Q.E. informing us that the town landfill must conform to the present laws governing landfills. For the town to accomplish this we will need new equipment and a engineer. All this will of course cost money but must be expended to correct the problems.

Also in October we began the process to flouridate the town water supply. The board petitioned this action and as of January 30, 1987 we passed our waiting period and the water will hopefully be flouridated by the spring of 1988. We feel that this will be a great health benefit to the town.

Wastewater is another area in which we are trying to find a solution. We are proposing the takeover of a piece of land owned by the Town and controlled by the Conservation Commission for the construction of a wastewater treatment facility. Our ponds are becoming polluted and immediate action is necessary. Our environment must be protected!

We wish to thank the residents of Oak Bluffs for their support and anticipate their continued support in our future efforts.

Respectfully submitted,

RUSSELL ROGERS
Chairman

BUILDING INSPECTOR

Board of Selectmen
Town of Oak Bluffs
Oak Bluffs, Mass. 02557

To the Citizens of Oak Bluffs:

This past year has been most exciting and fullfilling for me as the Building Inspector for the Town of Oak Bluffs. It has not been without its challenges and situations which were most trying. The encouragement I received from the people of Oak Bluffs was most gratifying and with your anticipated support I will continue to enforce the intent of the Mass. Building Code, which is to insure the public safety, health and welfare as far as they are effected by building construction.

In compliance with the wishes of the Board of Selectmen, I submit my annual report.

A complete list of building permits issued for the year is on file in the Building Inspector's office and on the Town Hall bulletin board.

MARTHA'S VINEYARD LAND BANK COMMISSION

The Martha's Vineyard Land Bank was created under Chapter 736 of the Acts of 1985, approved by the Massachusetts legislature, and accepted by voters of each of the six towns on Martha's Vineyard at the 1986 annual town meeting. The Land Bank is designed to collect a real estate transfer fee (two-percent of the purchase price of property), and to use that money to acquire and manage open space for natural resource protection.

The following representatives were appointed to the Land Bank Commission by the County Commissioners:

Chilmark: Pamela Goff
Edgartown: Richard Brown
Oak Bluffs: Priscilla Sylvia
Tisbury: Herbert Custer
West Tisbury: Deborah Yennie
Gay Head: Jerry Wiener (resigned)

The Land Bank Commission elected the following officers: chairman, Deborah Yennie and treasurer/secretary, Pamela Goff.

The Land Bank advisory boards were appointed in each town, representing various town boards. These boards include: conservation commission, planning board, board of assessors, board of health, park and recreation commission, board of selectmen and water commission.

Transfer fee collection began on May 12, and $401,929.42 was collected through June 30, 1986.

HIGHWAY DEPARTMENT

Town of Oak Bluffs
Board of Selectmen
P. O. Box 1327
Oak Bluffs, MA 02557

Honorable Board of Selectmen:

I hereby submit my Annual Report to you.

This past year has been a very active one for the Highway Department. The completion of the Bicycle Path, the construction of a sidewalk along Siloam Avenue, replanking the boardwalk along the Harbor and correcting various drainage problems in the Town have been a few of our many accomplishments and although, we still have several drainage problems, we hope to correct them by the summer.

We are presently reconstructing the dinghy floats for the Harbor Master and we will be building an addition to the Senior Citizen Center. We are also trimming trees along many narrow roads for safety purposes. Thus, I am sure that this year will be a very busy and productive one.

Respectfully submitted,

HERBERT A. COMBRA, JR.
Highway Superintendent

POLICE DEPARTMENT

Board of Selectmen
Citizens of Oak Bluffs

As Police Chief of the Town of Oak Bluffs I hereby submit my annual report for the year ending December 31, 1986.

Each year while preparing these reports, I reflect on the steady growth of our community. For the past years it has been my goal to see that the police department keep in step with this growth.

In reading over the statistics and reports, it is evident that there has been a steady and substantial increase in the accident rate. Many of these accidents are of a direct result of excessive speed, however, the most alarming statistic, but certainly not a new problem to law enforcement, are the alcohol related accidents that have become dangerously high.

I am therefore encouraged by the enactment of the new law pertaining to drunken driving. Not only will this new law have a direct effect on the reduction of the accident rate but it will also remove these people who think they have the right to endanger the general public by drinking and driving.

For many years law enforcement agencies have been very vocal in stressing the need for stronger laws and penalties for these violators. It did however, take the lobbying of many concerned groups to convince our law makers for the need of this tougher drunk driving law. Organizations such as M.A.D.D. spearheaded much of this lobbying for this bill and we should all be grateful for their efforts.

Opponents of this law would repeal it because they say it violates constitutional rights. We must ask however, how many lives have been lost to drunken driving. Those victims will never enjoy the benefits of our constitution.

We, in the police department, will continue to do our part to enforce this law. We will use every means possible, such as road blocks, to apprehend and prosecute the person who violates the rights of others to travel our roads safety.

In closing, I am greatly indebted to the members of my staff for their full cooperation in helping make this department operate more effectively. I thank them for their loyal support.

I would like to also thank all other law enforcement agencies and the Board of Selectmen for their cooperation and assistance.

Respectfully submitted,

PETER M. WILLIAMSON

SHELLFISH DEPARTMENT

Board of Selectmen
Voters Town of Oak Bluffs

The following is my report for the year ending December 31, 1986.

We continued the nursery raft program for seed quahogs. We received approximately 250,000 seed approximately 2mm longest measurement from the Martha's Vineyard Shellfish Group Hatchery which were planted in rafts in Sengekontacket Pond. They were planted in Sengekontacket in the fall in the area that had been dug this summer near the Narrows, some were planted near Little Gravel Island.

The hatchery also produced a large crop of scallops the Oak Bluffs share was approximately 130,000 over half were planted in Sengekontacket and the rest in Lagoon. We again placed spat collector bags in Lagoon, approximately 20 bags were seeded with microscopic scallop seed from the hatchery. In the fall the bags were emptied and planted in both ponds.

A large amount of scallop seed was found on the flat near the bridge in Lagoon Pond, approximately 700 bushel were moved to good growing areas in both ponds. I found many clear bottom areas in Lagoon, for the first time in several years, seed was planted in these clear areas.

The starfish removal program was continued and many thousand starfish were removed from Lagoon as well as many crabs, conch and other predators.

Water samples were taken in cooperation with D.E.Q.E. Farm Pond again exceeded safe levels and remained closed to shellfishing. The channel into Harts Harbor was filled with sand and greatly reduced the flow of water to Farm Pond. I feel it is necessary to keep a channel open to the ocean year around to clean up Farm Pond. The Shellfish Committee and I have been working with the Selectmen and Board of Health to solve this problem.

The Herring Run in Lagoon has been delayed because Tisbury did not fund their share of the project. They will try again in 1987. Other alternatives are being looked into.

The Clean Lakes study of Lagoon was started in the Spring. S. P. Engineering of Salem, Mass. was hired to do the year long study. They have taken many samples and checked on shore systems that may contaminate the pond. The study will be finished in the Spring of 1987 and results available in the Summer or Fall. I have assisted S. P. Engineering by providing a boat and operator on many sample dates.

We are still waiting for the State Division of Waterways to dredge Sengekontacket Pond. They have done the pre-dredge survey and had engineers meet with the Selectmen and are preparing final plans and applying for permits. This is a slow and frustrating process, we are trying to speed it up as much as possible.

The area near the little bridge in Sengekontacket Pond planted with moderately contaminated quahogs in 1984 was tested by D.E.Q.E. and one half of the area was opened to family diggers on January 1, 1986. Many people fished this area and approximately 160 bushel of mixed quahogs were harvested. The area was closed and reseeded this summer and another area South of the Narrows was also seeded, a total of 500 bags 100 pounds each were planted.

A new family permit system was started this year. Water proof permits were used and regular, non-resident and resident senior citizen permits were separated. This made enforcement easier.

I would like to thank my deputies Francis Bernard and Robert Williston, the shellfish committee and everyone who helped improve our shellfish resource. I would also like to thank the Martha's Vineyard Shellfish Group, its Biologist Rick Karney and his staff. The hatchery produced a large amount of seed for our ponds.

The following is a report of the commercial and family catch of shellfish and the estimated value. The amount of scallops is down considerably because of the lack of seed last year. Farm pond was closed to all Shellfishing due to contamination and poor water flow. Oak Bluffs Harbor was closed to all shellfishing for management reasons. The harvest of clams and quahogs is up I feel this is due to our seeding efforts.

MARTHA'S VINEYARD SHELLFISH GROUP

To the Island Boards of Selectmen

In 1976 the Shellfish Constables and Selectmen from five Island towns banded together in a sincere effort to manage, protect, and expand the Island's shellfish resources. With collective resolve, they successfully raised and appropriated their respective town's share for the not uncontroversial proposal to hire a marine biologist to assist them in their lofty visions of seeding the ponds with shellfish and expanding the shellfish industry.

Ten years later in 1986, I am happy to report that at least part of that vision has become reality. For the second year in a row, our Solar Shellfish Hatchery has operated at capacity. Over two million seed quahogs and nearly a half million seed scallops were produced in the hatchery in 1986. West Tisbury again swapped its share of quahog and scallop seed for natural oyster seed from Edgartown's Oyster Pond. Some of the seed quahogs were too small to plant out in the nursery rafts in 1986 and are being overwintered in the hatchery for planting out in the spring of 1987. Efforts are presently underway to increase our capacity to culture juvenile shellfish with construction of nursery systems in our old pilot hatchery building. Expanded space for juveniles should allow us to produce more seed shellfish.

With the notable exception of Edgartown, Vineyard towns joined the Cape with one of the poorest scallop harvests in recent memory. Although many theories, including disease, have been offered as explanation, abnormally high numbers of predatory blue crabs observed over important scallop beds may have eaten much of the seed.

We are continuing our efforts to develop genetic tagged scallops to evaluate the survival of our hatchery produced seed. A very rare purple shelled scallop discovered on Nantucket and delivered to our hatchery in December offers a unique opportunity for a genetic tag.

The award of a $6,000.00 grant from the Martha's Vineyard National Bank Foundation will fund a project to evaluate the off-bottom culture of scallops in deep water areas.

Pollution and its abatement were important concerns of the Shellfish Group in 1986. We have assisted S. P. Engineering in their extensive year long study of Lagoon Pond under a grant from the Massachusetts Clean Lakes Program. We submitted a proposal to the Clean Lakes Program for similar study of Tisbury Great Pond. In the meantime we have assisted the Boards of Health in Chilmark and West Tisbury to locate point sources of pollution in Tisbury Great Pond. Recent tests and studies suggest that road runoff is a significant source of bacteria and chemicals threatening Island shellfish beds.

We are continuing our efforts to restore the alewife (herring) run in Upper Lagoon Pond. We hope soon to begin construction of an erosion control revetment at the hatchery site under funding from Massachusetts Coastal Zone Management.

In other developments, Edgartown became a member in 1986 and a County contribution of $6,000.00 enabled us to offer a limited amount of seed to the non-member towns of Gay Head and Gosnold. Efforts are under way to develop an affiliation with the University of Massachusetts to expand our programs and stabilize our funding.

The Shellfish Constables and other members of the Governing Board are thanked for their continued direction and support. Special thanks are due Paula Coffey, Hatchery Assistant, for her dedicated care of the hatchery cultures; Diane Leonard for bookkeeping and secretarial services; and Michael Zoll for his efforts as Treasurer. Toni Chute and Godfrey Day are thanked for volunteering at the Hatchery as are Fin Miller and Dan Aykroyd for making our 1986 Clambake fund raiser such a huge success.

WATER DEPARTMENT

To the Board of Selectmen
and the Townspeople of Oak Bluffs

The year of 1986 has been a busy year and brought many changes to the Water Department both in personnel and development.

In the area of new personnel, we have hired a Superintendent, Steven T. Kenney, formerly of the Reading Water Department, an Administrative Clerk, Barbara A. Handy, formerly of the Edgartown Water Company, a Maintenance Craftsmen, Keith Graves, formerly of the Springfield Water Department, Senior Clerk, Charlene Marinelli, and welcome new Water Commissioner, Danny Meader.

In the area of development, we have a new 1.2 million gallon per day well on line. This station is located on Airport Road near the State Forest, making it our third pumping station. We have installed 5.5 miles of new water main, and have 159 new customers. New equipment includes an aircompressor and phuematic auger.

We had our main pumping station at Lagoon Pond shut-down for five (5) months due to a small gas leak nearby. But it is now on line, being one of the few wells to go back on line once shut down. With this in mind, we would like to thank all our customers for their patience and help during our water shortage, and for not misusing the water in our time of need. For the first time in seven (7) years we will not have a watering ban, but would still appreciate the using of water conservation practices, and remind our customers that misused water means higher water bills.

We are working on lowering the water rates for fixed income elderly citizens, and hope that this will be of some help to them.

The Department hopes to receive monies from outside sources, such as $40,000.00 from an 805 D.E.Q.E. Grant, and $200-300,000.00 from the Johns Manville Lawsuit to help the Department in up coming years.

Our future projects will be several rehabilitation projects to enhance fire protection and water quality to the Downtown area and the elementary school area.

We hope to serve you well in 1987 and remind you that we are here to help you, so feel free to call us if you have any comments, questions, complaints or compliments.

We wish all the citizens a happy and prosperous year.

COUNCIL ON AGING

To the Board of Selectmen
and the Citizens of Oak Bluffs:

As the population of Oak Bluffs grows, the proportion of Senior Citizens increases, since many summer residents come here to retire. We encourage all active Seniors to participate and help expand our services and activities.

Our regular programs, Line Dancing, Aerobics, Bridge, Bingo, Men's Day, Arts and Crafts, Movies, Health Screening and Blood Pressure Clinic, assistance with legal problems, medical insurances, Federal and State Income Tax returns, Surplus Food Distribution monthly from October through May, Derby Fish Distribution, have all continued this year. (We packaged and distributed 2,825 pounds of fish during the 1986 Derby). We added several new programs including caning, ably taught by Rita Billings.

Volunteers have cheerfully and capably assisted with many of these programs. Our wonderful volunteers, each month, fold all the newsletters for the entire island - over 1,600 each month!

The Board and staff have worked on a new project, an addition to the present building which will, when completed, allow more activities and better service to Senior Citizens who need assistance in legal advice, health insurance and tax form completion, and personal problems. We have applied for and received several grants to assist in this undertaking.

The Friends of the Oak Bluffs Council on Aging was organized late in the year 1986, and promises to be a great help in this project, and in many ways, at the Center.

We are proud of our building and our programs, and of the attitude toward Senior Citizens, and feel confident the increasing needs of the senior population will be met.

We are most appreciative for the interest and cooperation of Herbert Combra and the Oak Bluffs Highway Department in our various endeavors.

Our Activities Director, Pauline Renear, resigned in December. We are looking for a replacement.

The Board and staff appreciates the splendid cooperation it receives from the Selectmen, and from all the other members of the Oak Bluffs governmental family.

Total Purchases	578

The library received a new roof as well as a new burner for the furnace. The furnace still created problems and other parts had to be replaced. Hopefully all is now resolved.

Storytime was held at the library this summer on Tuesday and Saturday at 9:30 a.m. and was well attended. I was helped by Lois Virtue, our summer aide, and our teenage volunteer, Rebecca Seiman. A new Dukane audio-visual recorder was purchased and we showed filmstrips and read stories. The library stayed open until 11:00 a.m. so books and cassette kits could be taken out. Storytime is being tried this winter, but to date, attendance is poor.

As Lorraine Hoggan is no longer working with us, Doris Thorington was hired to join Mildred Fisher as our two librarian assistants. Vianna Baird is our library cleaner, replacing Ann Masciotra.

Elizabeth F. Blankenship, our former librarian, has retired after many years of dedicated service. She has left behind a strong following and will be sorely missed. Don't be a stranger, Betty!

The Oak Bluffs Building Committee with Lynn Bouck at the helm is working very diligently on finalizing the upcoming Children's Wing of the library. It only awaits a proper bid for our dreams to be realized.

Many Island Clubs are fund raising to provide a fitting memorial for Edith Morris, former Trustee and member of their organizations. Barney Zeitz has been contracted to provide a beautiful stained glass window over the new entrance.

Hopefully the new expansion will help alleviate our over-crowded conditions as well as aid us to better serve the needs of our year round community and summer friends.

The library staff with the assistance of our able volunteers, George Kreye, Marjorie Leonard and Myrtle Thomas, are busily labeling books and up-dating card catalogs in anticipation of the big move. The process is time consuming and we could use some more volunteers.

Space does not permit thanking all our patrons and civic-minded friends including the Friends of the Oak Bluffs Library, but I would be remiss in not mentioning Ethel Marsh for beautifying our library entrance and you, our Trustees, for all the support you have given us this past year.

OAK BLUFFS SCHOOL COMMITTEE

The 1986 and 1987 school years have fostered a renewed interest and enlivened energy to the Oak Bluffs School. Our principal, Mr. Robert Abbey, has guided us through the transition to our new building addition and it's increased resources.

He has enriched a cooperative spirit between students, parents and staff which has led to a new understanding of the joy and importance not only of learning, but also of teaching.

Among the many new programs is the grant-funded ''Bridges Project''. This multi-phased program aims at strengthening reading and writing skills through text work, composition, communication and student research projects which includes a computer networking with the West Tisbury School the ''Big Books'' program develops reading fundamentals and a knowledge that reading is an essential that not only enlightens but also entertains a young probing mind.

A consequence of the population growth in our town has challenged the resources and budget of our school; this should be a major planning concern for our near future. In this current school year 40 new students have enrolled.

Our school is growing in size but more importantly it is growing with esteem in its educational accomplishments. Our town should be proud of our school - a community school that provides for personal growth and development through academic excellence.

Respectfully submitted,

JOHN E. CURRELLI, Chairman

OAK BLUFFS SCHOOL PRINCIPAL

Dear Mr. Pachico:

I am pleased to submit my second annual report as Principal of the Oak Bluffs School. The past year has been one of accomplishment and involvement for the school and for the community. As in the past, the staff of the Oak Bluffs School continues to provide a vital and ever challenging education for the children of the town.

The Fall of 1986 saw our building project come to conclusion. The general contractor, Brophy and Phillips, did a commendable job throughout the construction providing the school with a new library and several new or renovated classrooms. In addition, the town carpenter completed a home economics classroom in our cafeteria. Suspended ceilings were installed in our primary rooms both to conserve heat and aid in cooling and, after some years of waiting, the cupola now shines as a bright beacon over the harbor, restored with several coats of new paint and copper roofing. An ambitious group of parents cleaned, sorted and painted our cafeteria over the summer and we now offer the renovated space to all interested meeting groups. Teachers gathered to paint and rehab both teachers' rooms, two classrooms, hallways and entryways. We prune, we paint and we plan for the future, hoping to create a state of excellence with our heads and our hands.

Our additional space came just in time as the Oak Bluffs School experienced the highest enrollment increase of all island schools. The overall school population is now twenty percent higher than last year and prospects are for increases in years to come. Such increases, should they repeat over a period of years, would necessitate the hiring of additional staff and the possible addition of primary classrooms.

The staff has developed several initiatives in the area of school program. Working from a comprehensive needs assessment, teachers, aides and committee members have set an ambitious agenda for examining and improving the school curriculum. The goals this year: reading and language, science, the system for reporting to parents and a redefined discipline plan. To support our work in the development of language, the Oak Bluffs and West Tisbury Schools were awarded a $62,500 grant from the state christened "The Bridges Project". This literacy development project offered additional teaching staff to Oak Bluffs students and the establishment of a computer network to other island schools. The focal point of this project centers on cooperation and coalition building among island schools. The goal: to help children develop literate skills by making use of their intuitive love of language in all its forms.

The system of reporting to parents has been redesigned to foster consistency and increased frequency. There are now four reporting periods in the school year with written reports going home far more frequently. In addition, mid-quarter academic reports are sent to parents of students having academic/behavioral difficulty. Our parent conferencing schedule will offer separation of jr. high and K-5 conference times, the aim being a better utilization of the parent-teacher time together.

The school has piloted an alternative to traditional study periods in the jr. high. "Learning Lab" is offered concurrently with a chorus elective. During the learning lab period small groups are offered in computer, remedial help, yearbook and counseling, and advanced field studies in science and social studies. We are also offering a computer lab to grades 2-5 using our Radio Shack network.

Kindergarten entrance age and program options were high on the activities list this year. All island schools have changed the date of entrance for K to be five years of age by September 1. This change, as well as a change to developmental screening prior to entrance, reflect a nationwide trend allowing children to come to school when ready and to progress through primary grades according to their biological and emotional time clocks. Working to support these efforts, a proposal for pre-school support was funded in the amount of $90,000. These funds will be used in part to provide pre-school alternatives for children not eligible for kindergarten in the fall of 1987.

Other curricular offerings include: the town studies curriculum which takes advantage of Oak Bluffs rich

heritage, the awarding of a grant to bring Caroline Worthington to the school for a one month Artist-in-Residency, the development of an island string program, volunteer-based after school activities including basketball for middle grades.

Our PTA remained active through a period of adjustment, offering the First Day Coffee, 'Never Too Soon' - a program on drug and alcohol abuse, the Christmas Toy Exchange and the Silent Auction. Our loyal and hard-working parent volunteers are an especially valued and important part of our school program.

The Oak Bluffs School Committee drafted a revised policy manual including comprehensive statements of policy in tuition, bus transportation, use of facilities, affirmative action and drug and alcohol abuse, among other areas.

I would like to thank the Oak Bluffs School Committee for their earnest vision, their steadfast pursuit of common goals, and especially, for being willing to 'roll up their sleeves' as we continue the hard work of offering the very best education to each child growing up in our town. I look forward with eagerness to the year ahead.

Respectfully submitted,

ROBERT ABBEY
Principal

SUPERINTENDENT OF SCHOOLS

Mrs. Elizabeth Herrmann, Chairperson
Martha's Vineyard Superintendency Union #19
Box 473
Edgartown, MA 02539

Dear Mrs. Herrmann:

In accordance with the laws of the Commonwealth of Massachusetts, I am pleased to submit the Annual Report of the Superintendent of Schools to you and the Chairpersons of the individual school committees of the Vineyard schools.

This past year has shown continued growth in enrollment at most Vineyard schools. The October 1 census showed a system-wide increase of sixty (60) students over last year. The total enrollment now stands at 1596 students in Grades K-12 and we anticipate continued growth during the next few years.

The building projects at West Tisbury and Edgartown are showing steady progress and we are hopeful that completion dates of early next fall will be met. The Oak Bluffs and High School renovation projects were completed in early fall. All of the above building projects have or will result in better facilities for our growing population. We continue to strive to improve our facilities for our educational programs.

As noted in last year's Annual Report we are continuing to implement Chapter 188, Massachusetts Public School Improvement Act. The State Assessment Tests in Reading, Mathematics and Science that were administered last spring were scored and the results released to all Massachusetts schools in November. System-wide the Vineyard schools fell within the average range for students in Massachusetts, although the results were based upon a small number of students in the various schools. In fact, some of our schools were not included due to the small numbers tested in Grade levels 3 and 7. The assessment process is designed to look at performance over a period of years and therefore, it will be necessary to collect several years of data in order to accurately identify educational needs in the individual schools.

In regards to some of the funding which accompanied the Reform Act, we have been recipients of the following: School Improvement Grants, Minimum Teacher-Salary Grants, Professional Development Grants, Horace Mann Teacher Program Grants, and several discretionary grants including an Essential Skills Grant for a Remedial Program in West Tisbury and Oak Bluffs Schools and a competitive grant for Early Childhood Education for all Vineyard towns.

Some of these funds went directly to the schools or teaching staff while others are being used to improve educational services to the Island students in several schools. Dr. Irwin Freedman, Principal of the West Tisbury School and Robert Abbey, Principal of the Oak Bluffs School, have been instrumental in securing these discretionary grants. We are appreciative of their efforts on behalf of the school system.

On a very sad note, I would like to report that Mr. Charles E. Downs, former teacher, principal at Oak Bluffs and Superintendent of Schools for the Island school system for twelve years, passed away in March. Mr. Downs will long be remembered for his long years of service and for his efforts in the formation of the Martha's Vineyard Regional High School in the late fifties. He is sorely missed by the Island community.

On a lighter note, we have several retirements of staff members over the last year. Mr. John Mayhew and Mrs. Rose Anthony retired from the High School. Mrs. Shirley Mayhew, John's wife, retired from the Edgartown School and Mrs. Betty Davis retired from the Tisbury School. Also two non-teaching staff members retired from the Tisbury School: Mrs. Ruth Stiller, Secretary to the Principal and Mrs. Theresa Baptiste, Head Cook. We wish them all a very long, happy, and healthy retirement and we very much appreciate their efforts.

In conclusion, I would like to thank all the members of the Island school staff for their assistance to me during the past year. The support of the various school committees and the townspeople has enabled us to continue to provide excellent educational programs for our students. We look forward to improving these services in the years to come and we thank you, Mrs. Herrmann, for your support as Chairperson of the Superintendency Union Committee in assisting us in accomplishing this goal.

Respectfully submitted,
FRANCIS E. PACHICO
Superintendent of Schools

REGIONAL HIGH SCHOOL PRINCIPAL

Mr. Francis E. Pachico
Superintendent of Schools
Martha's Vineyard Regional High School District

Dear Mr. Pachico:

The 1985-86 school year was excellent for the students and staff of Martha's Vineyard Regional High School. The graduating class received highest group scores in memory on national testing. The National Merit Scholarship Program commended several students. Nineteen seniors received the President's Awards for Academic Excellence. William McConnell received the Superintendent's Outstanding Student Award. Two-thirds of the graduates gained entrance to colleges. These included American University, Brown, Bates, Colby, George Washington, Smith, Howard, Georgetown, Middlebury, University of Pennsylvania, The Coast Guard Academy, Nichols, and the excellent colleges and universities of Massachusetts state system.

Accomplishments in vocational education continued the tradition of service to senior citizens, local towns, and community charities. Other aspects of the school were equally noteworthy. The school literary magazine achieved first prize as one of the better high school publications in the country. In music the students dominated the competitive Cape Cod Music Festival and won seats in the Southeast Region and "State Music Festivals". Students also achieved national recognition. The show choir, the Minnesingers, had an excellent tour of Germany and established an exchange program with a comprehensive high school in the city of Ludwigshafen.

After years of bringing league championship performances from teams at the Regional High School, Social Studies teacher, Ben Kindzia, was identified as Track Coach of the Year by the Cape and Islands sports writers. Math teacher, John Cunningham, was designated as Harvard Practitioner in mathematics based on his selection for intensive studies from a nationwide pool of teacher applicants. Spanish teacher, Barbara Murphy, was identified as Teacher of the Year as the Regional's candidate for National Teacher of the Year.

Three teachers replaced departing staff members - Jeffrey Bernier and Lloyd Henke in science and Elizabeth MacLean in French. Elizabeth MacBride was with us for the year as a substitute for Paul Brissette who was on leave for graduate studies in art. Phyllis Sanborn substituted for Beth Carr who went on maternity leave. The year ended with the retirements of two of our most senior professionals John Mayhew and Rose Anthony whose contributions will long be remembered.

Many fine things were achieved at the Regional High School. The staff was involved in preparation for an even better future. The Vineyard's High School is doing well.

Respectfully submitted,

NOTICE

In accordance with General Laws, Chapter 64, Section 15, public notice is hereby given that the Town Clerk is prepared to furnish blanks for the RETURN OF A BIRTH to parents, householders, physicians and midwifes who apply therefor.

The attention of parents and others is called to the importance of recording vital statistics correctly. If any errors or omissions are discovered, the same should be reported to the Town Clerk so that corrections may be made in accordance with the law. Failure to correct birth information may result in inconvenience to the child in later years, such as entering school, seeking employment, property rights, voting rights, marriage, military and naval service, veterans' benefits, travel outside the United States, etc., when a birth certificate is required.

General Laws, Chapter 46, Section 6, provides that "Parents within 40 days after the birth of a child, and every householder within 40 days after a birth is his house, shall cause notice thereof to be given to the town clerk of the town where such child is born..."

General Laws, Chapter 273 of 1946 provides that "Any resident of this Commonwealth who marries outside the Commonwealth and therafter resides within the United States...may personally present to the town clerk of the town where such person was domiciled at the time of said marriage an original certificate, declaration or other wirtten evidence of the same, or a photostatic copy thereof. The clerk may file such... as evidence establishing such marraige..."

REPORT OF THE ANNUAL TOWN MEETING
APRIL 8 AND 9, 1986

Moderator Frederick L. Loud, Jr., Esq. announced that three hundred and ten (310) voters were in attendance and, therefore, he called this Annual Town Meeting to order-

William Nicholson, Pastor of the Vineyard Lighthouse Christian Ministries offered invocation.

All then participated in a salute to the flag.

A moment of silence was observed for departed members of our community.

Linda Marinelli, Chairman of the Oak Bluffs Board of Selectmen then offered the Annual Town Report as the report of the Board of Selectmen.

At this point Mrs. Marinelli presented Manuel S. deBettencourt, the out going water commissioner with a citation from the Secretary of State, Michael Joseph Connolly, for his years of dedicated service to the town as water commissioner. Manuel when first elected filled the position of his father Antone who had held the elected position of water commissioner for numerous years.

The following officers were elected from the floor of this town meeting-

Field Drivers:
Joseph Nunes
Antone J. deBettencourt, Sr.

Surveyors of Lumber and Measures of Wood and Bark:

REPORT OF A SPECIAL TOWN MEETING
TOWN OF OAK BLUFFS
SEPTEMBER 17, 1986

Moderator Frederick L. Loud, Jr., Esq. announced there would be a slight delay in starting this Special Town Meeting as there were many voters in line waiting to be admitted to the school gymnasium.

The Special Town Meeting was scheduled to begin at 7:00 p.m.

Moderator Loud conferred with the Board of Selectmen, the Town Clerk and the Oak Bluffs Fire Chief about the number that had been admitted to the school gymnasium. The Fire Chief was concerned as he felt the gymnasium was already filled beyond the capacity allowed by law.

Eventually Moderator Loud asked the nonvoters to relinquish their seats so voters could be seated and the special town meeting could commence. Many nonvoters would not oblige and therefore, Moderator Loud had a microphone placed on the lawn of the gymnasium so those having to remain outside could hear.

At the beginning of the meeting the checkers at the door informed the Constables that four hundred forty one voters had been checked off. This number in a very short time increased to 509 and this is an all time high. Prior to this the largest town meeting had been in 1983 when 362 voters had been recorded as having attended.

The moderator called the meeting to order and introduced State Representative Howard C. Cahoon who is up for reelection in November and the other candidate for the same office William Litchfield also of Chatham.

Moderator Loud announced that he would act on Article 32 first-

Article 32. Voted to transfer from Surplus Revenue the sum of Thirty-Five Thousand Dollars ($35,000.00) to be used with State Grant Funds for the purpose of performing additional Wastewater Facility planning and to apply for grant funds.

Moderator Loud permitted a Mr. Michael Costa from the firm of Camp, Dresser and Magee to speak on the above article.

Moderator Loud again announced that articles would not necessarily be acted upon as they appeared in the Warrant but in the order he selected.

Article 24. This article generated a great deal of interest and Moderator Loud permitted some nonvoters to speak on it. He allowed Mr. Charles Parker and Mr. Raymond V. Frazio an Edgartown resident and non-voter to speak.

Several amendments were offered and a final standing vote of 353 yes and 78 no it was passed as follows:

"voted to allow the Vietnam Veterans to erect and maintain a monument to said veterans in Ocean Park. Said monument

to be a stone approximately 5' x 2' x 5' with a plaque affixed thereto. And situated next to the present war memorials, if feasible, under the direction of the Park Commissioners of the Town of Oak Bluffs."

Article 39. The discussion on this article began at 8:20 p.m. Moderator Loud allowed many nonvoters to speak on this article. Mr. Robert Wheeler, President of the Martha's Vineyard National Bank made the opening remarks and he was followed by others whom the Martha's Vineyard National Bank had requested permission of the Moderator for them to address the gathering. Mr. Edward Redstone, Chairman of the Martha's Vineyard National Bank made a brief statement to the audience.

Moderator Loud informed the gathering that he was going to call for an "Australian Ballot" on this article.

The voters assembled in five separate lines and cast their votes as follows:

No	241
Yes	245

Therefore, this article was defeated as it required a ⅔rds vote to pass.

At this point the Moderator recognized John Bradford, the Chairman of the Oak Bluffs Planning Board and Mr. Bradford requested that the following zoning Articles be withdrawn as they were related to Article 39 which had just failed. Therefore-Articles 40, 41 and 42 were withdrawn.

It should be further noted that the following Articles were withdrawn from the Warrant for this Special Town Meeting: Articles 9, 19, 20, 27, 30, 34 and 35.

Article 21. Voted to name the Oak Bluffs Town Hall Building "The Everett A. Rogers Municipal Building" Moderator Loud requested a standing vote on this article after voters questioned his having declared it had passed by a voice vote.

Yes	125
No	64

Article 1. Voted as amended to take these funds from Surplus Revenue to pay for the Impact Study that is now underway. ($8,500.00)

Article 2. Voted to defeat this Article.

Chapter XV, Section 1
the Building Official shall appoint an inspector of gas piping and gas appliances.

Article 4. Voted to change the Oak Bluffs By-laws as follows:
Chapter XVI, Section 1
the Building Official shall appoint a plumbing inspector

Article 5. Voted to authorize the Treasurer and Collector to enter into Compensating Balance Agreements during Fiscal 1987, as permitted by General Laws, Chapter 44, Section 53-F.

Article 6. Voted to transfer from the appropriation "Interest on Bonded Debt" the sum of $2,613.07 relative to interest due on the Rehabilitation of the Harbor-Phase II.

Article 7. Voted to transfer from Surplus Revenue the sum of $3,000.00 as the Town's matching share of the Medicare Portion of the Federal Insurance Contribution Act Tax which has been imposed on Municipalities and their employees.

Article 8. Voted to allow the Board of Selectmen to grant an easement to Commonwealth Electric Company for the installation and maintenance of an overhead electric system on land of the Town of Oak Bluffs as shown on a plan recorded with the County of Dukes County Registry of Deeds being Oak Bluffs Case File No. 55. The easement is to be 20 feet in width, and is to be established by the erection of said line over the northerly side of Bellevue Avenue.

Article 10. Voted to accept the provisions of Section 40 of Chapter 71 of the General Laws, as amended by Chapter 188 of the Acts of 1985 and to increase all teacher's salaries at the Oak Bluffs School and the Martha's Vineyard Regional High School to at least $18,000.00 per year.

Article 11. Voted to transfer from Surplus Revenue the sum of $500.00 for expenses for the Arts Council.

Article 12. Voted to transfer from Surplus Revenue the sum of $14,510.00 to be expended under the provisions of Chapter 140, Acts of 1985, which provides for State Aid to Highways, and is reimbursable to the Town by the Commonwealth.

Article 13. Voted to transfer from Surplus Revenue the sum of $4,837.00 the town's share, to be expended under the provisions of Chapter 140, Acts of 1985, which provides for State Aid to Highways.

Article 14. Voted to amend the General Government budget voted at the 1986 Annual Town Meeting to read: Selectmens' Salaries and not as printed.

Article 15. Voted to amend the Highway Department budget voted at the 1986 Annual Town Meeting-
Highway Department now reads-
Town Carpenter's Salary $800.00
Town Mechanic's Salary $800.00
And it should read:
Town Carpenter's Expenses $800.00
Town Mechanic's Expenses $800.00

Article 16. Voted to transfer from the appropriation ''Collection of Offal'' the sum of $2,000.00 to the appropriation ''Highway Department Salaries and Wages''.

Article 17. Moderator Loud announced this Article required a 9/10ths vote to pass and he declares it to be an unanimous vote- to transfer from Surplus Revenue the sum of $9,407.39 to pay bills of a prior fiscal year for various departments within the town government.

Article 18. Voted to transfer the sum of $5,000.00 from the line item ''Insurance'' to-
Self Insurance Fund $2,000.00 for the $1,000.00 Property Damage Deductible on the Town's Fleet Insurance and $3,000.00 for the non purchase of collision coverage for most of the town vehicles.

Article 22. Moderator Loud again announced that this Article would require a ⅔rds vote to pass-
Standing vote:

Yes	86
No	4

FINANCE COMMITTEE

To the People of Oak Bluffs:

Although the town is presently in good fiscal shape, the Finance Committee will continue to do everything in its power to make sure we stay that way. Proposition 2½ is a voter mandate to held the line on spending. And, we thank all the department heads for keeping this in mind - and we urge them to live within their budgets.

In the calendar year of 1986 the Finance Committee met on nineteen different occasions. We are presently working on preparing new budget forms to give the Committee and the department heads a better overview of their spending and expenses.

Once again the Finance Committee reminds all of you that we support the efforts of the Personnel Board and the Impact Study. This study was done by an outstanding firm nationally known. As in all studies there are always those who are pleased and those who are not. However, we must not deviate from the report or the whole concept of it is lost.

Please remember this if in fact department heads and town employees come before you at town meeting.

I personally had the opportunity to serve on the Personnel Board during the early part of 1986 due to a vacancy. This was a great learning experience. At that time there were only two members remaining on the Board, June Rose a Selectmens' appointee and Louis Votta a Finance Committee appointee. The other positions were vacant or the members were away on extended vacations. I worked along with the two other members many a night into the early hours of morning. I truly believe this Board needs to be congratulated.

We, the members of the Finance Committee, were pleased with your support last year and we once again ask you to help us hold the line.

Our meetings are posted and we invite you to attend.

Respectfully submitted,

KENNETH N. RUSCZYK
Chairman

1987-88 **OAK BLUFFS PERSONNEL BY-LAWS**

Section 1 PURPOSE AND AUTHORIZATION

(a) Positions in the service of the Town, other than those filled by popular election, those covered by Collective Bargaining Agreement, and those under the direction and control of the school committee are hereby classified into groups and classes on the basis of substantially similar work or substantially equal responsibilities.

(b) These groups and classes which appear in Schedule A in the Supplement to this By-Law are collectively designated as the ''Classification Plan'' which is supported by a class specification for each class title as described in Section 2.

(c) The Classification Plan shall be the means of identification of a position for the purpose of determining the status of its incumbent employee for pay purposes under a ''Compensation Plan'' as described in Section 2.

(d) The basic guidelines for personnel administration relating to these positions and their incumbent employees subject to the ''Classification Plan'' are consolidated in this By-Law and procedures for their implementation set forth in rules and regulations of the Personnel Board.

(e) Authorization for the provisions of this By-Law is Chapter 41 of the General Laws, Sections 108A and 108C plus current and future legislation which mandates or which mandate provisions relating to municipal personnel administration in Massachusetts.

Section 2 DEFINITIONS

As used in this By-Law, the following words and phrases shall have the following meanings unless a different construction is clearly required by the context or by the laws of the Commonwealth:

''Employer'', the Town of Oak Bluffs

''Town'', the Town of Oak Bluffs

''Board'', the Personnel Board as defined in Section 3

''Classification Plan'' class titles in Schedule A in the Supplement to this By-Law plus class specifications which are on file with the Personnel Board and which are hereby incorporated by reference.

''Class'', a group of positions in the Town service sufficiently similar in respect to duties and responsibilities so that the same descriptive title may be used to designate each position allocated to the class, that the same quailifications shall be required of the incumbents, that the same tests of fitness may be used to choose qualified employees and that the same scale of compensation can be made to apply with equity.

''Position Class'', same as Class (a class may include only one position in which event it is defined as a ''single position class'').

''Group'', an occupational group or classes appearing in Schedule A in the Supplement to this By-Law.

''Department Head'', the officer, board, or other body having immediate supervision and control of a department.

''Department'', any department, board, committee, commission or other agency of the Town subject to this By-Law.

''Administrative Authority'', the elected official or board, or the appointed official having jurisdiction over a function or activity.

''Appointing Authority'', same as ''Administrative Authority''.

''Full-time Employment'', employment for not less than seven hours per diem for five days a week for fifty-two weeks per annum, minus legal holidays and authorized military leave, vacation leave, sick leave, bereavement leave, court leave, and leave of absence.

''Part-time Employment'', employment for less than full-time employment, as defined above.

''Continuous Employment'', employment uninterrupted except for required military service and for authorized vacation leave, sick leave, bereavement leave, court leave or other leave of absence.

''Full-time Employee'', an employee retained in full-time employment.

''Part-time Employee'', an employee retained in part-time employment.

''Position'', an office or post of employment in the Town service with duties and responsibilities calling for a full-time or part-time employment of one person in the performance and exercise thereof.

''Permanent Position'', any position in the Town service which has required or which is likely to require the services of an incumbent without interruption for a period of twelve calendar months, either on a full-time or part-time employment basis.

''Probationary Period'', the first six months of employment.

''Permanent Employee'', an employee retained on a continuing basis in a permanent position as defined above.

''Temporary Position'' or ''Seasonal Position'', any position in the Town service which requires or is likely to require the services of one incumbent for a period not exceeding six calendar months, either on a full-time or part-time employment basis.

''Temporary Employee'', an employee retained in a temporary or seasonal position as defined above.

''Intermittant Service'', personal service rendered by an employee in a position calling for part-time employment, which services although constituting continuous employment is not rendered during prescribed working hours, daily, weekly, or annually, but is rendered as required, according to the demands for such service.

''Casual Service'', personal service rendered by an employee in a position calling for part-time employment, which service does not constitute continuous employment. This service is rendered occasionally and without regularity according to the demands therefore.

''Full Pay Status'', employment for not less than seven hours per diem for five days a week for fifty-two weeks per annum and including approved military leave, vacation leave, sick leave, bereavement leave, court leave and scheduled days off.

''Compensation Plan'', Schedules for full-time and for part-time, seasonal (or temporary) positions. These Schedules appear in the By-Law Supplement.

''Rate'', a sum of money designated as compensation for hourly, weekly, or annual personal services.

''Minimum Rate'', the rate in a range which is normally the hiring rate of a new employee.

''Entrance Rate'', the minimum rate or other rate authorized as the hiring rate for a new employee.

''Maximum Rate'', the highest rate in a range which an employee normally is entitled to attain.

''Range'', the dollar difference between minimum and maximum rates.

''Personal Rate'', a rate above the maximum rate applicable only to a designated employee.

''Step Rate'', the rate in the range of a compensation grade.

''Increment'', the dollar difference between step rates.

''Promotion'', a change from a position of lower class and compensation grade to a position with greater responsibilities in a higher class and compensation grade.

Section 3 PERSONNEL BOARD

(a) There shall be an unpaid Personnel Board consisting of five members to be appointed as follows:
One Member by the Moderator. The initial appointment shall be for one year.
Two Members by the Board of Selectmen. The initial appointments shall be:
one for two years, one for three years.
Two members by the Finance Committee. The initial appointment shall be:
one for two years, one for three years,
except that the original appointments shall expire on April 30th and new or reappointments shall become effective May 1st and shall be for a period of three years. A member may be reappointed. In the event of a vacancy on the Board, it shall be filled by the same appointing authority for the unexpired term.

(b) In making these appointments, the appointing authority shall give consideration to the personal qualifications of those citizens who will best meet the responsibility of the Board to represent both Town employees and taxpayers. If possible, the make-up of the Board shall consist of members professionally qualified who are familiar with the principles and experienced in the methods and practices of labor relations and personnel administration.

(c) The Board shall be vested with all of the power and duties specified in the General Laws of the Commonwealth, Chapter 41, Section 108C.

(d) The Board shall be vested with the authority to promulgate such rules and regulations as are necessary for the proper administration of the Classification and Compensation Plans.

(e) The Personnel Board shall appoint a Personnel Assistant who shall be responsible for the administration of the Classification and Compensation Plans and such rules and regulations regarding the Plans as may be promulgated by the Personnel Board. The Personnel Assistant shall maintain adequate personnel records of all employees occupying positions subject to the Classification and Compensation Plans. He or she shall furnish the Board with information.

(f) The Personnel Assistant shall record decisions of the Board which are rendered on matters covered by Section 4, paragraph (d) and Section 5, paragraph (b) and advise the affected department and employee in each instance.

(g) An employee aggrieved by a decision of his or her department head or the administrative authority having jurisdiction over the department or office to which he or she is assigned may appeal such decision to the Personnel Board by filing with the Personnel Assistant a written notice of appeal within ten days after being notified of the decision.

(h) The Board upon receipt of notice of appeal by the Personnel Assistant shall fix a reasonable time, not later than fifteen days, excluding Saturdays, Sundays, and holidays, for the hearing of any appeal and shall cause notice of the time and place of such hearing thereof to be given by the Personnel Assistant to the appellant, department head and administrative authority if said administrative authority is other than the department head.

(i) The Board may adopt rules and regulations, not inconsistent with the provisions of the By-Laws of the Town, for the conduct of any hearing before it.

(j) After a hearing on an appeal for which it has accepted jurisdiction, the Board shall affirm, reverse, or amend in whole or in part the decision of the department head or administrative authority if the decision pertains to a matter covered by the Personnel By-Law or recommend a course of action if the matter is not covered by the By-Law. The Board's decision on an appeal covering a matter included in the Personnel By-Law shall be final, conclusive and binding on all parties; a copy of the Board's decision shall be forwarded promptly by the Personnel Assistant to all interested parties.

(k) The Personnel Assistant shall attend meetings of the Board but shall not be entitled to vote.

(l) Forthwith after its appointment and annually, the Board shall meet and organize by electing a chairman. A majority of the Board shall constitute a quorum for the transaction of business. A majority of the Board

shall determine the action the Board must take on all matters which it is authorized or required to act upon under this By-Law.

(m) The Board may appoint a clerk, employ other assistance and incur expenses as it deems necessary, subject to the appropriation of funds therefore.

(n) The Board from time to time, of its own motion, shall investigate the work features and rates of salaries or wages of any or all positions subject to the provisions of this By-Law. Such reviews shall be made at such intervals as the Board deems necessary and, to the extent which the Board considers practicable, shall include all occupational groups in the Classification Plan.

(o) The Board shall maintain written job descriptions or specifications of the classes in the Classification Plan, each consisting of a statement describing the essential nature of the work and the characteristics that distinguish the class from other classes. The description for any class shall be construed solely as a means of identification and not as prescribing what the duties or responsibilities of any position shall be, or as modifying, or in any way affecting, the power of any administrative authority, as otherwise existing, to appoint, to assign duties to, or to direct and control the work of any employee under the jurisdiction of such authority.

(p) The Board shall make an annual report in writing to the Board of Selectmen, the Moderator, and the Finance Committee for Annual Town Meeting.

(q) The Board of its own motion may propose an amendment to the plans or other provisions of this By-Law.

Section 4 CLASSIFICATION PLAN

(a) All positions in the service of the Town except those excluded in Section 1 are hereby classified by titles appearing in Schedule A of the Supplement. These class titles with supporting class specifications shall constitute the Classification Plan for paid Town service, within the meaning of Section 108A of Chapter 41 of the General Laws as amended.

(b) The Personnel Assistant shall maintain a file of written class specifications (or job descriptions) as described in Section 3, paragraph (o).

(c) The title of each class, as established by the Classification Plan shall be the official title of every position allocated to the class and the official title of each incumbent of a position so allocated, and shall be used to the exclusion of all others on payrolls, budget estimates, and other official records and reports pertaining to the position.

(d) If a new position is authorized and funded, or if the duties of a previously authorized position are changed so that a position class currently existing in the By-Law does not, in the opinion of the Personnel Board, describe the new or changed position, it shall recommend a new position class under an appropriate title, supported by an appropriate class specification, together with its recommended compensation grade. The recommendation shall be proposed as an amendment to the By-Law at the next Town Meeting.

(e) The Classification Plan may be amended by an Annual or a Special Town Meeting.

(f) Subject to the availability of funds in the department, at the request of the department head in case of urgent need, the Personnel Board may approve a new position class and an appropriate pay rate until the next Town Meeting.

Section 5 COMPENSATION PLAN

(a) The Compensation Plan, as defined in Section 2, shall determine the range of salary or wage rates or the specific rates for position classes in the Classification Plan. If a range is provided, it will designate the minimum or entrance or hiring rate and the maximum rate for all positions allocated to the class.

(b) However, upon the recommendation of a department head, supported by evidence in writing of special reasons and exceptional circumstances, the Personnel Board may authorize a hiring rate above the minimum for the range subject to the availability of funds.

(c) The Personnel Assistant shall approve all payroll changes authorized by the Personnel Board prior to their implementation and shall approve only those which are authorized by the Compensation Plan.

(d) A full-time employee shall be eligible to receive the increment between his or her present rate and the next higher step rate to and including the maximum as follows:

1. After one year of employment on their anniversary date and every anniversary date thereafter.
2. If an employee transfers from one department to another, his anniversary date shall remain the same.
3. Increase in rate which this increment represents must be recommended by the employee's department head and approved by the Personnel Board upon receipt of a job evaluation.
4. Increase shall be based on the employee's performance during the preceding twelve-month period and not solely on length of service.

(e) Similarly, a part-time employee, if and while in continuous employment, shall be eligible to receive the increments determined by the relationship of his or her part-time to full-time employment, between his or her present rate and the next higher step rate to and including the maximum on the same basis as the full-time employee.

(f) An employee receiving a promotion to a vacant position or to a new position as defined in Section 4 (d) shall upon assignment resulting from such promotion receive the rate in the compensation grade of the vacant or new position next above his or her existing rate.

(g) The employee who is transferred to a similarly rated position shall enter the position at his or her rate in the position from which he or she transferred.

(h) An employee who is denied a salary or wage increment under paragraphs (d) or (e) may appeal to the Personnel Board.

(i) The Compensation Plan may be amended by an Annual or by a Special Town Meeting.

(j) No Town employee may receive additional pay for work performed during the same hours for which they are being paid in the regular position except as follows:

1. Emergency Medical Technicians (EMT) in an emergency situation.

(k) The Police Sergeant's salary shall be established at a rate of 1.15 times that of the highest paid patrolman.

Section 6 AMENDMENT OF THE CLASSIFICATION OR COMPENSATION PLAN

(a) An amendment of either Plan may be made if it has been presented by a signed petition of 50 registered voters to the Personnel Board and acted upon by the Board. Upon receipt of such petition, the Board, after giving the petitioners and the heads of the departments affected at least three days written notice, shall hold a hearing for the parties interested to consider the proposed amendment.

(b) If the Personnel Board shall fail to act on an amendment so presented within fifteen days after the hearing thereon, the Board shall be deemed to have disapproved the amendment. The petition may then be presented to the Town Meeting, if so desired.

(c) The Finance Committee shall report to Town Meeting as part of its estimates of Town expenditures the impact of a proposed amendment which is approved by the Personnel Board together with such recommendation or recommendations as the Finance Committee deems expedient.

(d) The Personnel Board shall make its recommendation to each Annual Town Meeting relative to cost of living increases for Town employment, or take any other action relative thereto.

Section 7 SCHEDULES

The class titles in the Classification Plan grouped according to occupations or departmental assignments and designated as to the compensation grade to which each such title is allocated and the appropriate Schedules making up the Compensation Plan appear in a Supplement to this By-Law.

These Schedules will be updated each year as soon as is practicable following approval by a Town Meeting of any changes therein. It is important that reference be made to the latest Supplement which will be designated by fiscal year. It is suggested that the current Supplement be inserted in this copy of the By-Law as soon as received.

Each administrative authority shall include in its estimates, required by the provisions of Section 59 of Chapter 41 of the General Laws, a pay adjustment section setting forth in detail the amounts which will be required for anticipated pay adjustments during the ensuing year and shall furnish a copy thereof to the Board.

Section 8 PHYSICAL EXAMINATION

Before appointment to a permanent position in the Classification Plan, a candidate shall have passed a physical examination satisfactory to the Board on a form provided by the Personnel Assistant. The candidate may arrange for such examination to be conducted by a physician of his or her own choice but the examination shall be at the expense of the Personnel Board. If no choice is indicated, the examining physician shall be appointed by the Board.

The Board similarly require that a candidate for a seasonal position pass a physical examination. If required, the examination shall be at the expense of the candidate. The examining physician shall advise the Board as to whether, in his or her opinion, the applicant is physically qualified to perform the duties of the position for which application has been made.

Section 9 WORK WEEK

The work week for full employment in each occupational group shall be as follows:

WORK WEEK	OCCUPATIONAL GROUP
35 (a)	Clerical group/Electrician
15 or 26 (b)	Library group
40 or 48 (c)	Labor group
*40 and As required (d)	*Police Chief
	*Highway Superintendent
	*Water Superintendent
	*Building Inspector
	*Shellfish Constable
	Harbormaster
	Assistant Harbormaster
40 (e)	Police

(a) For work performed in excess of 40 hours, the employee will be granted compensatory time off limited to 15 day accrual.

(b) The work week is adjusted seasonally to reflect the difference in circulation and the demand for other Library services. The employee is compensated at an hourly rate for hours worked.

(c) For work performed in excess of 40 hours, the employee will be paid at time and a half.

(d) "As Required" shall mean the total number of hours in the work week needed to perform the duties of the position as determined by the appropriate administrative authority and compensatory time off may be granted upon recommendation of the administrative authority limited to 15 day accrual.

(e) The basic work week shall be within a work period of a least 7 and not more than 28 consecutive days.

(f) Each full-time and permanent part-time employee shall only be allowed a 15 minute coffee break in the A.M. and a 15 minute coffee break in the P.M.

(g) Department heads shall notify their administrative (appointing) authority when taking time off.

Section 10 PAID HOLIDAYS

(a) The following days or dates shall be recognized as legal holidays within the meaning of the By-Law:

New Year's Day.....First day of January
Martin Luther King Day.....15th day of January
Washington's Birthday.....Third Monday in February
Patriot's Day.....Third Monday in April
Memorial Day.....Last Monday in May
Independence Day.....4th of July
Labor Day.....First Monday in September
Columbus Day.....Monday in October so proclaimed
Veteran's Day.....11th of November
Thanksgiving Day.....Thursday in November so proclaimed
and The Friday immediately following Thanksgiving Day
Christmas Day.....25th of December

on which days or dates employees shall be excused from all duty not required to maintain essential Town services.

(b) Every employee in full-time employment shall be entitled to these designated holidays on the following terms:

1. If paid on an hourly basis he or she shall receive one days pay at his or her regular rate based on the number of hours regularly worked on the day on which the designated holiday occurs;
2. If paid on a weekly, monthly, or annual basis, he or she shall be granted each designated holiday without loss of pay.

(c) Payment under the provisions of this section shall be made provided the eligible employee shall have worked on his or her last regularly scheduled working day prior to and his or her next regularly scheduled working day following such holiday, or was in full pay status on such preceding and following days in accordance with other provisions of this By-Law.

(d) An employee, unless occupying occupational group (d) "As required", who performs work on one of the days or dates designated in paragraph (a) shall be compensated at double-time.

(e) Whenever one of the holidays set forth in paragraph (a) falls on a Saturday or a Sunday, the following work day shall be the legal holiday.

(f) A part-time employee in continuous employment shall be entitled to these designated holidays provided that such holiday occurs on a scheduled work day for that employee and provided that the employee has completed two hundred hours of scheduled work within a twenty-six week period of each calendar year, and shall be paid on the same basis as the full-time employee described in paragraph (b).

Section 11 VACATION LEAVE

(a) An employee in full-time employment who has completed one year of continuous employment shall be granted two weeks paid vacation within a year.

(b) An employee in full-time employment occupying a position in the Classification Plan who has completed five (5) years of continuous service shall be granted three weeks vacation. An employee in full-time employment occupying a position in the Classification Plan who has completed ten (10) years of continuous service shall be granted four weeks vacation within a fiscal year.

(c) Vacation allowance granted under paragraph (b) shall not be taken consecutively with that granted under paragraph (a) unless approved by the appropriate administrative authority.

(d) Vacation eligibility and allowance to be granted to employees in part-time employment shall be determined by the Personnel Board at the request of the appropriate administrative authority.

(e) An employee who has earned more than two weeks vacation credit may carry over one week of such leave into the next fiscal year. Request for such extension should be made to the employees department head, who may grant the request, subject to authorization by the Board of Selectmen.

(f) Upon the death of an employee who is eligible for a vacation under these rules, payment shall be made to the estate of the deceased, or other qualified person under statute, in an amount equal to the vacation allowance as earned in the vacation year prior to the employees death but which had not been granted.

(g) Employees who are eligible for vacation under these rules and whose services are terminated by dismissal through no fault or deliquency of their own, or by retirement, or by entrance into the armed forces, shall be paid an amount equal to the vacation allowance as earned and not granted, in the vacation year prior to such dismissal, retirement, or entrance into the armed forces.

(h) Absences on account of sickness in excess of that authorized under the rules therefore or for personal reasons not provided for under sick leave may, at the discretion of the department head, be charged to vacation leave, however, sick time cannot be used as vacation time.

(i) An employee shall be granted an additional day of vacation if while on vacation leave a designated holiday occurs.

(j) A week of paid vacation is the normal five day work week.

(k) Reported illness during vacation shall be considered sick leave if validated by physician. A full-time employee on leave without pay and/or absent without pay for fifteen or more cumulative days in any year shall have his/her vacation leave earned that year reduced by the percent determined by dividing the days without pay by the scheduled work days in the year and will permanently lose one year continuous service for the purpose of vacation credit.

Section 12 SICK LEAVE

(a) Sick leave shall not be granted during the first six months of employment.

(b) Following six months of employment, the employee shall be allowed sixteen days leave with pay each fiscal year, provided such leave is caused by sickness or injury or by exposure to contagious disease or for medical or dental care.

(c) At the beginning of the seventh month of employment, the employee shall be credited with 8 days of sick leave for the six months probationary period, and shall earn 1⅓ days for each full calendar month of employment thereafter. An employee on any leave with pay or industrial accident leave shall accumulate sick leave credits.

(d) The employee may accumulate sixty days of sick leave credit which may be used during his or her employment by the Town but which is not convertible to equivalent salary or wages if the employee's services are terminated.

(e) Accumulative unused sick leave shall be retroactive to July 1, 1975.

(f) At the request of the employee, three continuous days of accumulated sick leave credit may be used in the event of serious illness in his or her immediate family - parent, spouse, or child.

(g) The Personnel Board is authorized to grant such additional allowance as it may determine to be equitable after reviewing the recommendation of the department head and all other circumstances, including the employee's attendance and performance record.

(h) Vacation and all other unused leave must be used up before justified extensions of sick leave are granted in the case of non-service connected injury or illness. Sick leave extensions granted by the Personnel Board in the case of service or non-service connected injury or illness shall not jeopardize an employees accumulative eligibility.

(i) Sick leave must be authorized by the department head and shall be reported to the Personnel Assistant on a form which will be provided by the Personnel Board.

(j) A physician's certificate of illness, if deemed necessary by the department head, may be requested for verification before leave is granted under the provisions of this Section.

(k) In the event an employee who is eligible to receive compensation under the provisions of this Section is eligible to receive Workmen's Compensation payments, compensation granted under the provisions of this Section shall be limited to the difference between the amount paid in Workmen's Compensation and the employee's regular rate.

(l) Payments under the provisions of the Section may be granted to employees in permanent part-time employment. A permanent part-time employee shall be granted sick leave credits in the same proportion that his/her part-time service bears to full-time service.

(m) If the department head does not deem it appropriate to authorize sick leave, the employee may appeal to the Personnel Board as authorized in Section 3, paragraph (g).

(n) Nothing in this Section shall be construed to conflict with Section 100 of Chapter 41 of the General Laws.

(o) A full-time employee shall not accrue sick leave credits for any month in which he/she was on leave without pay or absent without pay for a total of more than one day.

(p) Sick leave must be charged against unused sick leave credits in units of one-half or full hours, but in no event may the sick leave credits be less than the actual time off.

Section 13 BEREAVEMENT LEAVE

Emergency leave up to five (5) consecutive days may be allowed for death in an employee's immediate family. Immediate family is defined as: spouse or child. Three (3) days may be allowed for (step-foster) parent, parent-in-law, brother, sister, and grandparents of the employee.

Section 14 COURT LEAVE

(a) An employee in full-time employment required to serve on a jury shall be paid the difference between compensation received from jury duty and the regular compensation rate paid the employee by the Town unless otherwise provided by statute.

(b) An employee in full-time employment shall be paid the difference between compensation received as a witness and the regular compensation rate paid to the employee by the Town for not more than three days per year for attendance as a witness required by subpoena before a court or administrative tribunal. This shall not apply where the employee is a party to the litigation except in a work-related case where the employee and the Town have a community of interest.

Section 15 MILITARY LEAVE

An employee in full-time employment who is in the military reserve shall be paid the difference between compensation received while on reserve duty and the regular compensation rate paid the employee by the Town. This provision shall be limited to seventeen days and shall be granted by the Personnel Board upon presentation by the employee of a copy of order received to perform such reserve duty.

Section 16. PERSONAL LEAVE

An employee in full-time employment, after completion of the six-month probationary period, shall be eligible for personal leave of one paid day per year, non-cumulative, for important personal affairs such as required court appearance not covered by Section 14, attending a graduation, marriage, or other religious ceremony or a close relative or as a party to a real estate transaction. A request for such leave shall be subject to approval by the department head and the Personnel Board and shall be made not less than seventy-two hours in advance except in case of an emergency.

Section 17 OTHER LEAVE

(a) Unpaid leave may be granted for a period not to exceed 6 months but may be extended for 2 additional 3 month periods to enable an employee to accomplish an objective which may also benefit the Town such as completion of a year of additional education. Application should be submitted to the Board through the employee's department head. The Board shall base its decision on:

1. Reason for the request.
2. Potential for this reason increasing the employee's qualifications as an employee of the Town of Oak Bluffs in his or her current position or for future promotion.
3. The Town's ability to absorb the employee's work load without hiring a replacement or its potential ability to hire a replacement with the understanding that such replacement's service is limited to the employee's absence.

(b) A full-time female employee who has completed her probationary period and who is absent from her employment with the Town for a period not exceeding 12 weeks (90 days) for the purpose of giving birth shall be granted a maternity leave without pay if her request for such leave is made to the department head at least four (4) weeks in advance of the anticipated date of departure.

1. The employee on maternity leave will at least one month before the end of such leave, inform the department head of her intent to return to work on the expected date or submit her resignation in writing if she does not plan to return.
2. At the expiration of the maternity leave, the employee will be restored to her previous position or similar position with the same pay, status, and length of service credit as the date of her leave.
3. If any employee has accrued sick leave or vacation credits at the commencement of her maternity leave, she may use such leave credits for which she may be eligible under the sick leave or vacation provisions of the Personnel By-Laws and that sick leave may be used for prenatal care.
4. Not withstanding any other provision of this agreement to the contrary, the maternity leave granted under this section shall not affect the employee's right to receive any contractual benefits for which she was eligible at the time of her leave.

Section 18 AFFIRMATIVE ACTION POLICY

The Town of Oak Bluffs supports the objectives of equal opportunity in all phases of personnel actions without regard to race, color, creed, sex, national origin, and/or age, and adheres to the requirements of federal and state legislation and executive orders to prevent discrimination.

The Personnel Board will monitor compliance with the letter and spirit of this policy. The Board, if necessary, will determine the need for remedial action and submit its recommendation to the Board of Selectmen.

Section 19 EMPLOYMENT SECURITY

Upon receipt of notice of such claim, the Personnel Assistant shall proceed immediately to make an initial determination as to whether it is proper or improper and advise the Personnel Board as to his or her conclusions.

The Board shall accept the conclusions of the Personnel Assistant or shall review his or her records, mandated by Section 3 (e), and determine the validity of the claim, in the Board's opinion. This opinion must be submitted to the Selectmen in time for the Town to return within 7 days to the Division of Employment Security the separation and wage information which will be requested, and by doing so, avoid the penalties which the law mandates.

Appropriate forms for maintaining the essential personnel records will be prepared as part of the Board's rules and regulations authorized by Section 3 (d).

In addition, the Personnel Board may under these rules and regulations, develop procedures to be followed when a new Town employee is hired. These procedures would include, but would not necessarily be limited to, an interview with the new employee to be conducted by the Personnel Assistant in which the conditions of his or her employment are explained in detail, particularly employment in a seasonal, part-time or temporary position or employment in a full-time position during the six (6) month probationary period.

This interview and all processing of employment forms would be completed before approval is submitted to the Town Accountant to place the name of the new employee on the Town's payroll.

Section 20 EFFECT OF PARTIAL INVALIDITY

The invalidity of any section of this By-Law shall not invalidate any other section or provision thereof.

Section 21 REPEAL OF INCONSISTENT BY-LAWS, RULES AND/OR REGULATIONS

All prior By-Laws, parts of By-Laws, rules, regulations, or Town Meeting votes which may be in conflict with provisions of this By-Law are hereby repealed or rescinded.

Section 22 HIRING PROCEDURE

(a) All vacancies for Town positions shall be posted on the Town Hall bulletin board and also advertised in the local paper(s) for a period of two weeks prior to filling the position.

(b) In case of emergency; the provisions of paragraph (a) may be avoided if written justification is submitted to the Personnel Board within one week after the emergency hiring takes place.

Section 23 DISCHARGE OR SUSPENSION

Except in the case of reappointments of personnel to positions covered under the laws of the Commonwealth of Massachusetts, the Employer shall not discharge or suspend any permanent employee without just cause and without immediate notification which must include the reasons for such discharge or suspension.

Except in the case of discharge or suspension of a permanent employee for insubordination, or the use of illegal drugs, or narcotics, or dishonesty in any form, drunkeness, the Employer, as a condition precendent to such discharge or suspension, must have given at least three (3) warning notices of specific complaints against such employee to the employee in writing with a copy to the employee, appointing authority, Board of Selectmen, and the Personnel Board.

LONGEVITY COMPENSATION

In addition to compensation determined by Schedule B, a permanent employee occupying a position listed in Schedule A, shall receive compensation at the annual rates and for the length and conditions of employment listed below:

For continuous permanent employment beginning on the tenth year and continuing through the fifteenth year of employment.....$300.00

For continuous permanent employment beginning on the sixteenth year and continuing through the twentieth year of employment.....$400.00

For continuous permanent employment beginning on the twenty-first year and continuing through the twenty-fifth year of employment.....$500.00

For continuous permanent employment beginning on the twenty-sixth year of employment.....$600.00

Payment shall be made some time in December each year to the eligible employee whose anniversary date occurs during the preceding twelve months and shall be paid to the otherwise eligible employee whose services terminate during this period, or in the event of the death of the employee, or former employee, to the estate of the deceased or other qualified person under statute.

NOTE: Elected officials shall receive the same longevity privileges previously granted to the Town employees.

Article 12. To see if the Town will vote to approve certain amendments to Chapter 736 of the Acts of 1985, "An Act Establishing the Dukes County Land Bank," to add various provisions regarding the issuance of bonds and notes by the Martha's Vineyard Land Bank and make other changes, all as set forth in the amendments which accompany this warrant, or take any other action relative thereto. (Martha's Vineyard Land Bank Article).

AN ACT AMENDING THE LAW ESTABLISHING THE MARTHA'S VINEYARD LAND BANK

Be it enacted, etc., as follows:

SECTION 1. "Chapter 736 of the acts of 1985 is hereby amended by inserting in section 1 the following definition:- "Legal representative", with respect to any person, shall mean any other person acting pursuant to a written power-of-attorney executed by such person, provided that any affidavit attesting to the true and complete purchase price of real property, submitted to the land bank commission pursuant to section ten, may also be signed on behalf of such person by an attorney admitted to practice in the commonwealth.

SECTION 2. Said chapter 736 is hereby further amended by inserting at the end of the definition of "real property interest" in section 1 the following clause:- unless any real property interest has been transferred to such corporation or partnership for the purpose of evading the fee imposed by section ten.

SECTION 3. Said chapter 736 is hereby further amended by inserting at the end of the first paragraph of section 2 the following sentence:- The land bank is hereby constituted a body politic and corporate and a public instrumentality and the exercise of the powers herein conferred upon the land bank shall be deemed to be the performance of an essential governmental function.

SECTION 4. Said chapter 736 is hereby further amended by striking out the fifth through the ninth sentences of section 3 and inserting in place thereof the following four sentences:- The land bank commission shall elect a chairman and a vice chairman from among its regular members; shall elect a secretary and a treasurer who may be the same person, but who need not be members of the land bank commission; and shall adopt, after holding a public hearing and after requesting recommendations from the town advisory board of each of the six member towns that comprise the commission, rules and regulations for conducting its internal affairs and procedural guidelines for carrying out its responsibilities under this act. The land bank commission shall also adopt a management plan for managing each of its land holdings in a manner consistent with section five. In preparing a management plan for any parcel of land, the land bank commission shall use, as guidelines, the open space and master plans, if any, of the town or towns in which such parcel is located and shall request

the recommendations of the town advisory board of such town or towns; and the adoption or change of any such management plan shall be subject to the approval of at least two-thirds of the members of the town advisory board of each such town or towns. Decisions of the land bank commission shall be by majority vote of those present and voting at a meeting, and no business shall be transacted at any meeting unless a majority of the town representative members is present; provided that decisions to acquire interests in land and to request state approval of any proposed disposition of an interst in any parcel of land or of any change in its use shall require the affirmative vote of at least a majority of the town representative members of the land bank commission. The land bank commission shall keep accurate records of its meetings and actions and shall file an annual report which shall be distributed with the annual report of each member town.

SECTION 5. Said Chapter 736 is herebyfurther amended by striking out the portion of clause (c) of section 4 appearing between the first and second commas therein and inserting in place thereof the following:- but only by a vote of the land bank commission in which at least a majority of the town representative members vote in favor of such taking and further.

SECTION 6. Said chapter 736 is hereby further amended by striking out the following words in clause (e) of Section 4:- or of the county of Dukes County, but only after having authorized to do so in each instance by a two-thirds majority town meeting vote of each town in the county of Dukes County;

SECTION 7. Said chapter 736 is hereby further amended by striking out the word ''and'' appearing immediately before clause (i) of section four thereof, and by inserting after clause (i) of section four thereof the following:-; and (j) adopt such regulations and procedures as it deems necessary or appropriate, subject to the provisions of this act, regarding the use and investment of its funds and the keeping of records and accounts.

SECTION 8. Said Chapter 736 is hereby further amended by inserting after section 4 the following new sections:-

Section 4A. Each member town is hereby authorized to appropriate money to be deposited in the fund as provided in section 8 or to provide funds to repay notes of such member town issued pursuant to section 4C and, when authorized by a two-thirds vote as defined in section one of chapter forty-four of the General Laws, to incur debt of such member town for such purposes in accordance with the provisions of clause (3) of section seven of said chapter forty-four.

Section 4B. The land bank is hereby empowered to issue its bonds and notes, including notes in anticipation of bonds, for the purpose of acquiring land and interests in land as provided in section 4. The proceeds of such bonds or notes may be used to pay, in whole or in part, acquisition costs; to provide reserves for debt service and other expenses; to pay consulting, appraisal, advisory and legal fees and costs incidental to the issuance and sale of such bonds or notes; to purchase, refund or renew bonds or notes previously issued; and to pay any other costs and expenses of the land bank necessary for the accomplishment of its purposes. Bonds or notes issued under this act shall be authorized by the land bank commission which shall have full power and authority to determine the amount, form, terms, conditions, provisions for the payment of interest and all other details thereof and to provide for their sale and issuance at such price and in such manner as the land bank commission shall determine, subject only to any limitations set forth in this act. Unless each member town shall have authorized by a two-thirds vote of a town meeting the pledging of the full faith and credit of such towns to secure an issue of bonds or notes of the land bank, all bonds or notes issued hereunder shall be payable solely from the fees and other revenues of the land bank pledged to their payment and shall not be deemed a pledge of the full faith and credit of any town in the county of Dukes County. Bonds and notes issued hereunder shall not be deemed a pledge of the full faith and credit of the county of Dukes County, the commonwealth or, except as provided in the preceding sentence in the case of member towns, any political subdivision thereof or therein.

The land bank commission may enter into any agreement, including without limitation a loan agreement

and a trust agreement, necessary to effectuate and to secure any bonds or notes issued by the land bank. Such agreements may pledge or assign, in whole or in part, the revenues and other money held or to be received by the land bank. Such agreements may contain provisions for protecting and enforcing the rights, security and remedies of the holders of such bonds or notes, including, without limiting the generality of the foregoing, provisions defining defaults and providing for remedies in the event thereof which may include the acceleration of maturities and covenants setting forth the duties of, and limitations on, the land bank in relation to the custody, safeguarding, investment and application of money, the issuance of additional debt obligations, the use of any surplus proceeds of the borrowing, including any investment earnings thereon, and the establishment of special funds and reserves.

The pledge of any such agreement shall be valid and binding and shall be deemed continuously perfected for the purposes of the Uniform Commercial Code from the time when the pledge is made; the revenues, money, rights and proceeds so pledged and then held or thereafter acquired or received by the land bank shall immediately be subject to the lien of such pledge without any physical delivery or segregation thereof or further act; and the lien of any such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise against any member town or the county of Dukes County, irrespective of whether such parties have notice thereof. No document by which a pledge is created need be filed or recorded except in the records of the land bank and no filing need be made under the Uniform Commercial Code.

The trustee with respect to any such trust agreement entered into pursuant to this section shall be a trust company or a bank having the powers of a trust company within the commonwealth. Any such trust agreement may provide that any money received thereunder may be held, deposited or invested by the trustee, notwithstanding the provisions of section 8, pending the disbursement thereof, in any deposits or investments which are lawful for the funds of savings banks and shall provide that any officer with whom or any bank or trust company with which such money shall be deposited shall act as trustee of such money and shall hold and apply the same for the purposes hereof and thereof, subject to such regulations or limitation as this act or such trust agreement may provide.

It shall be lawful for any bank or trust company within the commonwealth to act as depository of the proceeds of bonds or notes, revenues or other money hereunder and to furnish such indemnifying bonds or to pledge such security, if any, as may be required by the land bank commission. Any trust agreement entered into pursuant to this section may set forth the rights and remedies of the holders of any bonds or notes and of the trustee and may restrict the individual right of action by any such holders. In addition to the foregoing, any such trust agreement may contain such other provisions as the land bank commission may deem reasonable and proper. All expenses incurred in carrying out the provisions of such trust agreement may be (i) treated as part of the cost of operation of the land bank and (ii) paid from the revenues or other funds pledged or assigned to the payment of the principal of and the premium, if any, and interest on the bonds or notes or from any other funds available to the land bank. In addition to other security provided herein or otherwise by law, bonds or notes issued under this section may be secured, in whole or in part, by issuance or by letters or lines of credit or other credit facilities issued to the land bank by any bank, trust company or other financial institution, within or without the commonwealth, and the land bank may pledge or assign any of its revenues as security for the reimbursement by the land bank to the issuers of such letters or lines of credit, insurance or credit facilities of any payments made thereunder.

Section 4C. If at any time any principal or interest is due or about to come due on any bonds or notes of the land bank to secure which the full faith and credit of the member towns shall have been pledged and funds to pay the same are not available, the land bank commission shall certify to each town treasurer and the selectmen of each member town the amount required to meet such obligations and the town treasurer shall thereupon pay over to the land bank the amount so certified from any funds in the treasury. The amount certified to and payable by each member town shall be determined by applying to the aggregate amount so certified a fraction the numerator of which shall be the amount of revenue derived by the land bank from the fee imposed by section 10 upon the transfer of real property interests in such town during the period from the commencement

of operations of the land bank to and including the last day of the month preceding the month in which such certification is made, and the denominator of which shall be the total amount of revenue derived from such fee upon the transfer of real property interests during such period in all the member towns whose full faith and credit has been pledged to secure such obligations. For the purpose of providing or restoring to the treasury the sums so paid over to the land bank, each town treasurer, with the approval of the selectmen, is authorized to incur debt outside the town's debt limit and issue notes therefor for a period not exceeding two years and to renew or refund the same from time to time until the town shall have received from the land bank sufficient funds to repay such notes and the interest thereon in full. Whenever the towns shall have been required to pay over any sums of money to the land bank under this section, the land bank shall be precluded from acquiring any additional property, or issuing any of its bonds or notes for purposes other than repaying the towns, until the land bank shall have repaid the towns in full for all sums paid to the land bank hereunder, including interest on any notes issued for such purpose, unless the towns shall have appropriated sufficient funds for such purpose at a town meeting or meetings.

Section 4D. Bonds and notes issued under the provisions of this act are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commerical departments, savings banks, cooperative banks, banking associates, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds and notes are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the commonwealth for any purpose for which the deposit of bonds or obligations of the commonwealth is now or may hereafter be authorized by law.

Section 4E. Notwithstanding any of the provisions of this act or any recitals in any bonds or notes issued under this act, all such bonds and notes shall be deemed to be investment securities under the Uniform Commercial Code.

Section 4F. Bonds and notes may be issued under this act without obtaining the consent of any department, division, commission, board, bureau or agency of any member town or of the county of Dukes County, except that the full faith and credit of any member town shall not be pledged for the payment of such bonds or notes unless such pledge shall have been authorized by the appropriate two-thirds vote or votes as provided in section four, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required therefor by this act. The validity of and security for any bonds and notes issued by the land bank shall not be affected by the existence or non-existence of any such consent or other proceedings, conditions or things.

Section 4G. The land bank and all its revenues, income and real and personal property used solely by the land bank in furtherance of its public purposes shall be exempt from taxation and from betterments and special assessments and the land bank shall not be required to pay any tax, excise or assessment to or for the commonwealth or any of its political subdivisions. Bonds and notes issued by the land bank, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be exempt from taxation within the commonwealth.

SECTION 9. Said chapter 736 is hereby further amended by inserting the following sentence after the first sentence in section 6:- Nothwithstanding the foregoing, the land bank commission may make improvements to any land held for passive recreational use that are not inconsistent with such use.

SECTION 10. Said chapter 736 is hereby further amended by inserting after the second sentence in Section 8 the following sentence:- Grants or gifts of money or other assets to the land bank shall be expended only for the purposes of the grant or gift and subject to any restrictions or limitations imposed thereon by the grantor or donor thereof.

SECTION 11. Said chapter 736 is hereby further amended by striking out the last sentence of section eight and inserting in place thereof the following:- The county treasurer of said county shall prudently invest available assets of the fund in accordance with the regulations and procedures adopted by the land bank commission pursuant to section four, clause (j), and all income thereon shall accrue to the fund.

SECTION 12. Said chapter 736 is hereby further amended by striking out the last sentence of section 8A and inserting in place thereof the following sentence:- Money in the individual town account of each member town may be expended by the land bank commission, subject to the approval of at least a majority of the members of the town advisory board of such town, for the purchase of land or interests in land permitted by this act, within or outside the borders of such town, or for any other purpose permitted by this act, including the payment of debt service on bonds or notes issued by the land bank hereunder. With the approval of at least two-thirds of the members of the town advisory board of any member town, an agreement entered into under section 4B may pledge or assign in whole or in part, the revenues held in, or to be received for the account of, the individual town account of such town to secure any bonds or notes issued by the land bank for a purpose so approved by the town advisory board.

SECTION 13. Chapter 736 is hereby further amended by striking out the first sentence of section 10 and inserting in place thereof the following two sentences:- There is hereby imposed a fee equal to two percent of the purchase price upon the transfer of any real property interest in any real property situated in a member town or towns. The fee percentage may be reduced by a two-thirds vote in favor of such reduction at the annual town meetings of a majority of the member towns in a single calendar year; provided, however, that no reduction in the fee percentage shall take effect until all bonds and notes of the land bank issued prior thereto pursuant to sectin 4B shall have been paid in full.

SECTION 14. Said chapter 736 is hereby further amended by striking out clause (m) of section 12 and inserting in place thereof the following:- (m) the first one hundred thousand dollars of the purchase price of a transfer made to a natural person who, or whose spouse, at the time of such transfer has at no time owned or possessed any real property interest as defined in section one either within or without any member town, provided that such person makes the real property interest which is the subject of the transfer his or her actual domicile within two years of the time of transfer; provided, further, that in the event of a subsequent transfer within five years of the transfer exempted from the fee under this subsection, other than the transfer of a mortgage to an institutional lender, the fee exempted shall become due, together with accumulated interest and penalties, and in addition to any fee otherwise due as a result of the subsequent transfer. The purchaser shall certify as to the foregoing, and the land bank commission shall attach to the deed a certificate which shall recite the fact that there is running with the land a lien equal to the amount of the fee exempted plus accumulated interest and penalties until such time as all conditions of this subsection have been met. The land bank commission shall have the power, at any time and from time to time, to require any purchaser claiming the exemption provided by this subsection to furnish such evidence of compliance with the requirements of this subsection as the land bank commission shall deem necessary or appropriate. If any requirement or condition of this subsection is not met within the time specified, the amount of the fee exempted plus accumulated interest and penalties shall automatically become due and payable.

SECTON 15. Said chapter 736 is hereby further amended by inserting after section 14 the following sections:

Section 14A. This act, being necessary for the welfare of the member towns and the county of Dukes County and their inhabitants, shall be liberally construed to effect the purposes hereof.

Section 14B. The provisions of this act are severable, and if any provision hereof, including without limitation any exemption from the fee imposed hereby, shall be held invalid in any circumstances such invalidity shall not affect any other provisions or circumstances. This act shall be construed in all respects so as to meet

all constitutional requirements. In carrying out the purposes and provisions of this act, all steps shall be taken which are necessary to meet constitutional requirements whether or not such steps are required by statute.

SECTION 16. Said Chapter 736 is hereby further amended by striking out the first paragraph of section 15 and inserting in place thereof the following paragraph:-

Any town that is a member of the land bank may withdraw therefrom by the affirmative vote of a majority of the voters at any regular or special town election; provided, however, that any real property interest held by the land bank and situated in a town that withdraws from the land bank shall continue to be held by the land bank until such time as the land bank is dissolved in accordance with this act; provided, further, that no town may withdraw from the land bank until payment in full of all bonds and notes issued by the land bank prior to receipt by the land bank commission of written notice that an election has been called by such town to vote upon the question of such withdrawal. Any town that withdraws from the land bank shall not be liable for debts and obligations incurred by the land bank subsequent to receipt of such notice by the land bank commission. A town that has so withdrawn may renew its membership by the affirmative vote of a majority of the voters at any regular or special town election at which the question of acceptance has been placed on the ballot. Upon the withdrawal of a town from the land bank, all funds then held in the account established for such town pursuant to section 8A, after payment or provision for payment has been made in full on all bonds and notes issued by the land bank prior to receipt by the land bank commission of written notice that an election has been called by such town to vote upon the question of such withdrawal, shall be transferred to the fund established by section 8.

SECTION 17. Said chapter 736 is hereby further amended by striking out the first sentence of the second paragraph of section 15 and inserting in placed thereof the following sentence:- If the member towns in the land bank are reduced to a number less than three the land bank shall be dissolved; provided, however, that the fee imposed by section 10 shall continue to be imposed in each member town until all bonds and notes of the land bank issued while such town was a member have been paid in full, and the land bank shall continue in existence during such time for the sole purpose of administering and collecting such fee.

SECTION 18. Said chapter 736 is hereby further amended by striking out the fifth sentence of the second paragraph of section 15 and inserting in place thereof the following sentence:- Funds held by the land bank shall be transferred to the towns of the county of Dukes County as hereinafter provided, to be held in trust for the purpose of holding and managing the land transferred to the towns pursuant to this paragraph and other land held under the control and management of the local conservation commissions of the town.

SECTION 19. This act shall take effect upon its passage, or upon its approval by two-thirds of the member towns by the affirmative vote of a majority of the voters of such towns at any annual or special town meeting, whichever is the last to occur; provided that such approval may take place either before or after the passage of this act."

Article 13. To see if the Town will vote to amend the Oak Bluffs Zoning By-Laws by deleting Section 3-2d in its entirety and substituting in its place the following: Section 3-2d Home Business or take any other action relative thereto. (Planning Board Article).

Section 3-2d Home Business

Purpose: To allow for small home occupations which can coexist with their neighbors in a residentially zoned area and at the same time insure that this occupation is consistent with the character of the residential area.

Permitted Uses

1. A business, trade, or profession may be engaged in as an accessory use of a dwelling or an accessory building, by the owner occupant of that dwelling, provided the following requirements are met:

a. Not more than 3 persons (including members of the family) shall be employed on the premises in the home occupation.

b. Except for a permitted sign there shall be no exterior display or exterior storage of merchandise, material, or equipment and no indication of the home occupation or variation from the residential character of the area.

c. No offensive noise, vibration, smoke, dust, odor, heat, or glare shall be produced.

d. Traffic generated shall not exceed volumes normally found in residential neighborhoods.

e. Parking generated shall be accommodated off-street, other than in a required front yard and shall be limited to 5 parking spaces. Such parking shall be screened from the street and all adjoining lots so as not to vary from the residential character of the area.

(f.) The area used for a home occupation shall be limited to one of the following:

1. 750 sq. feet within a dwelling.
2. 750 sq. feet within an accessory building.
3. 750 sq. feet within any combination of dwelling and accessory building.

g. All home occupations shall conform to the rules and regulations of the Oak Bluffs Board of Health.

h. There shall be no retailing, wholesaling, or rental of items not principally produced on the premises, unless incidental to other allowed activities.

i. Items left for service shall be stored indoors within the prescribed area(s) set forth in subsection 7 above.

j. A home occupation shall be limited to not more than 3 customers or persons utilizing a service on the premises at any one time.

2. Home Occupation Certificate

a. Before any home occupation may commence operaton the owner occupant must apply for a Certificate of Conformance from the Oak Bluffs Zoning Official. Such application shall indicate how the proposed home business will confrom to the requirements of Subsections 1a. through 1j. above. If the proposed home business can conform to these requirements the Zoning Official shall issue a Certificate of Conformance.

b. Before any home occupation may be changed or expanded the owner occupant must apply for a Certificate of Conformance as in Subsection 2a. above.

c. If the home occupation cannot meet the requirements for a permitted use or is denied a Certificate of Conformance the owner occupant may seek a Special Permit for a Home Business from the Oak Bluffs Board of Appeals.

3. Pre-existing Home Businesses

a. The owner occupant of any home business or home occupation existing at the time of the creation of this By-Law must register with the Oak Bluffs Zoning Official.

b. If the owner occupant of a preexisting home business wishes to change or expand the home business he must apply for a Certificate of Conformance as in Subsection 2a. above. If the proposed change or expansion of the pre-existing home business can not meet the requirements for a permitted use or is denied a Certificate of Conformance the owner occupant may seek a Special Permit for a Home Business from the Oak Bluffs Board of Appeals.

Penalty

Operating a new home business or changing or expanding a pre-existing business without first obtaining a Certificate of Conformance shall result in the owner occupant being subject to a fine of $50.00 per day from the time a cease and desist order is issued by the Zoning Official.

Failure to register a pre-existing home business shall result in the owner occupant being subject to a fine of $50.00 per day from the time of notification of the violation.

Article 14. To see if the Town will vote to amend the Oak Bluffs Zoning By-Law by renumbering "Section 3-1e(8) Recreational, educational, and community services uses which are not for profit," to read: "Section 3-1e(9) Recreational, educational and community services uses which are not for profit," or take any other action relative thereto. (Planning Board Article).

Article 15. To see if the Town will vote to amend the Oak Bluffs Zoning Map concerning the R-2 Zoning District in the vicinity of County Road and Barnes Road by changing from R-2 Residential District to R-1 Residential District, all of that area West of County Road that is in the R-2 Residential District or take any other action relative thereto. (By Petition).

Article 16. To see if the Town will vote to borrow the sum of $2,750,000.00 (two million seven hundred fifty thousand dollars) to acquire for conservation and water protection purposes the land described as follows:

"Trade Wind Airport" - the land with the buildings thereon in Oak Bluffs, county of Dukes County, Commonwealth of Massachusetts, being known as the Trade Wind Airport and all as shown on "A Plan of Land in Oak Bluffs, Massachusetts, prepared for Farm Meadows Trust, Scale: 1" = 100', September 25, 1984, Smith & Dowling, Engineers, Surveyors, Planners, State Road, Post Office Box 1087, Vineyard Haven, Massachusetts 02568," said Plan being recorded with Dukes County Deeds as Oak Bluffs Case File No. 175. Containing 71.88+/− acres according to said Plan. Further described as land transferred by deed recorded with Dukes County Deeds in Book 444, Page 803; that to raise such appropriation, the Treasurer with the approval of the Selectmen is herby authorized to borrow the sum of $2,750,000.00 (two million seven hundred fifty thousand dollars) under and pursuant to Chapter 44, Section 7(3), of the General Laws as amended and supplemented, or any other enabling authority, and to issue bonds or notes therefor, provided that the amount of authorized bonds or notes shall be reduced by the amount of any federal or state grants or other assistance that may be received for such acquisition prior to the sale of the bonds or notes; that the Conservation Commission is hereby authorized to apply and accept any federal or state grants or other assistance that may be available for such acquisition prior to the sale of the bonds or notes; and that the Board of Selectmen is authorized to acquire such land by purchase, by eminent domain or otherwise."

A. To borrow the sum of $2,750,000.00 (two million seven hundred fifty thousand dollars) for a period of six months the cost would be: $60,000.00 (sixty thousand dollars).

B. Anticipating a tentative reimbursement from the M. V. Land Bank Commission of Ninety percent, which would reduce the fixed debt sum to $275,000.00 (two hundred seventy-five thousand dollars), the first year's cost based on a ten year Bond Issue would be:
   Principal $30,000.00 (thirty thousand dollars)
   Interest $16,500.00 (sixteen thousand five hundred dollars)

or take any other action relative thereto. (Board of Selectmen Article).

Article 17. To see if the Town will authorize the Selectmen to begin eminent domain proceedings on a certain strip of land adjacent to the northerly bulkhead in order to gain access to the two acres of land at the end of the jettys, or take any other action relative thereto. (Board of Selectmen's Article).

Article 18. To see if the Town will authorize the Selectmen to enter into an agreement with the East Chop Beach Club as to the use of a 10' wide strip owned by the club to allow access to the jetty land. Agreement printed as follows:

AGREEMENT

''For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, East Chop Beach Club (''ECBC'') and the Board of Selectmen of the Town of Oak Bluffs being duly authorized to do so by a vote of the Town Meeting (''the Town'') agree as follows:

1. ECBC authorizes the Town and its inhabitants to use for pedestrian access only a 10' ± wide strip of land owned by ECBC which runs from Commercial Avenue in an easterly direction to land owned by the Town situated between Nantucket Sound and Oak Bluffs Harbor and known as the ''Jetty Beach'' (the ''license area''). The license area is shown in blue on a copy of a plan of land dated April 27, 1979 (Land Court No. 40278A) which is attached hereto and made a part hereof. ECBC reserves the exclusive right to locate the license area on the ground and to place or construct at Town expense whatever barriers are deemed necessary by ECBC to physically delineate the license area. This license is non-exclusive and is intended to be for the benefit of the Town and its inhabitants only.

2. ECBC and the Town agree that the right described in paragraph 1 is not an interest in real estate but is a contractual right. The right does not run with the land and is not appurtenant to any land of the Town. The right described is neither assignable nor transferable. The right shall automatically and immediately terminate upon the sale, lease, transfer or conveyance of the Jetty Beach by the Town. ECBC shall have the right, upon ten days written notice to the Town, to terminate the right in the event that the Town fails to fulfill any of its obligations under this agreement or if the operational or economic needs of ECBC require that the license be terminated. In the event that ECBC elects not to terminate the right for any breach by the Town, this shall not be deemed a waiver of the right to terminate.

3. The Town agrees that it shall have the exclusive obligation to police, patrol and maintain the license area. ECBC does not undertake any obligation to maintain the license area. The Town further agrees to prevent, repair and/or remedy any damage or injury to the license area as well as any damage or injury to any other of ECBC's land or buildings arising out of the use of the license area by the Town or its inhabitants.

4. The Town agrees to indemnify and hold harmless ECBC, its officers, directors, members, agents and employees of and from all claims, demands or causes of action arising out of or relating in any way to the use of the license area and/or the Jetty Beach by any person or entity. The Town, recognizing the nature and location of the Jetty Beach, agrees to patrol, regulate, post and maintain the Jetty Beach in the same manner as other beaches owned by the Town.

5. The Town agrees to restore the 100' easement area situated adjacent to Commercial Avenue to its original condition and to remove the spiles and fishing boats situated in the waters of Oak Bluffs Harbor next to the easement area. The easement area is shown in red on the attached plan. For its part ECBC agrees to remove the barbed wire barrier located between the easement area and ECBC land.

6. The Town and ECBC each acknowledge that they have read and fully understand each of the terms of the agreement and that the agreement fully incorporates all of the terms and understandings of the parties.

7. This agreement, which is executed as a sealed Massachusetts instrument, is effective as of , 1987;'' or take any other action relative thereto. (Board of Selectmen's Article).

Article 19. To see if the Town will vote to take from available funds $25,000.00 (twenty-five thousand dollars) for engineering survey of the dump, or take any other action relative thereto. (Board of Health Article).

Article 20. STRATEGIC DEFENSE INITIATIVE

WHEREAS; the development of antisatellite weapons and space-based missile defenses would increase the risk of nuclear war and stimulate a dangerous competition in offensive nuclear arms; and
WHEREAS; an arms race in space poses a great threat to the national security of the United States and will be a debilitating drain on our country's financial resources; and
WHEREAS; outer space must remain free of any weapons. It should be preserved as an arena for non-threatening uses: peaceful cooperation, exploration, and scientific discovery among all nations.
THEREFORE; is it the will of the people of Oak Bluffs that the president of the United States be notified by the town clerk that we are not in favor of the militarization of space and do not want any development, testing, and deployment of the strategic defense initiative (SDI/"STAR WARS")? Copies of this resolution will be sent to the U.S. Secretary of Defense. The chairmen of the house and senate defense appropriations committees, and our congressional delegation.

and personal property used in connection therewith, now in their respective limits. In case said towns of Edgartown and Cottage City shall not agree in respect to a division of debts, unpaid taxes, state or county taxes, or support of paupers, the Superior Court for the County of Bristol shall, upon petition of either town, appoint three commifsioners, neither of whom shall be resident of the County of Dukes County; and said petition may be filed and appointments made in vacation, to hear the parties and determine the matters of difference; and their award, or the award of any two of them, being accepted by said court shall be final; and said court shall have jurisdiction to render judgement, or make any order or decree upon said award, to issue execution, or any other process, proper to enforce such judgement, decree or order. But the award shall not be set aside, unlefs for fraud or manifest error; in which case, the court may re-commit the award, or appoint other commifsioners with the same powers and duties as the first, of whose proceedings the court shall have the same jurisdiction as hereinbefore provided. In making said award, the Commissioners shall assign the corporate property belonging to the said town of Edgartown at the time of the passage of this act, to the town within which said corporate property shall be situate or belong, so far as such division may be practicable; and such commifsioners may, if they deem it necessary award a grofs sum to the town of Cottage City, in order to make their division of corporate property just and equitable.

Section 6. The town of Cottage City shall, until otherwise provided by law, continue to be a part of the first Congressional district, of the first councillor district, of the Cape senatorial district, and the first representative district of Dukes County; and the inhabitants of said town of Cottage City shall vote for each of said officers in the town of Cottage City. The selectmen and clerk in said town of Cottage City in each of said cases, shall make returns, as if said town had existed at the tme of the formation of said districts.

Section 7. Any justice of the peace, within and for the County of Dukes County, whose residence is in the town of Cottage City, may issue his warrant, directed to any inhabitant of said town of Cottage City requiring him to notify and warn the inhabitants thereof, qualified to vote in town affairs to meet at the time and place therein appointed, for the purpose of choosing all such officers as towns are by law authorized and required to choose at their annual meetings; and said warrant shall be served by posting up copies thereof, attested by the person to whom the same is directed, in three or more public places in said town of Cottage City, seven days at least, before such time of meeting, such justice, or in his absence such inhabitant required to notify the meeting shall preside, until the choice of moderator in said town meeting. The selectmen of said town of Edgartown shall, before said meeting prepare a list of voters in said town of Cottage City, qualified to vote at said meeting, and shall deliver the same to the person presiding at such meeting before the choice of moderator thereof.

Section 8. The said town of Cottage City shall bear the expense of making the necessary surveys and establishing the lines between the said towns of Edgartown and Cottage City.

Section 9. Said town of Cottage City shall receive from the said town of Edgartown, a proportionate part of whatever amount may hereafter be refunded to said town of Edgartown from the State or United States to reimburse it for bounties to soldiers, or State aid heretofore paid to soliders' families, after deducting all reasonable expenses.

Section 10. All rights heretofore secured to existing corporations, upon the territory hereby incorporated shall continue as though this act had not been passed.

Section 11. This Act shall take effect upon its passage.

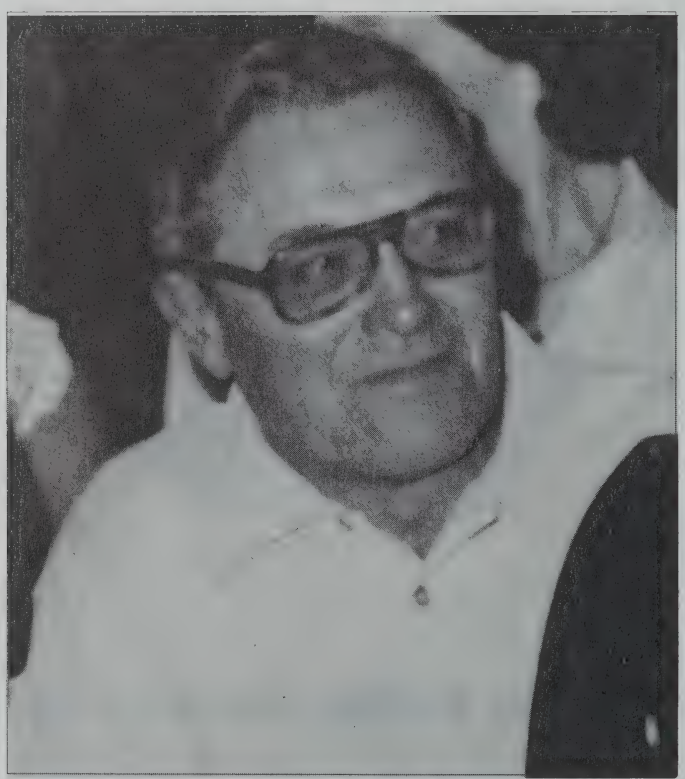
MARTHA'S VINEYARD PRINTING COMPANY

This 1987 Annual Town Report of the Town of Oak Bluffs is dedicated to the Memory of Alfred M. Metell who died February 21, 1987 after serving our Community for more than thirty years. Offices held included that of Selectman, Member of the Town School Committee and of the Martha's Vineyard Regional High School District, Inspector of Buildings and Inspector of Wiring.



Alfred M. Metell

Sometimes there comes a man so respected for his work with others, so conscious of his responsibilities, that he becomes a model for those who know the full meaning of the word citizen. He was proud of serving our Town and did so with constant concern and diligence; thus, it is fitting that we issue this posthumous tribute to him.

REPORT OF THE CHAIRMAN OF THE BOARD OF SELECTMEN

Residents, Voters and Taxpayers of Oak Bluffs:

As Chairman of the Board of Selectmen I am proud to offer my report for 1987, a year when many changes occurred and many problems were resolved.

Most encouraging was the renovation of our downtown area, especially Circuit Avenue. Buildings that are and have been renovated include, The Atlantic Connection (Boston House), Reliable Market, The Ritz Cafe, Mad Martha's Ice Cream, The Lampost, and the Rappaport Building. In addition, we saw the demolition of the old Seaview Hotel making way for the construction of eighteen condominium units of Victorian design, in keeping with the surrounding homes.

Construction projects vitally needed by the town were continued in 1987. The Phase II Harbor Improvement Project was completed in early July along with the new concrete Boardwalk. The vitally needed renovation of the two bridges along the State Beach was started in the fall with completion planned for the late spring. Rehabilitation of the seawall extending from the Seaview Hotel to Farm Pond will start during February 1988. In addition, it is anticipated that the much needed Sengekontacket Pond dredging project will be started in the spring.

1987 saw the formation of The Friends of Oak Bluffs Council on Aging under the able leadership of Robert Taylor. The many volunteers or ''friends'' raised $13,000. which together with State funds enabled the building of the addition to the Council on Aging building in Oak Bluffs. We offer our appreciation to Mr. Combra, the Highway Superintendent and his crew for their assistance in completing this addition.

Leading the way, the Town of Oak Bluffs was the first of the island towns to computerize a number of administrative activities. The preparation of the 1988 Tax Bills was not without problems, however due to the hard work of both the Assessors' Office and the Tax Collectors Office these difficulties were soon resolved.

Salaries for the town employees were upgraded in 1987 through the diligent efforts of the Personnel Board and the impact study. Both town employees and school teachers will receive a well deserved 8% salary increase.

The downtown area of Oak Bluffs is filled to capacity many months of the year with happy welcomed tourists and residents enjoying themselves from the Harbor front to Circuit Avenue all with a sense of pleasure, secure in the knowledge that Police Chief Peter Williamson and his staff are available to offer courteous assistance at any time. It is also a comfort to know that our EMT's are always there in time of need.

Among Articles adopted at the Annual Town Meeting and the Special Town Meeting was the formation of a Land Bank Advisory Board. This Board recommended that the Town purchase the ''Trade Winds Airport'' with Land Bank Funds and negotiations are ongoing in this effort. New Home Business Bylaws have been adopted which allow for small home businesses to coexist with their neighbors in residentially zoned areas without detriment to the character of the neighborhood.

In 1987, The Selectmen entered into an agreement with the East Chop Beach Club allowing public access to Jetty Beach over a ten foot wide strip of beach owned by the Beach Club.

In 1987, the Town formed a Resident Homesite Committee to help provide the youth of our town the opportunity to buy homesites. This committee will receive land and monies to provide below-market value homesites and housing for low to moderate income residents of Oak Bluffs.

Oak Bluffs like other small towns througout Massachusetts will soon face the question of a Proposition 2½ override. Expenses have outgrown revenues which we have been supplementing with revenue sharing. For example, the Town's share for the Refuse District increased from $135,000. to $354,000. in just one year.

All of the island towns are facing similar problems and we must all combine our energies to both fully understand and combat the complex problems beset all of us by Proposition 2½.

During July and August the Board of Selectmen held two very productive meetings addressing the concerns of our Non-Voting Taxpayers. In addition, the Board met with the Board of Selectmen of the Town of Tisbury and Nantucket to discuss means of pooling our energies and resources to overcome our common problems.

Among our goals for the future we are working to secure Coastal Zone Management Funds for Phase III Harbor Improvement Project which includes a new bulkhead from Nancy's Snack Bar to the existing Steel Bulkhead including a concrete boardwalk, new sanitary and shower facilities on the harbor and also pump-out facilities and site improvements which would also include beautification along Lake Avenue. In addition, a sidewalk promenade along North Bluff from the Steamship Authority to the Seawall is planned. With these improvements the Harbor will become one of the best on the East Coast but it will not be cheap. The Town will likely need to borrow half of the project's projected cost or up to $800,000. Our yearly income from the Harbor is approximately $225,000. We must also face the expense of a new culvert from Farm Pond to improve the water circulation before the marine life is lost. This is a problem which faces all of our ponds. We must continue to work to secure both Federal and State Grants to combat these complex problems.

On a sad note we recognize the passing and mourn the loss of a number of leaders of the community who have died during 1987, among them are Ruth Hurd Minor, President of the Oak Bluffs Council on Aging, Albert Soares "Albert The Barber," and former Selectman and Building Inspector Alfred Metell, Anthony Marciel, Sr., former Police Chief, James Adams, former Driver Education Instructor at the M.V.R.H.S., Bradford Church, former Finance Committee member and Carrie Wesley who for many years attended the Comfort Stations. We also mourn the death of our Town Electrician, James Gibson who died January 1988.

I want to thank the other two members of the Board, the various Department Heads, all Town employees and members of all committees for their contributions to the town during the past year.

Respectfully submitted,

ROGER W. WEY
Chairman

PERSONNEL BOARD

This past year was a very busy one with the implementation of new wages recommended by the Impact Study and requests for reclassifications. We also voted to give all permanent Town Employees an eight percent (8%) cost-of-living increase.

A new form was drawn up to help clarify wages for budget purposes and we are currently trying to update payroll submission and format.

The cooperation and help from all Town employees and Department Heads is greatly appreciated with our current work and future endeavors as we still have much to do.

A special thanks to Diane Kenney, our Personnel Assistant of the past two years who has given so much of her expertise and support who will be sorely missed.

BOARD OF HEALTH

To the Citizens of the Town of Oak Bluffs:

It is with pleasure that I submit to you my Annual Report as chairman of the Board of Health. This past year I had the honor to serve with Kenneth DeBettencourt and Michael Joyce.

The year I feel has been one of great productivity. We have set the ground work for many projects. The landfill at this time we believe is running in accordance with all D.E.Q.E. regulations, for which I would like to thank Mr. Herbert Combra for all his hard work and cooperation with this Board for accomplishing that. I.E.P. Engineering has been hired to begin work on Farm Pond, phase one which is being worked on now deals with the culvert, we hope to obtain funds at Town Meeting to continue onto phase two which will be a more indepth study on the pond. This Board feels it is imperative to ensure the life of every pond.

A wastewater advisory committee has been formed who are working very hard to help solve this towns septage problem. The health agent will be conducting die test on all houses around the ponds and harbor this summer to make sure that no septage is endangering our waters. I feel that if the Board continues to work as it has the past two years the townspeople can be assured of a healthy environment in which to live.

CEMETERY COMMISSIONERS

To the Residents of Oak Bluffs:

As Cemetery Commissioners we are pleased and proud to submit the following:

During the past year we expended some of the interest from the Perpetual Care Fund on further beautification of the cemetery.

New bronze entrance signs, granite road markers, surveying of a small previously unused area for expansion and installed lot numbers for accurate identification.

A new rail fence will be installed to more clearly define the cemetery boundaries of the newly surveyed area.

In the near future we will have a specifically designated cremation area for those desiring to purchase smaller lots.

As the available land is rapidly being used we can forsee the need for further expansion.

Our workers deserve recognition for a fine job and we as Commissioners all take great personal pride in the appearance of the cemetery.

We look forward to further beautification projects in the coming years.

POLICE DEPARTMENT

Rather than fill this page with statistics of the various types and number of police responses this past year, I would like to dwell on the present and future of Oak Bluffs as it relates to the Oak Bluffs Police Department.

These past few years have seen this town, as well as the island, experience growth unequaled in our history.

This department is charged with the responsibility of the health, safety and welfare of all the inhabitants of Oak Bluffs who are caught up in this growth pattern. With the amount of the new neighborhoods, the area in town that comes under our surveillance has more than doubled in the past three (3) years. Our population has risen dramatically, and our summer traffic has sometimes bordred on dangerous levels.

With this explosive growth and activity we must have the tools to fulfill our responsibility to the townspeople. That is why I am asking for additional year-round patrolmen to ensure that the Oak Bluffs Police Department's responsiveness and capabilities are at its peak at all times of the year. We must keep ahead of the growth that we are experiencing and plan for the future. Oak Bluffs has, and always will be, in the forefront of any changes that affect the island, and this police department stands ready to meet any of these changes are are sure to come.

The support of the townspeople toward the Oak Bluffs Police Department is the key to the efficiency and morale of the members of this department. And I would state without hesitation that you, the people of Oak Bluffs, have, in the members of my department, the finest police force on the the island.

I would again like to thank the townspeople, selectpersons, all town departments and other law enforcement agencies for their cooeperation this past year.

Respectfully submitted,

PETER M. WILLIAMSON
Chief of Police

SHELLFISH DEPARTMENT

Board of Selectmen
Voters Town of Oak Bluffs, Mass.

The following is my report for the year ending December 31, 1987.

We continued the nursery raft program for quahogs. Over 100,000 quahogs were raised and planted in Sengekontacket, Lagoon and as an experiment in Sunset Lake. We also raised some late spawned seed which if it over-winters will be planted in the spring.

The hatchery also raised scallop seed, we planted over 200,000 in Oak Bluffs mostly in Sengekontacket, some were planted in Lagoon.

Between the fall of 1986 and the spring of 1987 approximately 900 bushels of scallop seed were moved from the flat near the Lagoon bridge to areas in Lagoon and Sengekontacket. This fall and winter we have had a very good scallop season. The size was excellent and the price was high and the fishermen were catching the limit in a short amount of time.

The starfish removal program was continued. We removed many starfish from Lagoon Pond.

The Harbor was opened in the winter of 1987 and many quahogs were harvested by both commercial and family permit holders.

This summer commercial and family permit holders harvested quahogs from Sengekontacket. Most of the catch could be identified as coming from the hatchery.

The dredging of Sengekontacket and the Lagoon Herring Run projects are being held up on the state level by funding problems. Hopefully we will see action soon.

SP Engineering has completed the study of Lagoon and we are in the process of reviewing the report.

The Board of Health is taking action to correct the problems at Farm Pond in cooperation with the Hart Haven Association.

I would like to thank Rick Karney and Toni Chute of the Martha's Vineyard Shellfish Group and my deputies Francis Bernard and Robert Williston and everyone who helped improve the Shellfish Department.

The following is a breakdown of shellfish licenses and permits sold by the town in 1987.

Resident Family permits at $20.00	285
Senior Citizen permits at FREE	254
Non-Resident Family permits at $100.00	3
Non-Resident Family permits 2 week at $25.00	44
Commercial Licenses at $200.00	18
Total revenue	$10,700.00

The following amounts of shellfish were harvested in 1987.

Commercial Quahogs - Oak Bluffs Harbor Littlenecks	192½
Commercial Quahogs - Oak Bluffs Harbor Mixed	176½
Commercial Quiahogs - Sengekontacket	150½
Commercial Clams - Sengekontacket	23
Commercial Clams - Lagoon	44½
Commercial Scallops - Sengekontacket	366
Commercial Scallops - Lagoon	1,118

Family Quahogs - Oak Bluffs Harbor 71½
Family Quahogs - Sengekontacket 382½
Family Quahogs - Lagoon.....29
Family Clams - Oak Bluffs Harbor 6½
Family Clams - Sengekontacket 50½
Family Clams - Lagoon 47½
Family Scallops - Sengekontacket.....249½
Family Scallops - Lagoon.....342

The wholesale value was over a ¼ of a million dollars. The multiplier used to determine the value to the economy is 4 which means the shellfish contributed over one million dollars to our economy.

MARTHA'S VINEYARD SHELLFISH GROUP

With financial support from five Island towns and private donations, the Martha's Vineyard Shellfish Group has been able to continue its program to manage, protect and expand the Island's shellfish resources. Despite pollution related mortalities that plagued our early spring cultures, very successful later cultures resulted in the production of a record number of seed shellfish at our solar shellfish hatchery in 1987.

I am grateful to Toni Chute, Hatchery Assistant, and the Shellfish Constables for their help and support. Special thanks are due to Fin Miller and Will Holtham for sponsoring the annual Shellfish Group Clambake and Fundraiser.

A review of our 1987 program follows:

Solar hatchery -- A newly-expanded nursery area constructed early in the year greatly increased our culturing capacity. A record of over 2 million seed quahogs and over a million scallops were provided to Island shellfish constables for seeding in public beds. Much of the seed has been bred with genetic shell color tags to help assess survival. If 50% of our seed survives to be harvested, the economic impact of our efforts to the Island economy wil be over $1,000,000.00!

Pollution -- This year in conjunctin with a pollution study of the Lagoon Pond under funding from the state's Clean Lakes Program, the Hatchery helped to identify pollutants threatening shellfish beds. In addition to assisting with the Lagoon Pond Study, the Group has made application to the Clean Lakes Program for a similar diagnostic/feasibility study of Tisbury Great Pond and has lobbied for more state funding for identification and clean up of coastal pollution.

The Shellfish Biologist has worked closely with town Boards of Health, Planning, and Conservation, and local citizen groups in efforts to control pollution.

Recognizing public education as a key element in pollution abatement, the Shellfish Group continues to provide hatchery tours, public slide presentations, school presentations, and exhibits in efforts to develop a widespread awareness and appreciation of the Island's shellfish resources.

Lagoon Herring Run -- In 1987 the Shellfish Group successfully secured local matching monies in Tisbury in continuing efforts to reconstruct the alewife (herring) fishway at the head of Lagoon Pond.

HIGHWAY DEPARTMENT

Town of Oak Bluffs
P. O. Box 1327
Oak Bluffs, MA 02557

Honorable Board of Selectmen:

I hereby submit my Annual Report to you.

1987 was a very interesting year. During January and February the town experienced record breaking snow storms. The employees of the Highway Department worked long hours under very difficult and dangerous conditions. There were no personal injuries or property damage which I feel was an accomplishment in itself. I'm very proud of the mens performance last winter.

The senior center addition is nearing completion and should be in use by March. The tourist season was a very busy one which kept the Department very busy cleaning the streets and parking areas.

Pinewood Lane was widen, drainage installed, and paved. Chapman Avenue and a small portion of County Road were also paved. Maple Avenue will be repaved in the spring and a part of Pacific Avenue.

With the addition of the new 953 track loader it has helped us operate a more efficient landfill. Solid waste is increasing at a high rate and we are in a desperate need of a new rubbish truck to replace our 1972 truck.

The Highway Department will continue to do its best to serve all town departments and town people to the best of our ability. I would like to thank the Board of Selectmen for their cooperation and understanding of the work performed by the Highway Department.

HERBERT A. COMBRA, JR.

MARTHA'S VINEYARD LAND BANK COMMISSION

The Martha's Vineyard Land Bank began operations on May 12, 1986. It was created under Chapter 736 of the Acts of 1985, approved by the Massachusetts legislature, and accepted by voters of each of the six towns at the 1986 town meeting. In Oak Bluffs, the voters approved the Land Bank 636 to 315. A 2% real estate transfer fee is collected which is used to acquire and manage open space.

Amendments to the Land Bank law were approved by local voters in 1987 and signed into law by Governor Dukakis on January 6, 1988, as Chapter 673 of the laws of 1987. Sen. Paul Doane, Rep. Howard Cahoon, and Legislative Representative Bob Morgan deserve special credit for guiding the Amendments through the Legislature. The Amendments will streamline financial operations for the Land Bank.

At the end of 1987, the Land Bank had collected approximately $7 million, Island-wide. Nineteen percent of all revenues are derived from Oak Bluffs transactions. Purchases of over 140 acres include farmland, trails, woodlands, a public beach and acquifer protection lands.

A Town Advisory Board for Oak Bluffs sets priorities for the Land Bank. Their efforts are gratefully acknowledged. Priscilla Sylvia represents Oak Bluffs on the Land Bank Commission. For 1987-88, she was elected Chairman of the Land Bank by her fellow Commissioners. Through her leadership, a major acquisition campaign is underway.

CONSERVATION COMMISSION

The Conservation Commission had a year of change and action in several areas.

For the protection and study of Lagoon Pond, the OBCC voted to impose a moratorium on construction of piers in the Lagoon until the Annual Town Meeting of 1989, when proposals developed during the intervening period will be aired for a vote.

We hope to print and distribute a leaflet of information and explanation on our wetlands and coastal areas so that townspeople and visitors alike can appreciate and help preserve the variety of water resources we have in our town, and so that applicants for building permits in fragile areas understand our review process.

The five new members of OBCC bring fresh ideas and renewed commitment to providing an attractive natural setting for all to enjoy at Sailing Camp Park. Everyone in the Town is encouraged to offer ideas and support for the Park, and groups are urged to consider renting the Mainstay for meetings and other civic and social not-for-profit, non-alcoholic gatherings during daylight hours from May through September.

Our meetings are usually scheduled for the second and last Wednesday of each month at 7 PM in the Planning Board room. Check legal notices or the Town Hall bulletin board for public hearings. We welcome your interest and participation.

WATER DEPARTMENT

To the Board of Selectmen
and the Townspeople of Oak Bluffs

For the year 1987, we have been extremely busy. We would first like to welcome our new Senior Clerk, Lisa Merritt and Maintenance Craftsmen, Manny Somoano.

The Department has received a 10 year $1,200,000.00 bond for our Pumping Station and other loans at a very reasonable rate. We would like to thank Patricia A. Costa, our Town Treasurer for her enduring help in getting us a Grade A rating for this bond and the low rate.

Our total spending budget was $1,303,780.81. With this money, many projects have been done such as, an updated systems map, rebuilt pumps at #2 Pump Station, rehabilitation of our .16 million gallon water tower, the local of a new well sight for the future, replacement of our #1 Station auxiliary diesel engine to propane, and completion of the State Forest Well Station.

There has been a total of 14,872 feet or 2.82 miles of water main installed or replaced this year ranging in size from 6'' to 16''. We have installed or replaced 31 fire hydrants, replaced 648 5/8'' meters, 12 1'' meters, 7 1½'' meters, installed 107 new services, renewed 21 old services and repaired 14 leaks. For your protection there were 20 backflow prevention devices installed.

There have been several big projects initiated this year, including a leak detection survey, rehabilitation of water mains on Dukes County Avenue., School Street, Kennebec Avenue, Sea View Avenue, and Barnes Road, tie-in to Tisbury Water Works through Sea Glen, new Water Department Office, new electrical system for Lagoon Pond Station and a water treatment system to stop the staining and aggressiveness of the water.

In our office we have a new computer system not only capable of printing bills but also monitoring the well station, keeping inventory and mapping out services, hydrant locations and valve locations.

Only one third of this money came from water revenue, the Department received $307,794.82 from the Johns-Manville Lawsuit, the largest award granted in the Commonwealth of Massachusetts, $421,100.00 for systems rehabilitation on Town floor, $61,000.00 from land sale for a new office, $44,000.00 from D.E.Q.e. 805 Grant, and $770.00 for trhe sale of the old auxiliary engine. We recouped $39,992.95 in material sales, $9,700.00 for tie-in fees, $4,420.00 for backhoe, $5,082.50 labor, $240.00 compressor and $9,630.00 for meter sales and repairs, leak detection grant for $30,000.00, totaling $932,960.27.

We have pumped 182,290,945 gallons this year, the biggest week being July 30, 1987 through August 6, when we pumped 9,719,800 gallons, and the biggest day being August 4, when we pumped 1,874,200 gallons. We are trying to change the water rates for 1988 in favor of the customer for their fine support throughout the past years, and ask them to continue this support in the form of water conservation and their patience when water projects are going on in the area.

We would also like to thank Mr. Herbert Combra and the Highway Department personnel for their assistance in road repair and equipment use throughout the year.

We hope all our customers and friends have a prosperous and happy New Year, and we look forward to assisting you in any way we can in the future.

COUNCIL ON AGING

Oak Bluffs Public Library
Island of Martha's Vineyard

To the Board of Selectmen and
the Citizens of Oak Bluffs

F.O.B.C.A. (Friends of the Oak Bluffs Council on Aging) were very successful this year, due to their hard work and the generosity of businesses, organizations and individuals, in raising funds for the addition to the Council on Aging building. Everyone is invited to drop in and see the improved Center. We want to thank the Town of Oak Bluffs and especially Herbert Combra who planned and supervised, Raymond Teator and Ed Landers who did the carpentry work and James Gibson who did the electrical work.

Services at the Center included Health Screening, Professional Assistance with Legal Problems, and Medical Insurance, and Preparation of State and Federal Taxes.

Social Activities included Line Dancing, Aerobics, Bridge, Bingo, Men's Day, Arts and Crafts and occasional parties, dinners, luncheons and demonstrations.

Surplus food was distributed to eligible elders from October through May.

Retired Federal Employees, Martha's Vineyard Senior Citizens, F.O.B.C.A. and Emory Bucke Arts and Humanities Program met at the Center on a regular basis.

During the Fishing Derby we distributed over 4,000 lbs. of bluefish. This was packaged by our cheerful and hard working volunteers. Volunteers also folded newsletters for the entire Island every month, over 1,700, helped with food distribution, health clinic, bingo and the delivery of holiday meals to handicapped elderly.

Two new members joined our staff in the last year: Gertrude Rezendes, Activities Director, and Renee Walsh, Outreach Worker, on a special grant. Beryl Pond continues as Director and Louise Bugbee as Assistant Director, Raymond Phillips as Janitor.

It was necessary to purchase a new air-conditioner this year and Walter Tomkins generously donated his labor for the installation. Karpet Kare also gave us a new runner.

Storytime was again very well attended this summer. We expanded the program this winter to include one afternoon a week for the after-school program. We were happy to receive visits from several grades at the Oak Bluffs School and do hope they will visit again this spring. Amy O'Brien was our student volunteer.

We are continuing our up-dating of reference materials especially on current issues and hope our Jr. and Young Adult readers will utilize the information for their reports.

Vineyard Haven Librarian, Mary Fuller, has agreed to long term loans of their large print books to expand our collection.

In cooperation with the Council on Aging we provide delivery of materials to shut-ins of all ages.

We are sorry to report that our Librarian Assistant, Mildred Fisher, had to take two months sick leave but she is back on board and we wish her well.

The Martha's Vineyard Library Association, of which we are members, are sponsoring a Literacy Program for the Island free of charge. They are also presenting a series of workshops pertaining to libraries.

Paul Chase was appointed Chairman of the Building Committee on the resignation of Lynn Bouck. It has been a discouraging year for all of us in our attempts to have the new Children's Wing constructed. None of the few bids received were within our price range, the lowest being $247,000. We are exploring new avenues of funding including the State Library Bill recently signed into law by the governor. Bob Morgan is keeping us up-dated, as well as the Library Commissioners and we shall make application as soon as possible.

In closing we would like to thank all who have been instrumental in the running of our library with the donation of their time and money.

SUPERINTENDENT OF SCHOOLS

Mrs. Jacquelyn Vail, Chairperson
Martha's Vineyard Superintendency Union
P. O. Box 1684
Oak Bluffs, MA 02557

Dear Mrs. Vail:

In accordance with the laws of the Commonwealth of Massachusetts, I am pleased to submit the Annual Report of the Superintendent of Schools to you and the individual school committee members of the Vineyard schools.

In review the October 1 pupil census on an Island-wide basis, we find we have had an increase of 63 students over the past two years. An interesting factor that stands out in reviewing these enrollment statistics is the fact that student population shifts are becoming more obvious. Examples of this are the fact that as of this date, Edgartown is the largest K-8 elementary school with 306 students, as compared to Tisbury, which has always been the largest elementary school, whose enrollment is now 304 students. In comparing enrollment at the West Tisbury and Oak Bluffs schools we found that West Tisbury had also passed Oak Bluffs in school population for the first time with it's enrollment increasing to 245 as compared to 241 at Oak Bluffs.

Enrollment growth in the elementary schools has resulted in the need to increase support staff positions. Last year we added an additional school psychologist on a part-time basis for the elementary schools. This year we have added a full-time speech therapist. In addition, we have added a Substance Abuse Coordinator for grades K-12 and were fortunate to obtain half of the funding for this position through donations from local business agencies that felt this was not only a school problem, but one that needs support from the entire community.

I am very please dto report that the West Tibsury School and the Edgartown School are now nearing the end of their building projects. Both facilities have been well received by their respective communities and we would like to compliment the building committees, school committees, and the local principals fortheir support in providing our students with modern up-to-date facilities. We also appreciate the patience and understanding of our students and staff in working under some very difficult conditions during the construction period.

The 1987 school year brought about the construction of a new Community Services' building complex on high school owned property across from the school. A lease agreement between the District School Committee and the Community Services' agency for ninety-nine (99) years has been signed by the two agencies and approved by the state legislature. This agreement has provisions for use of some of the facilities by high school students during the school day. When the complex is completed the school will have the ability to expand some of its programs which have been limited due to a lack of space in the high school complex.

The Vineyard school committees and the Teachers' Association representatives have recently concluded long and exhausting contract negotiations. The negotiation process started in November of 1986 and an agreement was finally reached in October 1987. One aspect of the contract that is still being negotiated is the Appendix "A" or extra-curricula duty stipends. The committees are also in the process of negotiating a new tutor and aide's contract that will replace the present contract which is due to expire on August 31, 1988.

One important change which came about at the beginning ofthe 1987-1988 school year was a police change on the school entrance age for kindergarten students. This was the result of a long and thorough study by early childhood teachers, preschool teachers, and outside consultants who worked as a developmental study group. A recommendation was made to the Union School Committee to require all incoming kindergarten students to be five (5) years old as of September 1 in the year of their entrance. This policy was adopted by all Vineyard school committees and took effect in September 1987.

The superintendent's office, or so-called central office, has also seen a major change. Estelle Surprenant retired from her position as Administrative Assistant for the Superintendency Union after twenty-six years of excellent and dedicated servcie. Although we will miss her, we want to wish her a long, happy retirement. Estelle's replacement is Judith Pachico, former Executive Secretary at the West Tisbury School, whom we feel will be an excellent replacement.

Paul Chase, a long-time reading teacher at the Edgartown School has retired and we wish him the best and will miss his fine efforts in that position.

Mr. & Mrs. Walter Jenkinson, transportation providers for Chilmark students for over thirty years, were forced to retire due to state mandated age limitations. Their fine service and warm friendship to so many Chilmark youngsters will be sorely missed. We would like to thank them for a job well done and wish them well in their retirement.

In conclusion, I would like to thank all staff members for their dedication and efforts in providing Vineyard students with fine educational opportunities. Our administrators have been very supportive of the central office and there has been a great spirit of cooperation with committee members and teachers through difficult contract discussions.

I would also like to thank, you, Mrs. Vail, for your support and understanding of the many obstacles in trying to run a complex school system such as ours. Your willingness to serve on the various sub-committees has allowed me the opportunity to have a committee member closely involved in the daily operation of the school system.

I feel we have had a difficult year but a very successful one. I look forward to the next school year and hope it is as productive as the past one.

Respectfully submitted,

FRANCIS E. PACHICO
Sueprintendent of Schools

REGIONAL HIGH SCHOOL PRINCIPAL

Mr. Francis E. Pachico
Superintendent of Schools
Charles Downs Building
Vineyard Haven, MA 20568

Dear Mr. Pachico:

The 1986-1987 school year was a time of decisions and accomplishments. It was a year in which the District joined forces with community groups to discuss a Community Campus concept in the District's lands across from the High School. Mental health care, day care, and youth recreation were among the first areas under consideration.

In academics, the High School maintained its tradition of excellence. Eleven students received awards from the President of The United States for academic excellence. Two-thirds of the seniors gained acceptance to college. Among these colleges were M.I.T., Columbia, University of California at Berkley, Villnova, Franklin and Marshall, Mount Holyoke, George Washington, Carnegie-Mellon, Bucknell, Syracuse, Worcester Poly Tech, Connecticut College, William and Mary, St. Michael's, St. Lawrence, Wheaton, Boston University, Rhode Island School of Design, Northeastern, Curry, Clark, Berklee College of Music, and the fine colleges of the State of Massachusetts. Achievement test results continued to reach a new high.

The English Department continued work on a sequential curriculum and began plans for the first advanced placement English course for college credit.

The Social Studies Department continued in the Washington Studies program called Close-Up. Marge Harris and Ben Kindzia with Eleanore Burke planned and led an exciting trip to a number of cities in the Soviet Union.

The Mathematics Department introduced some new courses in practical math. The Advanced placement Calculus Program continued to have results which were above the national average.

Science had a transitional year in which faculty members added new courses to their teaching schedule. Biology classes continued use of the Island as a natural resource and some students traveled to Belise led by Christine Wiley for the exploration of a marine biology laboratory station.

The Foreign Language Department continued to grow through increased student interest. One of the highlights of the year was the Department's evening awards celebrations.

The Art Department continued to adjust its offerings once again including photography. A major contribution to the school came in the form of a wall length ceramic tile mural for the cafeteria.

The Music Department continued its exceptional ability to attract students. More than 40% of the student body was enrolled in one or more programs. The band and chorus had a major exchange with Rhinebeck, New York and enabled the largest representation in All-Cape competitive festivals. Numerous students won seats in All-District and All-State musical groups. The Minnesinger Show Choir was honored as a featured group at the State music educator's convention which hosts the All-State performances.

The school's vocational programs and occupational education continued their theme of community service. Work was begun on expanding the West Tisbury Fire House, by the students of Kevin Carr. Senior Citizens and community groups were provided banquets under the care of Chef Pierre Hebert. Senior Citizen and municipal vehicles were serviced by the Auto/Marine program of Bruce Turgeon. Community beautification projects were accomplished by the Horticulture students of Bill Schwabe.

In activities, the Vineyard was well represented. The Vineyard teams maintained solid performances in Football, Soccer, Basketball, Field Hockey, Ice Hockey, Baseball, Softball, Track, Tennis, and Golf. The year's highest praises went to the revised cheerleading squads whose excellent performances inspired the student

body. The new interscholastic Chess team played a full varsity schedule and went undefeated in the first full season. Adults and elementary students also caught "chess fever" in weekly matches. A sanctioned national tournament was a first for all Island chess enthusiasts.

The highest award of the year came to the school literary magazine, *Sea Breeze,* which won recognition in the prestigious Columbia Scholastic Press competition as one of the top twenty-five high school magazines in the United States and Canada.

Transition also took place in new faces. Kate Thayer joined the Special Education department and then won academic awards to leave for further graduate study. James Clothier joined the Math department and Judy Wojctzak replaced Maureen Macleod, who was on leave. After years of good service, Bonnie Steere left the position of Bookkeeper/Secretary, and Kate Kane resigned as a Teacher's Aide.

Among staff recognitions, Pierre Hebert was awarded the Marion Higgins Outstanding Teacher Award and was nominated for National Teacher Of The Year. Dan Sharkovitz won a full scholarship to the Bread Loaf School of Middlebury College for graduate studies in the literary field.

In conclusion we are proud to report what several State officials have told us. Martha's Vineyard continues to have a very fine Regional High School.

Respectfully submitted,

GREGORY T. SCOTTEN
Principal

NOTICE

In accordance with General Laws, Chapter 64, Section 15, public notice is hereby given that the Town Clerk is prepared to furnish blanks for the RETURN OF A BIRTH to parents, householders, physicians and midwifes who apply therefor.

The attention of parents and others is called to the importance of recording vital statistics correctly. If any errors or omissions are discovered, the same should be reported to the Town Clerk so that corrections may be made in accordance with the law. Failure to correct birth information may result in inconvenience to the child in later years, such as entering school, seeking employment, property rights, voting rights, marriage, military and naval service, veterans' benefits, travel outside the United States, etc., when a birth certificate is required.

General Laws, Chapter 46, Section 6, provides that "Parents within 40 days after the birth of a child, and every householder within 40 days after a birth is his house, shall cause notice thereof to be given to the town clerk of the town where such child is born..."

General Laws, Chapter 273 of 1946 provides that "Any resident of this Commonwealth who marries outside the Commonwealth and therafter resides within the United States...may personally present to the town clerk of the town where such person was domiciled at the time of said marriage an original certificate, declaration or other wirtten evidence of the same, or a photostatic copy thereof. The clerk may file such... as evidence establishing such marraige..."

to amend the Oak Bluffs Zoning By-Laws by deleting Section 3-2d in its entirety and substituting in its place the following:
Section 3-2d Home Business

Purpose: To allow for small home occupations which can coexist with their neighbors in a residentially zoned area and at the same time insure that this occupation is consistent with the character of the residential area.

Permitted Uses

1. One business, trade, or profession may be engaged in as an accessory use of a dwelling or an accessory building, by the owner occupant of that dwelling, provided the following requirements are met:

   a. Not more than 3 persons (excluding members of the family residing on the premises) shall be employed on the premises in the home occupation.

   b. Except for a permitted sign there shall be no exterior display or exterior storage of merchandise, material, or equipment and no indication of the home occupation or variation from the residential character of the area.

   c. No offensive noise, vibration, smoke, dust, odor, heat, or glare shall be produced.

   d. Traffic generated shall not exceed volumes normally found in residential neighborhoods.

   e. Parking generated shall be accommodated off-street, other than in a required front yard and shall be limited to 5 parking spaces. Such parking shall be screened from the street and all adjoining lots so as not to vary from the residential character of the area.

   f. The area used for a home occupation shall be limited to one of the following:

      1. 750 sq. feet within a dwelling.
      2. 750 sq. feet within an accessory building.
      3. 750 sq. feet within any combination of dwelling and accessory building.

   g. All home occupations shall conform to the rules and regulations of the Oak Bluffs Board of Health.

   h. There shall be no retailing, wholesaling, or rental of items not principally produced on the premises, unless incidental to other allowed activities.

   i. Items left for service shall be stored indoors within the prescribed area(s) set forth in subsection f. above.

   j. A home occupation shall be limited to not more than 5 customers or persons utilizing a service on the premises at any one time.

2. Home Occupation Certificate

   a. Before any home occupation may commence operaton the owner occupant must apply for a Certificate of Conformance from the Oak Bluffs Building Official. Such application shall include how the proposed home business will confrom to the requirements of Subsections 1a. through 1j. above. If the proposed home business can conform to these requirements the Building Official shall issue a Certificate of Conformance. Issuance of this certificate shall be at a regularly scheduled meeting of the Board of Selectmen. (Notification: Notice of this meeting shall be sent at the applicants expense to all immediate abutters at least 14 days prior to the meeting and a notice posted in the Town Hall at least 14 days prior to the meeting.)

   b. Before any home occupation may be changed or expanded the owner occupant must apply for a Certificate of Conformance as in Subsection 2a. above.

   c. If the home occupation cannot meet the requirements for a permitted use or is denied a Certificate of Conformance the owner occupant may seek a Special Permit for a Home Business from the Oak Bluffs Board of Appeals.

   d. Any change in ownership of a home occupation established under this bylaw shall require the new owner to apply for a Certificate of Conformance from the Oak Bluffs Building/Zoning Official as set forth in Subsection 2-a above.

3. Pre-existing Home Businesses

   a. The owner of any home business or home occupation legally existing at the time of the creation of this By-Law must register with the Oak Bluffs Zoning Official within 90 days of the effective date to this by-law.

b. If the owner occupant of a pre-existing home business wishes to change or expand the home business he must apply for a Certificate of Conformance as in Subsection 2a. above. If the proposed change or expansion of the legally pre-existing home business can not meet the requirements for a permitted use or is denied a Certificate of Conformance the owner occupant may seek a Special Permit for a Home Business from the Oak Bluffs Board of Appeals.

Penalty

Operating a new home business or changing or expanding a pre-existing business without first obtaining a Certificate of Conformance shall result in the owner occupant being subject to a fine of $50.00 per day from the time a cease and desist order is issued by the Zoning/Building Official. Failure to register a pre-existing home business shall result in the owner occupant being subject to a fine of $50.00 per day from the time of notification of the violation.

to amend the Oak Bluffs Zoning Map concerning the R-2 Zoning District in the vicinity of County Road and Barnes Road by changing from R-2 Residential District to R-1 Residential District, all of that area West of County Road that is in the R-2 Residential District.

At this point the Moderator chose to act on Article 20 as it is an article on zoning -

Article 20. Voted unanimously as amended:
to amend the Oak Bluffs Zoning By-Laws by changing Section 3-1e(8) to read:
"Conversion of a house or accessory building..." to read "Conversion or construction of an addition to a home or conversion or construction of an accessory building..."
"G. Any violation of this By-law shall be subject to a fine of $50.00 per day from the time a cease and desist order is issued by the Building Official/Zoning Official and notice is sent to the alleged violator."

Article 16. Kenneth N. Rusczyk, Chairman of the Oak Bluffs Finance Committee announced to the gathering that the Finance Committee had taken no action on this article and that the Town Accountant had not figured this amount into the compilation he had prepared for this town meeting.
And, at this point the Town Treasurer, Patricia A. Costa, rendered the following report:
"A number of you have been concerned as to the Town's accumulated DEBT prior to this Meeting and I have prepared a summation in two parts:
GENERAL OBLIGATION DEBT:
Commencing with VOTES of November 1, 1983 through September 17, 1986 you VOTED to authorize borrowings in the sum of $1,565,620.69. Of this sum we have ISSUED $993,474.69 and the remaining UNISSUED, in the sum of $572,146.00 will be issued as projects require.

WATER DEPARTMENT'S DEBT:
Commencing with VOTES of September 23, 1981 through November 5, 1985 you VOTED to authorize borrowings in the sum of $1,381,583.48. Of this sum, we have ISSUED $960,483.48 and the remaining UNISSUED is in the sum of $421,100.00.

Article 32 will request authorization to amend the original VOTE in order that this UNISSUED sum may be borrowed.

The grand TOTAL of authorized DEBT stands at $2,947,204.17.

Whatever borrowings are VOTED in this ANNUAL TOWN MEETING will accordingly increase this OBLIGATED DEBT."

This Article proceeded to generate a great deal of conservation - several amendments were offered from the floor of which none were voted except the one amendment which is lengthy which was offered by the Land Bank appointees of Oak Bluffs and that motion reads as follows: MOTION: That the sum of $2,750,000.00 is hereby appropriated to acquire for conservation and water protection purposes the land described as follows: "Trade Wind Airport" - the land with the buildings thereon in Oak Bluffs, county of Dukes County, Commonwealth of Massachusetts, being known as the Trade Wind Airport, all

Article 18. Voted as amended -
The agreement printed on page 156 of the 1986 Annual Town Report was amended as follows:

AGREEMENT

"For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged. East Chop Beach Club ("ECBC") and the Board of Selectmen of the Town of Oak Bluffs being duly authorized to do so by a vote of the Town Meeting ("the Town") agree as follows:

1. ECBC authorizes the Town and its inhabitants to use for pedestrian access only a 10'± wide strip of land owned by ECBC which runs from East Chop Drive (a/k/a Commercial Avenue) in an easterly direction to land owned by the Town situated between Nantucket Sound and Oak Bluffs Harbor and known as the "Jetty Beach" (the "license area"). The license area is shown in blue on a copy of a plan of land dated April 27, 1979 (Land Court No. 40278A) which is attached hereto and made a part hereof. ECBC reserves the exclusive right to locate the license area on the ground and to place or construct at Town expense whatever barriers are deemed necessary by ECBC to physically delineate the license area. This license is non-exclusive, i.e. the Town does not have the exclusive right to use the license area.

2. ECBC and the Town agree that the right described in paragraph 1 is not an interest in real estate but is a contractual right. The right does not run with the land and is not appurtenant to any land of the Town. The right described is neither assignable nor transferable. This agreement shall automatically and immediately terminate upon the sale, lease, transfer or conveyance of the Jetty Beach by the Town or the sale, transfer of conveyance of the ECBC land. ECBC shall have the right, upon ten days written notice to the Town, to terminate this Agreement in the event that the Town fails to fulfill any of its obligations under this Agreement. In the event that ECBC elects not to terminate the right for any breach by the Town, this shall not be deemed a waiver of the right to terminate. The Town, upon authorization by a vote of the Town Meeting, shall have the right, upon ten days written notice to ECBC, to terminate this Agreement.

3. The Town agrees that it shall have the exclusive obligation to police, patrol and maintain the license area. ECBC does not undertake any obligation to maintain the license area. The Town further agrees to prevent, repair and/or remedy any damage or injury to the license area.

4. The Town agrees to indemnify and hold harmless ECBC, its officers, directors, members, agents and employees of and from all claims, demands or causes of action arising out of or relating in any way to the use of the license area and/or the Jetty Beach by any person or entity. The Town, recognizing the nature and location of the Jetty Beach, agrees to patrol, regulate, post and maintain the Jetty Beach in the same manner as other beaches owned by the Town.

5. The Town agrees to restore the 100' easement area situated adjacent to Commercial Avenue to its original condition and to remove the spiles and fishing boats situated in the waters of Oak Bluffs Harbor next to the easement area. The easement area is shown in red on the attached plan. For its part ECBC agrees to remove the barbed wire barrier located between the easement area and ECBC land.

6. The Town and ECBC each acknowledge that they have read and fully understand each of the terms of the Agreement and that the Agreement fully incorporates all of the terms and understandings of the parties.

7. This agreement, which is executed as a sealed Massachusetts instrument, is effective as of , 1987.'' East Chop Beach Club
By Its President
/s/ Walter W. Vail
/s/ Joan M. M. Young, Witness''

This agreement after a great deal of discussion was voted with one amendment to it that being:

2. The Sixty (6th) Sentence. ''In the event that ECBC elects not to terminate the right for any breach by the Town, this shall not be deemed a waiver of the right to terminate.'' It was voted this sentence be removed.

This sentence has been removed in good faith and the East Chop Beach Club will confirm this in writing. This was agreed to following the suggestion of the Oak Bluffs Town Counsel, William P. Franzese and Dr. Calhoon Howard who was representing the Beach Club.

MOODY'S MUNICIPAL CREDIT REPORT

Oak Bluffs, Massachusetts — November 11, 1987

	New Issue	General Obligation/Special Tax
sale:	$1,800,000	Municipal Purpose Loan of 1987
date:	For bids November 17	

Moody's rating: A

opinion: A growing but limited tax base and satisfactory finances provide upper medium security for a modest amount of rapidly amortized debt. Support from water user charges for limited tax debt is an additional rating factor.

key facts:

Debt Burden:	0.7%	1983 per Capita Income as % of of State:	81.5%
Payout, Ten Years:	88.4%		
Tax Pledge, This Issue,		Property Taxes as % of Revenues,	
Unlimited:	$520,000	FY 1986:	62.1%
Limited:	$1,280,000	Undesignated General Fund Balance as	
F.V. per Capita, 1987:	$203,285	% of Revenues, FY 1986:	18.5%

analysis: This is the first bond sale by Oak Bluffs, a small resort community located on the Island of Martha's Vineyard. The town continues to experience steady growth in its seasonal resort economy, which reportedly increases the summer population to 27,000. This had led to increased commercial development and ongoing construction of second homes with $46 million in building permits reportedly issued over the last five years. This new growth and increasing property values have permitted Oak Bluffs to annually increase its levy well above Proposition 2½ minimums. Resident wealth levels are well below average and somewhat skewed by a large portion of elderly persons. Employment trends mirror the seasonality of the economy.

Debt position is favorable. A portion of this issue's debt service will be paid from taxes levied outside Proposition 2½ limits, while most of the limited tax bonds issued for water improvements are expected to be paid from user fees already in place. No additional bonding is contemplated.

The town's satisfactory financial position is primarily supported by property taxes. While current tax collections are slow due to a large portion of seasonal taxpayers, total collections are strong.

FINANCE COMMITTEE

Last year I reported that Oak Bluffs was in good financial shape. Realistically that is no longer the situation. Like most municipalities in Massachusetts, we have been caught in an economic vise. On one side we have Proposition 2½, a statutory limitation on property tax (our major source of revenue), the elimination of federal revenue sharing and the reduction of many federal giant programs.

On the other side is our growth and the obvious increases of related social services. We have had a 15% increase in our elementary school enrollment in the last two years. Some town departments are asking to increase staff to maintain their quality. Our burgeoning solid waste disposal and septage problems have very expensive solutions.

During last year we totally exhausted our free cash reserves to stay within the limits of Proposition 2½, eliminating the need of an override. The free cash safety net is no longer there.

Please remember the budget you vote tonight is your money. Every $473,263. you spend increases your tax bill by one dollar per thousand evaluation. Vote wisely.

The year ahead will present a formidable challenge to the Finance Committee. We will continue to monitor spending, ask questions and faithfully recommend to the Town.

Our meetings are posted and we invite you to attend.

Respectfully submitted,

KENNETH N. RUSCZYK
Chairman

To revise and add the following to Section 7-1 (d) and (f) of the Oak Bluffs ByLaws:

7-1 DIMENSIONAL REQUIREMENTS

d. B-1 Business Districts

1. No building shall be erected within 5 feet of a street.

2. The maximum building height shall be 35 feet.

3. By special permit only, the Board of Appeals may allow a building height of up to 50 feet, if in addition to meeting the requirements of section 8-5-D, an applicant must also show that the increase in height is in keeping with the Victorian Architecture prevalent in Oak Bluffs at the turn of the century and will enhance rather than detract from the unique architectural character of Oak Bluffs.

4. Any building in existence at the time of the passage of this ByLaw that is higher than 35 feet shall not be considered a non-conforming building in the consideration of any future permit applications.

5. No structure shall be changed from Residential to Commercial use and no permit to construct or enlarge a business shall be issued unless adequate off-street parking is provided and approved by the Planning Board in accordance with the following:

a) Retail sales and services establishments: one parking space for each 100 square feet of new floor area for the first 500 square feet and one parking space for each additional new 200 square feet.

b) Places of public assembly: one parking space for every additional five seats within.

c) Restaurants, Theaters, Halls, Clubs: one parking space for each additional four seats.

d) Office or professional use: one parking space for each 150 square feet of new gross floor area.

e) Inns, hotels, or guest houses: one parking space for each of the first additional five bedrooms and one parking space for each three additional bedrooms.

f) Other undefined uses: the number of parking spaces required will be determined by the Planning Board after evaluating the projected demands.

6. If, due to the location of a building or buildings presently on a lot, an applicant is unable to provide any or all of the parking spaces, as required above, said applicant may apply to the Board of Appeals for a variance from the terms of 7-1-d (5) to allow less than the required number of parking spaces. If the Board of Appeals finds that the applicant cannot legitimately provide adequate parking, the Board shall grant a variance to the applicant while insuring that the maximum number of parking spaces possible be provided.

To see if the Town will vote to transfer from Water Revenue Surplus the sum of $200,000.00 (TWO HUNDRED THOUSAND DOLLARS), for the purpose of paying the remaining money owed on the Water Storage Facility loan, or any part thereof, thus reducing the Water Department debt, or take any action relative thereto. (Water Department Article). Recommended by Finance Committee.

Article 54. To see if the Town will vote to accept the provisions of Massachusetts General Law, Chapter 40, Section 39K, an Act Authorizing Cities and Towns to Establish Enterprise Funds, or take any action relative thereto. (Water Department Article).

Article 55. To see if the Town will vote to establish an Enterprise Fund for the Water Department pursuant to Chapter 40, Section 39K of the MGL, and give the Board of Water Commissioners control of all equipment,

personnel, records, lands, rights of way, easements, water rights, vehicles and all other articles pertaining to Cottage City Water Company and Oak Bluffs Water Department from their time of creation to the present, and to allow the Board of Water Commissioners to create all necessary accounts for the appropriated 1988/1989 budget or take any other action relative thereto. (Water Department Article).

Article 56. To see if the Town will vote to raise and appropriate the sum of $3,111.00 (THREE THOUSAND ONE HUNDRED ELEVEN DOLLARS) to replace the water main into the Sailing Camp, or take any other action relative thereto. (Conservation Commission Article). Not recommended by Finance Committee.

Article 57. To see if the Town will vote to raise and appropriate the sum of $4,680.00 (FOUR THOUSAND SIX HUNDRED EIGHTY DOLLARS) for the salary of the summer caretaker/manager at Sailing Camp Park from July to mid-September, 1988 and mid-May through June 1989, or take any other action relative thereto. (Conservation Commission Article).

Article 58. To see if the Town will vote to amend the Oak Bluffs Zoning ByLaws by adding a new Section 21:

SECTION 21 - PHASED DEVELOPMENT OF SUBDIVISIONS The purpose of this ByLaw amendment is to allow the Town to control the speed of future residential growth so as to enable comprehensive fiscal and land use planning.

21. Phased Development - Subdivisions

Commencing on the first publication of notice of Planning Board hearing pertaining to this ByLaw, building permits for the construction of new residential dwellings in a subdivision (approved under MGL 41 s. 81 on or after the effective date of this bylaw), shall not be granted at a rate per calendar year greater than as permitted by the following schedule, commencing in the year the subdivision is approved.

21-1 For subdivisions containing a total area of land sufficient to provide more than 10 lots at the maximum density permitted by the Oak Bluffs Zoning ByLaws for the district in which such lots are located, the number of permits allowed for new residences per calendar year shall not be more than one-tenth of the number of lots permitted based on said maximum permitted density.

21-2 For subdivisions containing a total area of land insufficient to provide 10 or more lots at the maximum density permitted by the Oak Bluffs Zoning By-Laws for the district in which such lots are located, not more than two permits shall be allowed per calendar year.

21-3 Any lots covered by Section 21-1 and 21-2 which are hereafter sold or otherwise transferred to another owner shall include in the deed, notification that issuance of a building permit is controlled under Section 21, Oak Bluffs phased development bylaw, or take any other action relative thereto. (Planning Board Article).

Article 59. To see if the Town will vote to rescind Article 24 of the Annual Town Meeting held on April 10, 1984 to appropriate the sum of $25,000.00 (TWENTY-FIVE THOUSAND DOLLARS) for constructing septage lagoons for sewage treatment and disposal purposes and to determine whether such appropriation shall be raised by borrowing or otherwise, and as amended at the Special Town Meeting held on April 9, 1985: VOTED as amended the following motion presented by Selectmen Edmond G. Coogan - I move that the Town vote to confirm, approve and authorize the issuance of bonds or notes of the Town in accordance with the provisions of Chapter 44 of the General Laws, Chapter 645 of the Acts of 1948, as amended, or any other applicable enabling authority, for the purposes described in, and pursuant to, the votes adopted under Article 23, 24, 25 and 26 of the Warrant for the Annual Town Meeting held on April 10, 1984. (Board of Selectmen Article).

Article 60. To see if the Town will vote to raise and appropriate the sum of $15,000.00 (FIFTEEN THOUSAND DOLLARS) to audit the general ledger of the Town of Oak Bluffs, or take any other action relative thereto. (Board of Selectmen Article).

The Annual Town Meeting shall be adjourned until Ten O'Clock in the morning April 14, 1988 at the School Gymnasium, School Street.

This 1988 Annual Town Report of the Town of Oak Bluffs is dedicated to the memory of James H. Gibson who died January 28, 1988 after serving our community for many years as Town Electrician.

James H. Gibson

For forty years Jimmy took pride in designing and installing the Christmas lights for the Town of Oak Bluffs. He looked forward each year for the time when he could start working on "his" lights.

He was also instrumental in the construction of the Martha's Vineyard Ice Arena through his unselfish dedication and untiring work.

REPORT OF THE CHAIRMAN OF THE BOARD OF SELECTMEN

Dear Fellow Citizens:

A celebration! This is what over cover depicts and this should be a reflection on our mood everytime we think about our good fortune to be citizens of Oak Bluffs. Our town continues with its face lift with several major renovations and new construction.

We are happy to have Mike Kaplan, our new Town Accountant, on the job. Mike is making a strong positive stride in helping us get control of the town's financial management. Congratulations to Mike on his recent election as a Fellow at the Massachusetts Society of C.P.A.'s.

The Water Department is now in its beautiful new offices on Vineyard Avenue. Superintendent Steve Kenny and his people continue to replace old rusted water lines with new lines and fire hydrants, now having replaced about half of them.

We have our new fire engine. The Fire Department performed heroically during the sad night in September when four houses were torched. Our thanks to all who worked so hard to protect our town. Also, the Fire Department saved the Mainstay at Sailing Camp Park. Our thanks to the Conservation Commission and Town Electrician Bob Anderson for their hard work to get the Mainstay temporarily repaired so that over 1,000 citizens could enjoy its facilities last summer.

The Resident Home Site Committee is close to completing a new 20-lot subdivision. Eleven lots have been assigned by lottery with more to come soon.

Our Highway Department employees, under the leadership of Superintendent Herb Combra, has again stepped in to solve a problem for the town's benefit....this time with the addition to the Town Library. Congratulations to Mr. Combra on his election as a County Commissioner.

The town does have several problems of gigantic proportions which seem to compound each other....State environmental demands for refuse and wastewater treatment; growth problems demanding expansion of schools and police; deteriation of our waterways, harbor and highways.....and all without the usual support of the State.

The good news is that every problem can be solved. To do this will take serious long-range planning and much hard work. With the right planning, some problems could actually be opportunities.

We are taking positive steps in this direction as follows:

At the July Special Town Meeting, you voted unanimously to hire an Executive Secretary. Hopefully, we will fund this position and it will become a reality during this fiscal year.

We have a new active Citizens Committee to study and make recommendations to the long-range capital improvement concerns of the town.

We have a new Planning Advisory Committee to study the potential planning of an **economic** development area that could solve our long-range capital improvement needs as well as some other financial problems without further burdening our ad valorem taxation. This 230 $\pm$ acres listed as 'unknown land' is our last, best hope.

Let it not be said by future generations that we just 'got by'. Let them say of us, "They worked hard and made sacrifices to protect this special place not only for their benefit, but for their future heirs."

I want to thank Selectmen Jesse Law and Roger Wey for their help and guidance. Also, a special thank you for the support and patience of our Town department heads while I was learning my job responsibilities.

This has been an interesting, exciting and challenging experience. Should you have a deep belief, as I do, that real happiness in life is what we give and not what we receive, then I would strongly recommend public service to you. Being able to serve you for the last ten months has been an honor and a privilege. Thank you.

Respectfully submitted,

HIGHWAY DEPARTMENT

Oak Bluffs Board of Selectmen
Oak Bluffs, MA 02557

Honorable Board of Selectmen:

I submit to you my annual report. The year 1988 has past. During the past year I feel there was a lot accomplished by the Highway Department.

At the beginning of 1988 we had the unfortunate passing of our Town Electrician Jimmy Gibson. Jimmy was a faithful and dedicated employee for many years. He was also a dear friend. The Highway Department carried on some of the duties of the electrician until we were able to fill the position.

Robert Anderson has been appointed Town Electrician/Wire Inspector. I am happy to have Bobby around and feel he is doing a good job.

The senior citizen's addition was completed on time and is being well used.

During the year besides our normal duties we have worked closely with the Water Department. Working together with equipment and personnel, we have saved the taxpayers thousands of dollars.

School Street has been completely rehabilitated with new curbing, sidewalks, water mains, water services, hydrants and completely repaved. Second Avenue and Franklin Street have new water mains and has been repaved. Pacific Avenue and Maple Avenue were also repaved.

The Highway personnel built a new handicap ramp at the school making accessibility to the school and gym more convenient and safe.

The collection of rubbish this past summer was a little easier with the new rubbish truck purchased this year. The 16 yard packer replaced the 1972-8-yard packer. The men thank the taxpayers for the new equipment.

In October we started the addition to the library. We are hoping for a May completion date. I'm sure the seasonal and year round residents will be pleased with the additional space.

This year will be a difficult year with our rubbish being taken to the central landfill in Edgartown. I'm sure additional personnel will be needed. The Highway Department will do its best to maintain the service the residents are used to.

I would like to thank the selectmen and all departments and the workers under my supervision for their continued cooperation and support.

Respectively submitted,

HERBERT A. COMBRA, JR.
Highway Superintendent

POLICE DEPARTMENT

Board of Selectmen
Citizens of Oak Bluffs:

I would like to first thank the residents of Oak Bluffs for their continued support of this department. Your cooperation is reflected in the moral of the men and officers while in the performance of their duties.

The additional patrolmen that were added this year increased the effectiveness of our department, as is reflected in the office records, and it has also paved the way for structural changes, with promotions of James S. Marshall to Detective Sergeant, and George H. Fisher, Jr. to Patrol Sergeant. Both Sergeants, Marshall and Fisher, are highly respected within this department as well as in the community and together they have more than thirty years longevity with the Oak Bluffs Police Department.

Again this year, Oak Bluffs survived the on-slaught of summer day-trippers, tourists and visitors, without showing too much wear and tear. Logistically, hundreds of thousands of people and cars were moved through, around, in and out of town, without the disruption of service.

We still have problems related to mopeds, but we hope that they will be minimized through either local or legislative action.

This past winter the towns fire and police departments mobilized in search for a resident who became lost and disoriented. It was a huge effort that was headed by this department and also involved all other island agencies, as well as the Coast Guard and the State Police. This all-our effort in searching the outskirts and woodlands of Oak Bluffs culminated twenty-four hours later. The resident was found, but tragically had not survived the exposure to the elements.

In closing, I would reiterate my comments of last year, that Oak Bluffs has a compliment of men and officers that the town can be proud of. This loyalty and dedication to the town is demonstrated on a daily basis.

My thanks to the Board of Selectmen and all other departments that have worked and cooperated with us during the past year.

WATER DEPARTMENT

It has been another busy year for the Water Department in 1988.

We have received two separate $500,000.00 grants from the Mass. Department of Environmental Quality Engineering to replace undersized water mains around town, to enhance fire protection and water quality. There has also been a gift of $32,000.00 from the Mass. Department of Health to start up and supply us with fluoridation system to strengthen teeth and bones in the young and help curb osteoporosis in our older citizens. We will be starting up our neutralization system soon, to raise the waters pH and stop the staining problems and aggressive nature of our water.

Our staff size has increased and we welcome three new maintenance craftsmen; Juan Martinez, Brian Alwardt and David Medeiros.

Along with our new personnel, vehicles and computerware, we have a new office. It is located on Vineyard Avenue, across from the Catholic Cemetery. For your convenience we have installed a mailbox in Town Hall for your letters and payments.

With all the mains being replaced, we have installed or replaced 35 new fire hydrants, 87 new water meters and 8 new backflow preventers.

Our customers have increased by 153, bringing the last five years total to 1,014 new customers. Since our total number of services is 3,408, one can see the rapid growth the Town has encountered.

Along with this growth, the water pumpages have dramatically increased. Note the following;

YEAR	TOTAL YEARLY	LARGEST WEEK	LARGEST DAY
1986	216,066,825	9,150,000	2,045,000
1987	182,290,945	9,719,800	1,874,200
1988	355,288,000	16,240,500	2,837,800

If the pumpages and growth continues to increase at this pace, we will need a new pump station in five years. With this in mind we would like to stress the conservation of water especially when watering lawn and washing cars.

We would like to thank our customers for their time and patience during our numerous projects and hope the best for them in the coming year.

FIRE DEPARTMENT

Board of Selectmen
Town of Oak Bluffs
Oak Bluffs, Mass. 02557

For the year of 1988 the Oak Bluffs Fire Department had a total of seventy (70) alarms, eight of which were of suspicious nature. We also had two firsts: four fires in the early morning of the same day, also seven men injured extinguishing the same calls (a broken leg the most extensive). I am proud to report that the Department carried out all the phases of extinguishment in a most professional manner and a special thank you to Tisbury and Edgartown for the mutual aid.

We have our new E-One 1250 gallon pumper in service. It certainly is an asset to our Department. It has been said that it was too big and expensive a truck for the Town of Oak Bluffs, time will prove them wrong and that it was definitely a necessity. Sorry to say it but we are badly in the need for one more new truck to replace Engine No. 3. We are endangering the lives of the pedestrian and the men responding to fires on that piece. We are putting together a package plan to cover the immediate future.

All necessary inspections have been done by this department.

Again I would like to thank you and all the citizens of our Town for their continuous financial backing and support, thank you.

AMBULANCE REPORT

In this past calendar year the ambulance responded to a total of 500 calls. It was one of our busiest years.

We have taken steps to improve our service through continuing education programs and training a core of first responders to assist us at fires and other large scenes.

The hospital put their own ambulance into service on June 14, 1988. It is now handling evacuation transports, which has freed Oak Bluffs from that responsibility.

We would like to take this opportunity to thank all those employers that allow their EMT employees leave work in time of need.

SHELLFISH DEPARTMENT

Board of Selectmen
Town of Oak Bluffs
Oak Bluffs, MA 02557

Dear Members of the Board:

I submit to you my report for the year ending December 31, 1988. It was an exceptionally good year for the rafted quahog seed received from the shellfish hatchery. We raised and distributed 234,000 quahogs in Sengekontacket and Lagoon Ponds. We tried a new technique in planting the quahogs by cultivating the bottom with a water jet pump, which enabled the seed an easier entry and less chance of predation.

We received 432,000 seed scallops which were distributed into the faster growing areas of the Lagoon and Sengekontacket Ponds.

Taylor Seafoods, who are going to have the lantern net project off Oak Bluffs, also contributed 50,000 seed scallops to the Town. Hopefully, with all this scallop seed, we will have a productive year in 1989.

Removal of starfish was continued by mop dragging and potting in the Lagoon. There was a considerable effort by the Board of Selectmen, Board of Health and other concerned groups to get the dredging project in Sengekontacket underway. Due to lack of funds at the state level, the project was postponed.

There is also a plan for another culvert going into Farm Pond, which would increase the circulation and salinity. We have been planting quahog seed there, with the hope that this will be a productive pond in the future.

I would like to thank Robert Williston and Francis Bernard, the Deputy Wardens, Rick Karney and Tony Chute, of the Martha's Vineyard Shellfish Group, and Ed Bugbee for their contributions to the Shellfish Department.

Respectfully submitted,

RICHARD F. MADEIRAS
Shellfish Constable

MARTHA'S VINEYARD SHELLFISH GROUP

To Board of Selectmen:

With financial support from five Island towns, the County, and private donations, the Martha's Vineyard Shellfish Group has been able to continue its program to manage, protect and expand the Island's shellfish resources.

A review of our 1988 program follows.

Solar Shellfish Hatchery - Assistant Toni Chute and myself truly amazed ourselves with this year's production. We produced over 1 million quahogs; cultured over 1,700,000 scallops (almost double last year's production); and released over 35 million oyster larvae! With the assistance of the town Shellfish Constables, our hatchery-produced seed shellfish have been planted in Island ponds to supplement natural stocks. In most seeded areas, commercial and family permit fishermen are harvesting our genetically-tagged shellfish.

Algal food production at the hatchery has been improved with newly installed high intensity lighting and CO_2 enrichment systems. With state grant funding, a major renovation of the rock revetment supporting the hatchery building has been completed.

We continue to provide tours, educational programs and exhibits to instill a better understanding and appreciation of the Island's shellfish resources.

Pollution - The wealth of this Island depends upon the health of its ponds. Nowhere is this better illustrated than with the Island shellfish industry which demands clean water. What better indicator of a clean environment than a healthy shellfish industry! It is no wonder that our efforts to enhance the shellfisheries put us in the forefront of the battle against pollution.

We continue to play a major role in the Clean Lakes Program studies of the Lagoon, and Tisbury and Edgartown Great Ponds. I chair the Lagoon and Tisbury Great Pond study committees and the Tisbury Great Pond Think Tank, a citizen's pollution task force. I am assisting with pollution studies of Katama Bay and Squibnocket Pond.

Lagoon Herring Run - Construction plans have been completed by the USDA Soil Conservation Service. We have begun permit applications for the construction of this fishway to expand the local population of a fish species that is a vital link in the ocean foodchain.

For more specific information about our program please call 693-0391.

BUILDING INSPECTOR

Board of Selectmen
Town of Oak Bluffs
Oak Bluffs, MA 02557

To the Citizens of Oak Bluffs:

Another exciting year has past, and once again it has not been without its challenges and situations which at times were most trying, but the encouragement and cooperation I have received from the citizens of Oak Bluffs and its several town boards was most gratifying, and with your anticipated support Oak Bluffs will continue to progress.

A complete list of building permits issued for the year is on file in the Building Inspector's office and on the Town Hall bulletin board.

Total Number of Permits Issued:

New Homes	90
Additions/Removations	101
New Commercial	2
Others: Garages, Sheds, Decks	72

The estimated costs for new homes was $7,271,146.00. For additions, alterations and renovations, $2,996,932.00 and for all others combined, $785,695.00.

Building Permits	$22,420.10
Plumbing Permits	$12,695.00
Wiring Permits	$ 4,650.00

ZONING BOARD OF APPEALS

To the Townspeople of Oak Bluffs:

The Board of Appeals has had another busy year. As we all know there has been a tremendous amount of new construction, reconstruction and remodeling which has occurred in the town. Some of these projects have required action by the Zoning Board of Appeals, (ZBA). As the demand for more places to stay increases and the amount of buildable land decreases the values of existing properties increase. Along with this comes an understandable desire by many property owners to do more with their property than might be allowed under current Zoning By-laws. It is at this point that the ZBA is petitioned to grant relief from the constraints of a particular By-law. The ZBA must decide, based on all the information it can gather, whether granting relief will be a benefit or a detriment to the town. Usually some agreement is reached where all the concerned parties are satisfied.

The process is not easy and requires the help and cooperation of many town departments and Boards. The ZBA heard and decided thirty-six cases in the past year. This would not have been possible without this cooperation or the dedication of my fellow board members and the able assistance of our new clerk. The ZBA's work has also improved due to its new office, shared with other Boards in the Town Hall. I would like to take this opportunity to thank everyone who has helped the ZBA in their work and look forward to continuing to help find solutions cooperatively which will improve the quality of life in Oak Bluffs.

PERSONNEL BOARD

I hereby submit my annual report to the citizens of Oak Bluffs:

It is with deepest regret that June Manning Rose leaves after many years of faithful service to our Board since its inception in 1978. Her experience, knowledge and guidance will be greatly missed and we wish her the very best in all future endeavors.

Our membership has increased from five to seven and I wish our new members, Mr. Blair and Mr. Henke the best of luck in the difficult issues and agenda now facing us.

This past year, by unanimous vote, all permanent employees of the Town will receive a 7% cost of living increment.

Our thanks to all Town Employees and Department Heads for their help and anticipated support in the ensuing year ahead.

RESIDENT HOME SITE COMMITTEE

To the Board of Selectmen and Townspeople of Oak Bluffs:

The Resident Homesite Committee is pleased to report that over the past year we have established our rules and regulations and are now in the process of awarding lots to eligible candidates.

At present, we have awarded eleven homesites on 99 year leases and anticipate awarding more in the future.

We have found the island banks to be very supportive of this program and in most cases are awarding mortgages to the Resident Homesite recipients at 2% below the going mortgage rate.

We have also reached an agreement with the Regional Housing Authority and anticipate two grants to be awarded to the Resident Homesite Committee for the sum of approximately $60,000.

MARTHA'S VINEYARD TRANSIT AUTHORITY

Dear Selectmen:

The Martha's Vineyard Transit Authority's LIFT service assisted many elderly, handicapped and those with special needs in getting to countless locations. At those locations there exist the necessities of life that most of us take for granted, such as shopping stores, pharmacies, Doctor's offices and nutrition sites.

Ridership on the LIFT during 1988 reached 27,578 passengers. During the year the Authority renewed school bus transportation for special needs students. The highlight of 1988 was the great increase in the number of employment trips for the Island's special needs population. These trips increased by 34% with 3,038 trips in 1988 and 2,269 in 1987.

At the close of 1988 it is evident that the Martha's Vineyard Transit Authority has become an integral part in upgrading the transportation services of the citizens, visitors and elderly of Martha's Vineyard. More than at any other time in its eight year history has the Transit Authority been seen as a viable resource in expanding the transportation options for all of us. It is the aim of the Authority to meet these needs in the year ahead. We plan to do it with your help. You can voice your concerns and needs to your town's Advisory Board member or you can call me anytime at 508-627-9663.

On behalf of the Authority, I wish to thank all of those involved in making 1988 a very successful year.

MARTHA'S VINEYARD LAND BANK COMMISSION

The Martha's Vineyard Land Bank began operations on May 12, 1986. The Massachusetts Legislature Chapter 736 of the Acts of 1985 created the Land Bank, and the voters of the six Island towns approved the Land Bank at their respective town meetings in 1986. Oak Bluffs approved the Land Bank by a vote of 636 to 315. According to the Chapter 736 a 2% real estate transfer fee is collected and the monies are used to acquire and manage open lands on Martha's Vineyard.

Amendments to the Land Bank Legislature were approved by the vote of island residents in 1987 and Chapter 673 of the Laws of 1987 was signed by Governor Michael Dukakis in January of 1988. These amendments streamlined financial operations and clarified various sections of the previous legislation.

In the year 1988 the Land Bank revenues came to a total of $3,011,998. Revenues from Oak Bluffs were 18% of the total collected. As of the end of 1988 the Land Bank owned 356 acres of land and 39 acres of development rights. During 1988 the Land Bank purchased its first land in Oak Bluffs at the recommendation of the Advisory Board. The 14.1 acres of woodlot were purchased to protect the headwaters of the Lagoon. In addition, the Land Bank Commissioners signed a Purchase and Sale agreement in December to purchase 9.7 acres on Farm Pond in Oak Bluffs.

Priscilla Sylvia, Oak Bluffs' elected member of the Commission, completed her term as Chairman during 1988. Through the generous efforts of the members of the Advisory Board new properties in Oak Bluffs continue to be considered for acquisition by the Land Bank.

BOARD OF HEALTH

To the Selectmen and Citizens of Town of Oak Bluffs:

In the three years since the Board of Health has been an independent elected Board, great strides have been made, challenges met, and difficult issues resolved.

As Chairman of the Board, this past year has been especially fulfilling and gratifying serving the people of Oak Bluffs. The following is a list of ongoing projects:

Septage and Grease Disposal-Administrative Order Docket#765
Regulatory and Erosion Control Lagoon Pond, Oak Bluffs.
Solid Wastes, Closure Landfill - Application #SESW 88-15.
Farm Pond Engineering Studies

I would like to thank the other two members of the Board, Russell Combra and Michael Joyce, as well as Cynthia Barletta, Health Agent, and Barbara Houtman, Senior Clerk to the Board for their contributions to the Town during the past year.

Your continued support in complying with the Board of Health Rules and Regulations will help to assure the townspeople a healthy environment in which to live.

Respectfully submitted,

KENNETH J. DEBETTENCOURT
Chairman

RECEIPTS TAKEN IN:

MARTHA'S VINEYARD REFUSE DISPOSAL AND RESOURCE RECOVERY DISTRICT

The year began with the District considering two sites for the location of its Administrative Offices, Recycling Center and Central Transfer Station. After evaluating parcels adjacent to both the Tisbury and Edgartown Landfills, the former was chosen, due to its more central location and also because the Board of Health and the Board of Selectmen in Tisbury supported the Tisbury site.

After the Tisbury Board of Health assigned the parcel for solid waste management uses, an appeal of the assignment was made to the DEQE by several abutters. After carefully reviewing its options, the District chose not to pursue the Tisbury site at this time due to the high costs involved in such a pursuit, for a site that would not accommodate all of the District's needs.

It was eventually determined that the District would move to construct an interim transfer station for SEMASS-bound wastes on the Edgartown site, as that parcel had received approval from the DEQE for transfer station purposes in a modificatin of the assignment of the parcel by the Edgartown Board of Health. The year ended with the preliminary design of the interim transfer station being prepared by the District's engineering consultants.

Negotiations throughout the year with the SEMASS Partnership resulted in a proposed service agreement, having many terms both unique to and also in favor of the Island's situation. It is our intent to begin shipping wastes to SEMASS in July of 1989.

Recycling continued to increase, both in those portions of the waste stream recycled, as well as the total tonnage of material recycled. The white metal and appliance recycling program which began in 1987 continued in 1988, as did the programs to recycle newspaper and glass. New programs were initiated for corrugated cardboard and tires, while the year ended with programs about to begin for the recycling of plastics, tin cans and deposit beverage containers. We will take delivery in February of 36 dumpsters and a 31 cubic yard packer truck which will be used to further increase our ability to store, process and transport recyclables.

During 1988, the District Committee created and filled the position of Operations Manager, as the year saw the District recycling more of the waste stream with each passing month. Also, the District's educational program in the schools continued.

Waste oil collection expanded, with the total amount recycled to date passing the 50,000 gallon mark in 1988. Several businesses were assisted in properly sending their hazardous wastes off-island for proper disposal through a District sponsored "milk-run".

The District's pilot program for the collection and storage of Harmful Household Materials received national attention. The program differs from the once a year event at the High School which was conducted in 1985 in that it allows residents to bring harmful materials to a central site several times during the year where they are received, categorized and stored for bulk shipment off-island by a licensed transporter. The DEQE is currently evaluating the results of the pilot program and it is the intent of the District to make this a permanent part of our system.

The year was not without controversy, as it saw the voters in Edgartown take the first of two steps needed to withdraw from the District at the Annual Town Meeting. Much progress has been made since that time, however, as a result of a series of meetings to review possible changes to the Agreement which formed the District in 1983. Three such changes are proposed to be voted on at the 1989 Annual Town Meeting in each community which would allow the District to more properly address the Island's solid waste management needs. An affirmative vote at each of the six Town Meetings will be required to make these changes.

The FY 90 Budget which the District Committee approved in December of 1988 calls for a reduction in the assessment to the member towns despite a doubling of the total budget. This is made possible by the fact that

in FY 90, the burden of paying for proper solid waste management will be placed on those who actually dispose of wastes, rather than the taxpayers in general. Individuals and businesses who take the time to separate the recyclables from the disposable portion of the waste stream will find their costs reduced accordingly.

As the District begins to construct its total solid waste management system in 1989 (Interim Transfer Station and Local Dropoff Centers) we will make application for State assistance under the Solid Waste Act of 1987, which is structured to offer maximum financial assistance and incentives to regional agencies.

COUNCIL ON AGING

The new addition to the Center, made possible by State grants, the contribution of planning and labor by Herbert Combra and the Highway Department, and fund raising efforts by F.O.B.C.A. (Friends of the Oak Bluffs Council on Aging), is being greatly enjoyed by many of our Senior Citizens. We are now able to have two activities at the same time.

Art Exhibits decorate the new room and there is an ''open house'' and change of artists once a month, on Sunday afternoons from 4 P.M. to 6 P.M

Our continuing activities include bridge, bingo, cards, aerobics, arts and crafts, art classes, line dancing, caning during July and August, arts and humanities, men's day, health screening, legal, tax and insurance help, social security once a month, surplus food distribution, and fish distribution during the Derby, also special programs and demonstrations.

Our wonderful volunteers fold all the newsletters for the entire island - over 1600 each month. They also assist with food distribution, health screening, and the delivery of holiday meals to the elderly homebound.

A new program ''People Helping People'' was recently started. This is a volunteer program intended to encourage active seniors to help those who are less active. A variety of services are needed, and many active and capable seniors who are able and willing to help. We hope that this program will grow as people become familiar with it.

One of our oldest and most faithful board members (and very active volunteer) passed away in January. Margaret Steele (Maggie) will be long remembered and sadly missed.

The Outreach Worker is now an employee of the Town of Oak Bluffs. This position was financed by a grant previously. Alison Piazza, in this position, contacts clients and is available to those who call with problems. Beryl Pond continues as director and Louise Bugbee as Assistant Director, Gertrude Rezendes as Activities Director and Raymond Phillips as Maintenance Man.

The Board and staff appreciates the splendid cooperation we receive from the Selectmen, and from all the other members of the Oak Bluffs governmental family.

ELDER SERVICES OF CAPE COD AND THE ISLANDS, INC.

Board of Selectmen
Town of Oak Bluffs
Post Office Box 1327
Oak Bluffs, MA 02557

The coordination of effort by town, county, and other community organizations to address island needs has been the topic of much conversation on Martha's Vineyard this year. Elder Services of Cape Cod and the Islands, Inc. is a regional organization which combines Federal, State, County and Town resources with participant donations to provide services to Martha's Vineyard elders.

In 1976, Elder Services of Cape Cod and the Islands, Inc. began services on Martha's Vineyard; its mission.

> "To mobilize existing island resources in a coordinated approach toward the delivery of social services to elders on Martha's Vineyard.

Accomplishments within this mission were many during Fiscal Year 1988.

Administrative responsibility for transportation services has been successfully transferred from Elder Services of Cape Cod and the Islands, Inc. to the Vineyard Transit Authority. This year a change of name — from Island Senior Van to The Lift was made to reflect the broader goals, purpose and support of the service which provides Dial-A-Ride transportation to island seniors and handicapped adults, as well as program participant transportation for: Nutrition Programs, Council on Aging activities, Edgarotwn Council on Aging Social Day Program, Daybreak, Project Able, Vineyard Employment Opportunities, the Martha's Vineyard Hospital Long Term Care Unit, Martha's Vineyard Regional High School Special Needs Program.

Home Care Services designed to assist frail elders to sustain independence in their own home are provided by combining the resources of Elder Services, the town Councils on Aging and island service organizations. Elder Services staff provides information, needs assessment and care management; Councils on Aging provide outreach, telephone reassurance, friendly visiting, social activities, etc. In-home care is purchased from home health agencies, and other local service programs. During FY'88, 183 frail low-income Martha's Vineyard elders received home care. Elder Services of Cape Cod and the Islands, Inc. purchased services from:

M. V. Community Services - Visiting Nurse Association (Home Health Care)	$102,057.99
Colonial Nursing (Home Health Care)	$55,826.87
Health and Home Care of M.V., Inc. (Home Health Care)	$47,593.54
Edgartown Council on Aging Social Day Care Program (Day Care)	$19,530.83
Island Councils on Aging, Inc. (Chore Service)	$43,773.24
Vineyard Transit Authority (Transportation)	$79,534.00

Volunteers deliver Elder Services' Nutrition Programs Meals on Wheels; Congregate luncheon sites are located at senior centers, the Gay Head Town Hall and a church parish hall. In FY '88, 303 elders were provided

22,278 meals purchased from the Martha's Vineyard Hospital ($66,989.60). In April 1988, a Bag Breakfast Program was started with financial support from the Martha's Vineyard Committee on Hunger and volunteer donations.

Elder Services provides the salaries of Senior Aides employed at the Edgartown, Tisbury and Up-Island Councils on Aging.

A survey of Island elders' needs is made each year. In FY '88, Elder Services of Cape Cod and the Islands, Inc. provided funding to the following agencies to address needs identified in this survey.

Housing Assistance Corporation - Home Repair Program	($12,000)
Legal Services of Cape Cod and the Islands, Inc. - The Elder Law Project	($44,000)
Oak Bluffs Council on Aging - Outreach Worker	($1,950)
Hospice of Martha's Vineyard, Inc. - Bereavement Services	($4,129)
Sight Loss Services of Cape Cod and the Islands - Support Group	($5,440)
Martha's Vineyard Community Services/ Island Counseling Center - In-home Counseling Services	($5,100)

The provision of needed service to Martha's Vineyard elders is a community effort; funds received from the Town of Oak Bluffs are a part of this effort. We wish to thank the Board of Selectmen, not only for the Town of Oak Bluffs FY '88 monetary support, but for their deep concern for elders evidenced by their individual support and participation in the network of services for the elderly currently in place on Martha's Vineyard.

Under the initiation of Herbert Combra, Superintendent of the Highway Department, with the approval of the Selectmen and the Library Building Committee, permission was granted to utilize town employees in the building of our new children's wing. Work is well under way. It is hoped that it will be completed by May, 1989. Our heartfeld thanks to all concerned.

Paul M. Chase, Chairman of the Building Committee, Estelle Surprenant, one of our new trustees, and I have written a 101 page Grant proposal for a Library Construction Grant, in the hopes that the Town will be reimbursed, in part, for their appropriation.

Storytime continues to be well attended and in addition we are servicing two day care and two afterschool programs. The theme for the Library Incentive program this year was "The Gr-r-eat Bring' em Back to the Li-bear-y Adventure". It included two Teddy Bear parties, one in July and one in August, with favorite stuffed animals and toys. Prizes and certificates were awarded.

A well attended open house, sponsored by the Friends of Oak Bluffs Library, was held in July to honor Mildred Fisher, who retired after 10 years of dedicated service to the Library.

After publication and advertising the position, Patricia Jane Maseda was hired as librarian assistant. Upon the retirement of Margaret Harris, chairman of the Trustees, and Patricia Corey, two new trustees were appointed, Estelle Surprenant and David Wilson. Kathleen McKechnie became the new chairman. We are sorry to hear that David Cook, also a trustee, is having health problems at this time. We wish him a speedy recovery.

Jan Cable, a retired librarian, has agreed to use her expertise in up-dating the two card catalogs. Our volunteer staff has increased dramatically and has become an integral part of our programs.

The Martha's Vineyard Library Association, with State funding, sponsored a series of workshops on library skills for trustees, staff and volunteers. I have completed a graduate course in Cataloging and Classification from the University of Utah Correspondence Study Program and have enrolled in a reference course to comply with the State's four Library Techniques Course requirements.

The Library now has videos on loan as we have joined the Cape and Islands Video Circuit which supplies approximately 25 videos each month on a rotating basis. We also have available children's videos.

In purchasing, we have used grants and gift contributions to acquire a television, a V.C.R., a copier and typewriter.

We are again grateful to the Friends of Oak Bluffs and the Martha's Vineyard Garden Club for their continuing contributions to the attractiveness of the library. We also thank the East Chop Association for their generous pledge for new books, The Cottagers, Friends of Oak Bluffs Library, sponsors and patrons for their caring support.

SUPERINTENDENT OF SCHOOLS

Mr. James H. K. Norton, Chairperson
Martha's Vineyard Superintendency Union
P. O. Box 1206
Vineyard Haven, MA 02568

Dear Mr. Norton:

In accordance with the laws of the Commonwealth of Massachusetts, I am pleased to submit the Annual Report of the Superintendent of Schools to you and the citizens of the Vineyard. Since I plan to retire at the end of July of this year, this will be my last report and I feel it is necessary to alert the Island community that I believe we are at a crossroad concerning the educational structure of our school system. The enrollment at the lower elementary levels are increasing substantially and, although additions have been completed on six buildings over the last ten years, there is again a need to make some very difficult decisions regarding space needs for a growing population. An Island-wide Space Study Needs Committee will be analyzing the problems over the next eight to ten months and a recommendation will be presented to the Vineyard towns for consideration within the next year.

Chilmark, Oak Bluffs, and West Tisbury have immediate needs to house next years anticipated enrollments. The high school continues to have a need for areas to accomodate large groups and small counseling groups. Needs of the high school will increase when the increased population reaches the high school in the next five to seven years. The Tisbury and the Edgartown Schools have needs that pertain to program and should not be overlooked in the planning for the future.

The Space Study Committee will be looking at possible options for providing necessary space and structure for appropriate educational options for our growing population. Two of the possibilities being suggested are: additions on current buildings and possible Middle/Junior/Senior High School expansion with new or renovated space at the high school site. All of these options will need input from all Island towns and the Space Study Committee members will be seeking this input from community members. Please share your ideas with your local school committee members or your local representatives to the Space Study Committee.

It appears state funding will be another issue in our ability to maintain our fine educational programs. We have already been informed that the state has inappropriate funding for building renovations and additions and regular educational reimbursements are expected to be level funded for the current year. We have been fortunate in obtaining state grants through the Chapter 188 Public School Improvement Act of 1985, but it appears some of this funding will dry up in the near future and this could bring hardships to some fine programs that have come about through this funding.

For the second time in recent years a Vineyard School has been selected for national recognition. In a recent letter from the Massachusetts Commissioner of Education, the Martha's Vineyard Regional High School has been selected as one of the State nominees for the 1988-1989 United States Secondary School Recognition Program. A national review panel in Washington, D.C. will soon recommend some of the schools selected for site visits by teams of two members who will meet with different contingencies at the school as well as making classroom observations. This is a tribute to our fine educational program and the system-wide staff that has prepared our students for this honor. We are proud to be selected and thank the loyal support the schools have from the the Island community.

With the school year approximately half over, we look forward to a new person in the role of superintendent for the Vineyard schools. The search committee worked diligently in seeking candidates for this position and the Massachusetts Association of School Committees is providing it's expertise as a consultant to assist the committee in providing the very best candidate possible. The Union School Committee anticipates an appointment

by March 15, 1989 and the new person is expected to be on board on July 1, 1989.

In conclusion, I would like to thank the many staff and school committee members I have had the pleasure of working with over the past three decades. The Vineyard school system is one that we can all be proud of. We are doing a good job of preparing our youth for the future. A supportive school committee under your able leadership, Mr. Norton, has allowed our school system to prosper. I will miss being a part of the day-to-day operations of the school but will always lend my support to a fine school system.

Respectfully submitted,

FRANCIS E. PACHICO

REGIONAL HIGH SCHOOL PRINCIPAL

Mr. Francis E. Pachico
Superintendent of Schools
Charles E. Downs Building
Vineyard Haven, MA 02568

Dear Mr. Pachico:

The 1987-1988 school year was extraordinary in accomplishments for the school. Academic standing reached an all time high as was demonstrated in a variety of ways. New advanced placement courses in mathematics and English were extremely successful and student performance levels were significantly above national averages. Scores on the mathematic's Achievement Tests were among the best in the nation. Assessment test results revealed a very favorable student performance across the curriculum and twenty students received awards for excellence from the President of the United States. Based on the total academic profile for the last five years, Commissioner of Education, Harold Reynolds, nominated Martha's Vineyard Regional High School for national recognition.

The senior class received about $200,000 in scholarships, more than any previous class. Over 75% went on to higher education. Colleges which sought our graduates included: Dartmouth, Stanford, Wellesley, Johns Hopkins, Cornell, Ithaca, Bates, Weslayan, Clark, Boston College, Purdue, Boston University, Lehigh, Berkeley School of Music, Princeton, Brown, Amherst, Yale, Rochester Institute of Technology, Howard, Colgate, Bowdoin, Fordham, American University, Hardwick, Hampshire, Wheaton, George Washington, Worcester PolyTech, Syracuse, The University of Vermont, and the University of Massachusetts.

The Social Studies Department continued in The Close-Up Program which with much community support, spent a week in Washington studying the federal government. In the fall, students Julian Wise and Rachael Norton worked with Teacher, Marge Harris, on the State reenactment of the ratification of the Constitution. Their task was to research the role of Vineyard delegates and to participate in the mock convention last March.

Both the Social Studies and Science Departments demonstrated that the school curriculum is very strong. On State Assessment Tests both areas were well above state averages. In some skills in these subjects, Vineyard students scored the highest in the State.

The Foreign Language Department attracted more students than ever before. The French class made two trips: one to Quebec City and a second more ambitious sojourn to Paris. The Spanish Program achieved a partner school in Castillon, Spain and began planning for future exchange visits between the two schools, the first scheduled for February 1989. The Foreign Language Department successfully hosted its second Annual Foreign Language Appreciation Night in March, with many displays and demonstrations by the students.

The school's Vocational and Business Programs served again as exemplars of school-community service. The West Tisbury Fire House was completed, senior citizens and community groups were fed under the supervision of Chef Pierre Hebert, and municipal vehicles were serviced by the Auto Marine Program. The Home Economics Department began to share child care programs with the new Community Services Day Care Center which is now on school campus.

The Physical Education Department continued to provide a rich variety of programs. Upper class programs included life time sports, fitness, and weight training. The health mini units for all students included such topics as human sexuality, drug and alcohol issues, death and dying, and marriage. In the planning stages were a full required health course, an expanded weight training facility in the Community Services Complex, and increased levels of adaptive instruction for the handicapped.

One of the proudest achievements was reached by the Special Needs Department. Already having statewide notoriety for its exemplary programs, the department continued to meet the broad range of student learning

needs from college prep support to life skills training in homes, hospitals, and hotels. This year the school graduated Jill Alyse Nichols, a hearing impaired student, who achieved the same academic standards as her classmates in the same classes with support of a teacher of the hearing impaired and signing interpreter. She is now attending college.

The school was also congratulated on the quality of its students by the leadership of the state sponsored scholar summer seminars, Massachusetts Advanced Studies Program. Competitive entrance to that program was achieved by Roxanne Jardin, Paula McManus, Elizabeth Barnes, and Jason DeBettencourt. The Annual Superintendent's Outstanding Student Award was presented to Heather Sanborn. The Principal's Leadership Award went to Stacey Morris.

As is traditional, the school offered a wide range of interscholastic sports and club activities which served more than 50% of the school's population. One of the many highlights of the activity year was Duncan Ross's production of *The Imaginary Invalid.*

The literary magazine, *Sea Breezes,* once again received national acclaim with a first place award from the Columbia Press Association. The Chess Team had a perfect interscholastic season. The Horticulture Program received another regional award for community beautification. The music department dominated every regional "All Star" competition for musicianship. A major event was Christopher Bettencourt's selection as male vocalist to represent Massachusetts in The All Eastern (states) Chorus. The Minnesinger Show Choir had a second tour of Europe. Governor Michael Dukakis called them young ambassadors and wrote: "We are extremely proud of these enthusiastic, talented young musicians. The success The Minnesingers have achieved clearly demonstrates their commitment to excellence." A German newspaper reported "They were a perfect high school chorus that could transform themselves and pull out all stops of American Show Business."

Several faculty members also received commendation. Among them, Leroy Hazelton of the English Department was recognized by M.I.T. for his contribution to student preparation and motivation. Dan Sharkovitz won further scholarships to The Bread Loaf School of Middlebury College. The Regional High School recognized Louis Toscano with The Marion Higgins Outstanding Teacher Award. The State of Massachusetts selected him as a semi-finalist for State Teacher of the Year and he was nominated by the State of Massachusetts for national recognition as an outstanding Mathematrics teacher.

Transitions took place as three excellent teachers moved to other areas: Judy Wojtczak, Charlene DeBettencourt, and Verna Lacey. Maryann Simmons returned to college for further studies. Art Assistant, Ethel Tyson, was granted a one year leave for studies in the Boston area.

It was also the year of the retirement of the legendary founder of The Culinary Arts Program, Chef Pierre Hebert, whose skills with students and monumental generosity with community service will long be remembered.

As the year closed pressures of space became more and more apparent. Library, auditorium, cafeteria, storage, small group meeting space, teacher and custodial preparation areas as well as indoor and outdoor sports facilities could no longer handle the expanding academic and recreational needs of the island. The athletic fields became a major concern as years of budgetary restraints began to take their toll. Several facilities studies were initiated.

On balance the school year 1987-88 can be remembered by The Island Community with pride. The long time excellence of the High School was finally recognized in places near and far.

Respectfully sbumitted,

GREGORY T. SCOTTEN, Ed.D.
Principal

OAK BLUFFS SCHOOL PRINCIPAL

Dear Mr. Pachico:

I am pleased to submit my fourth annual report as principal of the Oak Bluffs School. This past year has seen continued population growth and some difficult decisions to deal with that growth. Our population is approaching 270 students, nearly 75 more than in June of 1986. We anticipate the need to expand our staff and our facilities in the coming five years. A building committee has been appointed and has begun the complicated task of planning for the future.

The Oak Bluffs School was the pilot site for VCAPP, the Vineyard Child Assault Prevention Project. This nationally recognized effort, run by trained volunteers from Island towns, taught children ways of knowing when their rights are being compromised. VCAPP has since been offered in the West Tisbury School and in Island pre-schools. In the area of curriculum improvement, the Bridges Project was again funded, bringing a three-year total of $170,000 in competitive grant money to the school in support of reading and language instruction. In-service opportunities were provided for staff with in-depth workshops on the reading/writing connection. The Oak Bluffs School students and staff published a number of newspapers, literary magazines and student books during the year. The Bridges Bulletin Board, a telecommunications database housed in our school, was joined by more than two dozen teachers from all Island schools and includes the first all-Island electronic calendar of events. This message base is now tied directly to Apple Computer's own messge center, Applelink. In other curricular areas, teachers completed detailed write ups and curriculum maps of their programs which will be compiled into a school program of studies by the close of the 88-89 school year. In the area of enrichment, a full program of art, science and research learning was implemented.

Science is on the academic agenda, and teachers particiated in an introductory in-service workshop to help us plan a K-5 program. The school will focus on science activities as a major goal in 1988-89.

As part of our work toward excellence, Jr. high students were eligible for honor roll distinction for their academic achievement and parents were invited to attend the annual awards ceremony. Other accomplishments include the full time staffing of our library, the addition of an Island-wide teacher of stringed instruments, participation in "Island Voice", a funded video project for our Jr. high students, the completion of a detailed plan of student conduct and standards, and continued improvment to the physical plant. A music room was created in the cafeteria, lockers were provided for Jr. high students through parent fund raising, the office was remodeled, painted and carpented, and repair was completed to glass and shingles. Painting projects included exterior doors, the main entryway and much of the trim on the primary building. The Town Highway Department was instrumental in many of these projects, the most noteworthy being the construction of a handicapped access ramp. The repaving of the roads and the opening of a new parking area have vastly improved traffic flow and safety.

Our PTA remained active, sponsoring the First Day Coffee, the construction of a Big Toy, an annual teacher appreciation luncheon and the Family Picnic and Dance held at Sailing Camp Park. Parents continue to volunteer in the lower grades and as assistants in the publishing house.

A major step was taken by all the schools in the planning and installation of central data processing to manage budgets and purchasing. This computer network will be expanded as need indicates and will perform additional tasks as part of future expansion.

The next three to five years present many difficult challenges for the Oak Bluffs School and community. The possibility of a regional middle school grows increasingly real. We will need to work together, to build a coalition of affirmative energy and ideas to find the best ways to work with an expanding population. Our largest class on the Island is now in first grade. With a positive vision of our shared future, with the continuing commitment of our school committee members and the people of our town, we are prepared to move ahead.

Respectfully submitted,

ROBERT ABBEY
Principal

NOTICE

In accordance with General Laws, Chapter 64, Section 15, public notice is hereby given that the Town Clerk is prepared to furnish blanks for the RETURN OF A BIRTH to parents, householders, physicians and midwives who apply therefor.

The attention of parents and others is called to the importance of recording vital statistics correctly. If any errors or omissions are discovered, the same should be reported to the Town Clerk so that corrections may be made in accordance with the law. Failure to correct birth information may result in inconvenience to the child in later years, such as entering school, seeking employment, property rights, voting rights, marriage, military and naval service, veterans' benefits, travel outside the United States, etc., when a birth certificate is required.

General Laws, Chapter 46, Section 6, provides that "Parents within 40 days after the birth of a child, and every householder within 40 days after a birth is his house, shall cause notice thereof to be given to the town clerk of the town where such child is born..."

General Laws, Chapter 273 of 1946 provides that "Any resident of this Commonwealth who marries outside the Commonwealth and therafter resides within the United States...may personally present to the town clerk of the town where such person was domiciled at the time of said marriage an original certificate, declaration or other written evidence of the same, or a photostatic copy thereof. The clerk may file such... as evidence establishing such marraige..."

Voted to amend the Oak Bluffs Zoning By-laws and Zoning Map as follows:
To revise and add the following to Section 7-1(d) and (f) of the Oak Bluffs By-laws:
7-1 Dimensional Requirements
(d) B-1 Business Districts
1. No building shall be erected within 5 feet of a street.
2. The maximum building height shall be 35 feet.
3. By Special Permit only, the Board of Appeals may allow a building height of up to 50 feet, if in addition to meeting the requirements of Section 8-5-D, an applicant must also show that the increase in height is in keeping with the Victorian Architecture prevalent in Oak Bluffs as the turn of the century allowing sufficient air and light and will enhance rather then detract from the unique architectural character of Oak Bluffs.
4. Any building in existance at the time of the passage of this By-Law that is higher than 35 feet shall not be considered a non-conforming building in the consideration of any future permit applications.
5. No structure shall be changed from Residential to Commercial use and no permit to construct or enlarge a business structure shall be issued unless adequate off-street parking is provided and approved by the Planning Board in accordance with the following:

(a.) Retail sales and service establishments: one parking space for each 100 square feet of new floor area for the first 500 square feet and one parking space for each additional new 200 square feet.
(b.) Places of public assembly: one parking space for every additional five seats within.
(c.) Restaurants, Theaters, Halls, Clubs: one parking space for each additional four seats.
(d.) Office or professional use: one parking space for each 150 square feet of new gross floor area.
(e.) Inns, hotels, or guest houses: one parking space for each of the first additional five bedrooms and one parking space for each three additional bedrooms.
(f.) Other undefined uses: the number of parking spaces required will be determined by the Planning Board after evaluating the projected demands.
6. If, due to the location of a building or buildings presently on a lot, an applicant is unable to provide any or all of the parking spaces, as required above, said applicant may apply to the Board of Appeals for a variance from the terms of 7-1-d (5) to allow less than the required number of parking spaces. If the Board of Appeals finds that the applicant cannot legitimately provide adequate parking, the Board shall grant a variance to the applicant while insuring that the maximum number of parking spaces possible be provided.
7. Any construction to replace or rehabilitate all or part of an existing structure used for business but not increase the total existing square footage shall not be subject to section 7-1-(d) 5 and 6 of the by-law.

Voted to amend the Oak Bluffs Zoning By-laws by adding a new Section 21:
SECTION 21 - Phased Development or Subdivisions. The purpose of this By-Law amendment is to allow the Town to control the speed of future residential growth so as to enable comprehensive fiscal and land use planning.
21. Phased Development - Subdivisions.
Commencing on the first publication of notice of Planning Board hearing pertaining to this By-Law, building permits for the construction of new residential dwellings in a subdivision (approved under MGL 41, Sec. 81 on or after the effective date of this by-law), shall not be granted at a rate per calendar year greater than as permitted by the following schedule commencing in the year the subdivision is approved.

21-1 Four subdivisions containing a total area of land sufficient to provide more than 10 lots at the maximum density permitted by the Oak Bluffs Zoning By-Laws for the district in which such lots are located, the number of permits allowed for new residence per calendar year shall not be more than one-tenth of the number of lots permitted based on said maximum permitted density.

21-2 For subdivisions containing a total area of land insufficient to provide 10 or more lots at the maximum density permitted by the Oak Bluffs Zoning By-Laws for the district in which such lots are located, not more than two permits shall be allowed per calendar year.

21-3 Any lots covered by Section 21-1 and 21-2 which are hereafter sold or otherwise transferred to another owner shall include in the deed, notification that issuance of a building permit is controlled under Section 21, Oak Bluffs phased development by-law.

Article 59. Voted to rescind Article 24 of the Annual Town Meeting held on April 10, 1984 to appropriate the sum of $25,000.00 (Twenty Five Thousand Dollars) for constructing septage lagoons for sewerage treatment and disposal purposes and to determine whether such appropriation shall be raised by borrowing or otherwise, and as amended at the Special Town Meeting held on April 9, 1985:
VOTED as amended the following motion presented by Selectman Edmund G. Coogan, "I Move that the Town vote to confirm, approve and authorize the issuance of bonds or notes of the Town in accordance with the provisions of Ch. 44, of the General Laws, Chapter 645 of the Acts of 1948, as amended, or any other applicable enabling authority, for the purposes described in, and pursuant to the votes adopted under Article 23, 24, 25, and 26 of the Warrant for the Annual Town Meeting held on April 10, 1984.

Article 60. Voted to raise and appropriate the sum of $15,000.00 (Fifteen Thousand Dollars) to audit the general ledger of the Town of Oak Bluffs.

At 9:55 p.m. on April 13, 1988 Moderator Loud accepted a motion which had been properly seconded to adjourn this Annual Town Meeting until 10 a.m. on April 14th when Article 62 will be acted upon- so voted to adjourn.

"No person, business or corporation shall engage in the business of renting, leasing or keeping for rent or lease any motor scooters or mopeds (motorized bicycles) without first being licensed by the Board of Selectmen in accordance with the following regulations:

1. No such license shall be issued unless a majority of the Board of Selectmen are satisfied after public hearing and investigation of all facts that the applicant has a place of business suitable for such a purpose and has complied with all of the requirements of the regulations as set forth hereafter.

2. Application for a license under this by-law shall be filed with the Board of Selectmen and contain the following information: (a) the name of the owner of the business, or if application is made by a corporation, then the full names and addresses of the President, Treasurer, Clerk and Directors; (b) a detailed plan including building dimensions and training track location for the proposed business; (c) a binder for compulsory coverage insurance; (d) proposed individual vehicle information including total numbers, makes and models for all vehicles.

3. Each application shall be accompanied by a non-refundable application fee as established by the Board of selectmen. If an application is approved by the Board of Selectmen, the applicant, upon payment of an additional fee as established

by the Board of Selectmen, shall be granted a license which shall be renewable on April 1st of each consecutive year. The annual fee for renewal thereof shall be established by the Board of Selectmen. The Board of Selectmen shall issue a license to each approved applicant which shall be posted in a conspicuous manner at the place of business and each vehicle will be issued a numbered Oak Bluffs moped rental registration decal for placement on the rear fender. Upon issuance of the license, the licensee shall be required to provide the Board of Selectmen with a certificate of compulsory coverage insurance and individual vehicle information including total numbers, colors, makes, models and identification numbers (company serial numbers and Mass. decal numbers.)

4. The Board of Selectmen shall issue a maximum of eight (8) licenses per year. Licenses shall not be transferable, and licenses not used during one year's time shall be null and void.

5. Each license shall maintain a complete register of daily rentals (including renters, accidents and Oak Bluffs Police and EMT involvement) available to the Board of Selectmen at all times upon Board or Police Department request.

6. Each licensee shall comply with Mass. General Laws Chapter 90 and any amendments thereto, any other statute, or any town by-law and shall post a copy of Mass. General Laws Chapter 90 Section 1B and shall provide each renter with a copy of same.

7. Each licensee shall be responsible for instructing every operator in the proper method of operation of the vehicle including providing a supervised test drive on the licensee's on-premises unobstructed training track which shall be at least 50 feet long and 25 feet wide. The Board of Selectmen may waive the training track requirement upon written petition by the licensee setting forth spatial limitations and a proposal for an alternative training program.

8. Each licensee shall require that an operator has adequate footwear covering the entire foot (excluding thongs, sandals, slippers or other footwear which is unsubstantial).

9. No licensee may rent two seater mopeds or motor scooters to an adult accompanied by a child ten (10) years of age or under without equipping the vehicle with a child seat fitted with proper seat-belt-type restraints.

10. The Board of Selectmen shall issue no more than 600 vehicle registration decals in each year. Total number per licensee shall be determined at application by Board review based on the number of applications, business premises spatial limitations, previous agency safety record and agency compliance with #7 above. No vehicle may be rented without a valid registration decal.

11. (a) Complaints about violations of these regulations will be received from any person by the office of the Board of Selectmen in writing. Said complaints will be referred for investigation to the Police Department. Should said Police Department or the Board of Selectmen determine that a hearing on an alleged violation is necessary, or that any further action might be deemed necessary, notification will be mailed by Certified Mail return receipt requested, or hand delivered with receipt signature requested, to the most recent address of the licensee as shown by the records of the Board of Selectmen kept pursuant to this by-law. The notice shall provide at least seven days advance notice of the hearing date and time. The notice shall contain a brief description of the nature of the complaint. Mailing notice of hearing or complaints or other notices to the current mailing address on file with the Town using Certified Mail, return receipt requested, such mailing being made 10 days prior to any hearing, meeting or event requiring 7 days notice, shall be prima facie evidence of due notice.

(b) At said hearing, the Selectmen shall receive any oral statements and information relevant to the complaints. The licensee shall be entitled to present any information in its defense or in mitigation of the events it deems appropriate. The licensee shall have the right to be represented by counsel. The conduct of the hearing shall not be governed by formal rules of evidence or proceudre and shall be governed by the procedures followed shall be determined by the Board of Selectmen as is necessary to afford a full, fair, and complete hearing of the issues.

12. If the Selectmen find as a matter of fact that a violation of this by-law has occurred and it is the first violation of the preceding twelve (12) months, the Selectmen may impose a suspension of the license for any period of time up to one (1) week and in addition to or in substitution therefor, may impose a Fifty Dollar ($50.00) fine. For any second finding of any violation of the by-law within the preceding twelve (12) months by the licensee, the Selectmen may impose a suspension of the license for any period of time up to two (2) weeks and in addition to or in substitution therefor, may impose a One Hundred Dollar ($100.00) fine. For any third finding of any violation of the by-law within the preceeding twelve (12) months by the licensee, the Selectmen may impose a suspension of the license for any period of time up to four (4) weeks and in addition to or in substitution therefor, may impose a Two Hundred Dollar ($200.00) fine. For any fourth

finding of any violation of the by-law within the preceding twelve (12) months by the licensee, the Selectmen may impose a revocation of the license for the balance of the licensing period. Any suspension of the license shall be for a specific time period, said period to be within twelve (12) months of the date of the violation.

The Board of Selectmen may adopt and prescribe additional rules and regulations which it deems to be in the best interest of public need, safety and good order, in licensing any business under this by-law, and all such additions shall apply to existing license holders from the date of adoption.''

Article 21. Voted
to amend Article 29 from
October 8, 1982 Special Town Meeting referred to as the ''Motor Vehicle License By-Law'' by striking the words ''motor scooters or mopeds (motorized bicycles)'' from said By-Law.

At 8:52 p.m. Moderator Loud accepted a motion to adjourn this Special Town Meeting and therefore it was so adjourned at this time.

JANE P. VOTTA, C.M.C., Town Clerk

Division of Local Acceptance notified of the acceptance of Article 18 November 18, 1988.

Article 20 sent to the Attorney General on November 22nd requesting approval of same.

TOWN ACCOUNTANT

To the Citizens of Oak Bluffs:

This report contains a statement of receipts and expenditures, summary of appropriation accounts for the fiscal year 1988, and the balance sheet for the year ending June 30. 1988.

In accordance with the provisions of Chapter 41, Section 61 of the Massachusetts General Laws, we submit this Annual Report of the Oak Bluffs Accounting Department. The information contained herein are unaudited figures provided to the selectmen by KPMG Peat Marwick. However, there is an audit in progress for fiscal year 1988 by O'Brien, Raulingitis and Company

We want to recognize and commend our new town accountant, Michale Kaplan, on the efforts he has made since January 1st to stablizie this crucial department.

Furthermore, said current owners shall agree to grant to the Town of Oak Bluffs a mortgage on said excluded 18 acres of property for the total amount of $275,000.00 (Two Hundred Seventy-five Thousand Dollars), which indebtedness shall be totally paid by said current owners upon receiving final approval by the Martha's Vineyard Commission and Town of Oak Bluffs for the subdivision necessary to create the said 9 house lots on the excluded property.", or take any other action relative thereto. (By Petition)

Article 33. To see if the Town will vote to amend Section 6 of the General Wetlands By-Law of the Town of Oak Bluffs by adding the following:

1. PIER REGULATIONS FOR LAGOON AND SENGEKONTACKET PONDS

A. GENERAL

1. There shall be a verifiable, accurate shellfish bed map by species prepared annually by the Shellfish

Department. The map shall identify areas with a high probability of near future development of shellfish resources and of eel grass beds.

2. Therefore, piers are prohibited from proven shellfish beds and from areas with high probability of development for shellfish beds and eel grass beds.

3. Piers are also prohibited from state and federally designated barrier beaches.

B. GUIDELINES

1. A pier is an accessory structure and will only be considered on a lot that has a primary use.

2. Permitted piers shall not restrict lateral access along the shore or interfere with along-shore navigation, or restrict maneuverability around existing piers, mooring areas, and channels. Harbormaster shall review and approve location before Conservation Commission acts on proposed pier.

3. A pier may be built to a length of 100 feet from mean high water or to a water depth of 4 feet at mean low water, whichever comes first. A single floating extension to attain the 100 foot length or four foot depth may be considered. If a floating extension is approved, it must be removed during the off-season (November 1 - April 1) unless the pier is used year round by permanent residents, in which case a permit for winter use must be applied for in September of each year. If and when a floating extension is removed, it may not be dragged through shellfish beds, eel grass beds, wetland buffer zone, and it may not be stored on any beach or wetland area. If it is to be stored on private property, it must be properly cleaned before storage.

C. DESIGN AND CONSTRUCTION REQUIREMENTS

1. Piers shall be designed with piles spaced at least 10 feet apart to allow water to flow relatively unimpeded through them.

2. When turbidity from construction is anticipated, construction techniques that produce the least turbidity must be employed, and siltation curtains must be used.

3. Non-leaching wood preservatives, to meet or exceed 30 year pressure treated lumber, must be used for wood construction materials.

4. Mechanical pile driving is recommended; construction machinery will not be permitted on land containing shellfish; construction must be done from floating barges. Jetting will be considered. However, a siltation curtain is required.

5. Construction is allowed only between September 15 and May 15.

6. The width of a pier shall not exceed 5 feet, and the decking shall be spaced 1 inch apart.

7. No petroleum products, fuels, paints, chemicals, or cleansers may be stored on piers.

8. No painting, sanding, staining, varnishing, or scraping of a boat at a pier will be allowed unless a pollution boom surrounds boat to prevent pollutants from entering water.

9. No T or L extensions are permitted on either a permanent pier or a floating extension.

10. Multiple use piers are encouraged, in otherwise permittable areas, where one pier would serve three or more waterfront lots (not necessarily abutting) providing that, in any such multiple use, the right to use the pier shall-by deed, covenant, or otherwise-be forever granted to the multiple use lots, which lots shall, be recorded covenant, forever waive their right to build and maintain separate, individual piers.
or take any other action relative thereto. (Conservation Commission Article)

Article 34. To see if the Town will vote to amend the Oak Bluffs Zoning By-Laws as follows, or take any other action relative thereto.

1) To change Section 1-3 (Definitions) to read:

Remainder Lot - as applied to the requirements of non-conforming lots, a remainder lot is the extra lot left

over when all other adjacent lots held in common ownership can be combined into building lots of a size no less than the existing zoning. A remainder lot may not be less than ten thousand (10,000) square feet in area.

2) To delete from Section 3-1 (Permitted uses in R-1, R-2, & R-3):

d. Private Clubs, except those whose chief activity is a service customarily carried on as a business.

To add to Section 3-1 (Uses Requiring Special Permits by the Board of Appeals):

e. (10) Private non-profit clubs, except those whose chief activity is a service customarily carried on as a business.

3) To add to Section 5-1 (Permitted uses in B-1):

m. Inns, Hotels or Guest Houses

4) To change Section 3-1 (8)c (Guest Apartment regulations) to read:

The guest apartment shall not exceed 750 square feet of floor area or 30% of the floor area of the main house, whichever is smaller.

5) To change Section 6-1 (Pre-existing Non-conforming Uses & Structures) to read:

Abandonment: a non-conforming use which has been abandoned for a period of two (2) years shall not be reestablished and any future use shall conform with the Oak Bluffs Zoning By-Laws. (Planning Board Article)

Article 35. To see if the Town will vote to amend the Oak Bluffs Zoning By-Laws as follows, or take any other action relative thereto.

1) To change Section 5-2 (Business B-2 District) to read:

GOALS AND PURPOSE: To create a small scale business area in town, oriented toward the pedestrian and in keeping with the Victorian architecture prevalent in Oak Bluffs at the turn of the century.

A. In B-2 Districts, no building or structure shall be constructed, altered or used for any purpose except:

1. Detached one family dwelling.
2. Inns and guest houses with no more than 12 guest rooms.
3. Food & Beverage: Bakery, Fish, Meat, Dairy or Convenience markets.
4. Eating establishments not predominantly for take out.
5. Dry Goods: Clothing, Furniture, Gifts, Antiques.
6. Bicycle sales, repair and rental.
7. Art Galleries or Studios.
8. Craft shops: Printmaking, Woodworking, Sculpting, Pottery, Silversmith, Goldsmith.
9. By special permit from the Board of Appeals: any use not listed above that has had its plans approved by the Planning Board under 5-2B and in the opinion of the Board of Appeals is in keeping with the Goals and Purposes of the B-2 District.

B. No Permit to construct, enlarge, renovate a structure, or create a business shall be issued unless and until exterior construction plans are submitted and approved by the Planning Board after review by the Oak Bluffs Architectural Assistance Committee. All plans shall include:

1. A complete set of construction plans with all four elevations showing, in detail, exterior building materials and colors consistent within the Goals and Purposes of the B-2 District.

2. A sidewalk plan in conformance with the following requirements:

a. Any new business shall provide and construct at their expense a sidewalk 5 feet wide from the edge of street along any part of the lot having frontage on a street. The sidewalk shall be of a height, material and design as approved by the Planning Board and consistent with all sidewalks in the district.

3. An easement in a form acceptable to the Planning Board providing that said sidewalk will be kept open to the public at all times.

2) To change 7-1(e) (B-2 Dimensional Requirements) to read:

1. The minimum lot size shall be 5,000 square feet.
2. The minimum lot frontage measures along any street line shall be 10 feet.

3. The setback between any structure and any street line shall be 10 feet.
4. The setback between any structure and any sideline shall be 10 feet.
5. The setback between any structure and the rear lot line shall be 20 feet.
6. The maximum building height shall be 24 feet with no more than two floors.

a. By special permit by the Board of Appeals, the 24 foot height may be exceeded to a limit of 32 feet, but still not to exceed 2 floors, if the added height in the opinion of the Board helps promote the architectural goals of the district. (Planning Board Article)

Article 36. To see if the Town will vote to amend the Oak Bluffs Rules and Regulations Governing the Subdivision of Land as follows, or take any other action relative thereto. (Planning Board Article)

1) To change Section III 361 (c) to read:
"A filing fee of one hundred dollars ($100.00) per lot or dwelling unit to be created by subdivision or open space plan."

2) To change Section III 362 (c) to read:
"a list, certified by the Oak Bluffs Assessors' Office, of the names and location of all lot owners within 300 feet of proposed subdivision."

3) To change Section III 366 to read:
"For small projects (Defined in Section III 321 and 332) Section 364 does not apply."

4) To change the filing fee under Section III 321 from twenty five dollars ($25.00) to one hundred dollars ($100.00).

A copy of said rules and regulations is available at the offices of the Oak Bluffs Planning Board in the Town Hall. (Planning Board Article)

Article 37. To see if the Town will vote to adopt the following amendment to the Martha's Vineyard Regional School District Agreement:

Delete Paragraph VII d of said agreement and

Amend Paragraph VII e to read:

e. Operating costs incurred before and after the date of approval of this amendment and capital costs incurred only after the date of approval of this amendment shall be apportioned to the member towns on the basis of their respective enrollments on October 1st of the preceding year. No member town's portion of the capital costs for any year shall be less than 1% of the total, and in the event that any member town's enrollment in the preceding year is less than 1%, the remaining 99% of the capital costs for that year will be apportioned to the other member towns on the basis of their respective enrollments in the Regional School District on October 1st of that preceding year.

or take any other action relative thereto. (Martha's Vineyard Regional High School District School Committee Article) (Recommended by the Finance Committee - unanimous)

Article 38. To see if the Town will vote to adopt the following amendment to the Martha's Vineyard Regional High School District Agreement:

Amend Paragraph VII f to read:

f. Each member town shall pay its proportionate share of capital costs to the District each year in four (4) equal installments within thirty (30) days of July 1, October 1, January 1 and April 1.
or take any other action relative thereto. (Martha's Vineyard Regional District School Committee Article)

Article 39. To see if the Town will vote the following By-Law:

a) "All buildings or structures in the Town of Oak Bluffs occupied in whole or in part for both residential

and commercial purposes shall within three months of this date be equipped with an approved primary power smoke detector installed on each level of occupation including the basement level. Such approved primary power smoke detector shall be installed at each level per instruction of the Chief of the Oak Bluffs Fire Department. The chief of the Oak Bluffs Fire Department shall be empowered to enforce the provisions of this By-Law'' and

b) Each violation of said By-Law shall be punishable by a fine of not more than $500.00 (Five Hundred Dollars), or take any other action relative thereto. (Fire Department Article)

Article 40. To see if the Town will vote to direct the Board of Selectmen and Water Commissioners to seek passage of a Special Act of the General Court creating a Water District encompassing the Town of Oak Bluffs, thereby eliminating the Water Department, and to take all necessary steps relative to the creation of the District, or take any other action relative thereto. Town of Oak Bluffs

1989 ANNUAL REPORT

East Chop Lighthouse

U. S. Government services lighthouse establishment... There is one lighthouse in the Town of Oak Bluffs, situated on the Highlands of East Chop. It was built in 1869, by the late Capt. Silas Daggett of Vineyard Haven as a private enterprise. His project had the financial support of marine ship lines and Coastwise Commercial Interests making use of this great waterway of travel. Anticipating the final disposal of it to the general government he completed the tower, maintained it for a period until its transfer was accomplished. This is probably one of the few instances of such an undertaking in our coast, but the energetic promoter thought that governments moved too deliberately and he went ahead with his project trusting in subsequent reimbursement.

The tower is circular in form, with a railed gallery around the lantern. The Bluff on which it stands is about seventy-five feet above sea-level and in the period 1845-1871, it had receeded about seventy-five feet as a result of erosion by wave action at a rate of nearly three feet per annum.

The lighthouse burned Dec. 1871, and was rebuilt by Capt. Daggett, transferred to government ownership in 1877. The government purchased the site and property for about $5,000. After an inspection of the buildings the lighthouse department decided to erect a new cast iron tower and keepers residence. This was completed the following year. Lighted from a height of seventy-nine feet above the sea, the beam is seen fifteen miles. At the present time, the tower gives a fixed green light and is 1000 candlepower.

REPORT OF THE CHAIRMAN OF THE BOARD OF SELECTMEN

Dear Fellow Citizens of Oak Bluffs:

Nineteen eighty-nine proved to be a year of change. Some for the good, some for the bad.

In the Town Hall, many new people have filled the positions vacated by retiring incumbents and appointees.

We welcomed Marguerite T. Cook to the position of Tax Collector as Mary K. Rogers retired after many years of devoted service in that capacity. Also, Richard R. Mavro was appointed to the office of Building Official and has a new clerk working with him to the town's great advantage.

The office of Town Accountant has been calmed by the appointment of Patrick A. Phelan. After many years of turmoil, Mr. Phelan and his new clerk have brought a tremendous steadying ability to what had been utter chaos within that department. Ernest Garvin retired after many years as Animal Control Officer, and Debbie Irvine has done a great job as the Selectmen's appointee to that position.

Dennis Alley of the Park Department, as well as Kerry Alley of the Finance Committee, chose not to seek re-election after years of service to our town.

To all the people, elected, appointed, and retired from the various boards and departments, the Selectmen wish to extend our gratitude and best thoughts for the future. The town certainly is a better place for your having shown interest and caring.

Our Town Hall Building has undergone many changes as well. As an innovative idea, the Selectmen decided to auction a parcel of land that was of no use to the town and was not generating any tax revenue. By doing so, the town was able to procure $41,000.00 for the express use of repairing and renovating the Town Hall Building. This also placed that parcel of land to the taxable properties creating future income as well. Some of the work on the Town Hall has been the rearranging of offices, painting of the interior and exterior, a new furnace, carpeting, new doors and handicap accessability to all offices of the Town Hall.

In other town business, we saw the arrival of a new Superintendent of Schools, Henry S. Dembrowski. Frances Pachico retired from that position after years of service in the school system. Good luck Sancy!

The Oak Bluffs Elementary School has had an extensive renovation to it's primary building, as well as the addition of two portable classrooms to accomodate the influx of new students to our school. This is another example of how more and more people feel that Oak Bluffs is the best town, in which to live.

Congratulations to the M.V.R.H.S. football team, as they beat Nantucket and brought the trophy home!

Summer of 1989 went comparatively smoothly. The fishing tournaments proved, once again, to draw great interest and participation. We are certain you will be pleased with the Harbor Management Report when it is fianlized. Several excellent suggestions have been offered to help make the harbor a more efficient and lucrative asset to the town.

As most of the above mentioned changes have been met with optimism, the below mentioned have not.

Three elected officials were the brunt of vandals this past fall. One can only question the motives and reasons for such behavior. If it is to intimidate town officials to cow-tow to pressure applied, then let it be known - those actions were fruitless.

Nineteen eighty-nine brought the passing of many Oak Bluffs residents, including that of Everett A. Rogers, former Selectman. Our heartfelt sympathy is extended to all the families who were bereaved.

On a lighter note, last but certainly not least, I would like to take this opportunity to thank all the department heads and employees of this great town, including my fellow Selectmen, Roger Wey and George Martin, and our clerk Jo-Ann Taylor for the cooperation, courtesy and respect with which I have been treated by all.

Respectfully submitted,
JESSE B. LAW III, Chairman

NOTICE

In accordance with General Laws, Chapter 64, Section 15, public notice is hereby given that the Town Clerk is prepared to furnish blanks for the RETURN OF A BIRTH to parents, householders, physicians and midwives who apply therefor.

The attention of parents and others is called to the importance of recording vital statistics correctly. If any errors or omissions are discovered, the same should be reported to the Town Clerk so that corrections may be made in accordance with the law. Failure to correct birth information may result in inconvenience to the child in later years, such as entering school, seeking employment, property rights, voting rights, marriage, military and naval service, veterans' benefits, travel outside the United States, etc., when a birth certificate is required.

General Laws, Chapter 46, Section 6, provides that "Parents within 40 days after the birth of a child, and every householder within 40 days after a birth is his house, shall cause notice thereof to be given to the town clerk of the town where such child is born..."

General Laws, Chapter 273 of 1946 provides that "Any resident of this Commonwealth who marries outside the Commonwealth and therafter resides within the United States...may personally present to the town clerk of the town where such person was domiciled at the time of said marriage an original certificate, declaration or other written evidence of the same, or a photostatic copy thereof. The clerk may file such... as evidence establishing such marriage..."

Town Clerk

REPORT OF ANNUAL TOWN MEETING
MAY 9TH AND 10TH, 1989

Moderator Frederick L. Loud, Jr., Esq. accounced that Two Hundred Eighty-one voters were in attendance, and therefore, called this Annual Town Meeting to order.

The following fifth grade students lead the gathering in the salute to the flag: James DePriest, Carolyn Dowd, Robyn Carliss, Sarah DeBettencourt, Colleen O'Donnell, Neil Simmons and Kristen Siple.

Rev. John A. Gomes, Pastor of the Sacred Heard Parish, Our Lady Star of the Sea Church offered the invocation.

At this point several retiring officials were recognized and honored. Mary K. Rogers, the Town's Tax Collector for more than twenty-five years chose not to seek re-election in April and therefore was given an acknowledgement from the Governor of the Commonwealth. This was presented by Mrs. Elizabeth Alley who had served with Mary for twenty-two years.

Marguerite Cook, Mary's successor made a presentation prepared and offered by our Secretary of State, Michael Joseph Connolly.

Jane P. Votta, our Town Clerk, presented Mary with a Resolution from the Massachusetts Senate and Patricia A. Costa, our Town's Treasurer, presented Mary with a citation from the Massachusetts Collectors' and Treasurers' Association.

Jessee B. Law, III, Chairman of the Board of Selectmen, and nephew of Mary, presented her with a plaque as an expression of the entire Board of Selectmen for their gratitude.

Allan A. (Buddy) deBettencourt, senior Park Commissioner, made a presentation to Dennis (Denny) Alley, our retiring Park Commissioner. Denny has served as a Park Commissioner for the past twenty-six years.

Selectman Law presented Denny with a presentation from Governor Michael Dukakis.

Wilson J. Thomas (Bill) was honored upon completion of forty-five years as a Member of the Board of Registrars. This presentation was made by Lois A. DeBettencourt, the senior member of the Board. Bill has just been reappointed to another three years on the Board.

Bill received a standing ovation from the gathering.

It was a great honor to honor so many of our citizens who have devoted so very many years of faithful service to this Town.

At this point the Chairman of the Oak Bluffs Finance Committee, Kenneth N. Rusczyk, was recognized and he made a presentation to Kerry Alley, who chose not to seek re-election to the Oak Bluffs Finance Committee and has served for the past six years.

It was marvelous to see Mrs. Elizabeth Alley with her two sons Dennis and Kerry, none of them knowing that this family gathering would be occurring.

The following were elected from the floor:

Poundkeeper-
- Ernest Garvin

Field Drivers-
- Joseph Nunes
- Antone J. deBettencourt, Sr.

Surveyors of Lumber and Measures of Wood and Bark-
- Herbert A. Combra, Jr.
- Norman Friedman

Article 1. Selectman Jesse B. Law, III, offered this 1988 Annual Town Report which has been dedicated to the late James Gibson, as the report of the Board of Selectmen. Town Counsel and former Selectman Edmond G. Coogan, announced to the gathering, based on last year's valuation, every

$100,000.00 spent will add $ .20 to the tax rate and every
$500,000.00 spent will add $1.00.

Article 2. Was voted above.

Article 3. Moderator Loud announced that the gathering would be voting the recommended columns and directed the gathering to turn to page 109 of the 1988 Annual Town Report.

Article 31. This article was defeated to place the position of the Assistant Assessor on to Schedule B-3.

Article 32. This article was withdrawn to reconsider the acceptance of Article 16 of the Warrant of the 1987 Annual Town Meeting and vote to include the following Article in substitution thereof.

Article 33. Voted unanimously to amend Section 6 of the General Wetlands By-Law of the Town of Oak Bluffs by adding the following:

1. PIER REGULATIONS FOR LAGOON AND SENGEKONTACKET PONDS

A. GENERAL

1. There shall be a verifiable, accurate shellfish bed map by species prepared annually by the Shellfish Department. The map shall identify areas with a high probability of near future development of shellfish resources and of eel grass beds.

2. Therefore, piers are prohibited from proven shellfish beds and from areas with high probability of development for shellfish beds and eel grass beds.

3. Piers are also prohibited from state and federally designated barrier beaches.

B. GUIDELINES

1. A pier is an accessory structure and will only be considered on a lot that has a primary use.

2. Permitted piers shall not restrict lateral access along the shore or interfere with along-shore navigation, or restrict

maneuverability around existing piers, mooring areas, and channels. Harbormaster shall review and approve location before Conservation Commission acts on proposed pier.

3. A pier may be built to a length of 100 feet from mean high water or to a water depth of 4 feet at mean low water, whichever comes first. A single floating extension to attain the 100 foot length or four foot depth may be considered. If a floating extension is approved, it must be removed during the off-season (November 1 - April 1) unless the pier is used year round by permanent residents, in which case a permit for winter use must be applied for in September of each year. If and when a floating extension is removed, it may not be dragged through shellfish beds, eel grass beds, wetland buffer zone, and it may not be stored on any beach or wetland area. If it is to be stored on private property, it must be properly cleaned before storage.

C. DESIGN AND CONSTRUCTION REQUIREMENTS

1. Piers shall be designed with piles spaced at least 10 feet apart to allow water to flow relatively unimpeded through them.

2. When turbidity from construction is anticipated, construction techniques that produce the least turbidity must be employed, and siltation curtains must be used.

3. Non-leaching wood preservatives, to meet or exceed 30 year pressure treated lumber, must be used for wood construction materials.

4. Mechanical pile driving is recommended; construction machinery will not be permitted on land containing shellfish; construction must be done from floating barges. Jetting will be considered. However, a siltation curtain is required.

5. Construction is allowed only between September 15 and May 15.

6. The width of a pier shall not exceed 5 feet, and the decking shall be spaced 1 inch apart.

7. No petroleum products, fuels, paints, chemicals, or cleansers may be stored on piers.

8. No painting, sanding, staining, varnishing, or scraping of a boat at a pier will be allowed unless a pollution boom surrounds boat to prevent pollutants from entering water.

9. No T or L extensions are permitted on either a permanent pier or a floating extension.

10. Multiple use piers are encouraged, in otherwise permittable areas, where one pier would serve three or more waterfront lots (not necessarily abutting) providing that, in any such multiple use, the right to use the pier shall-by deed, covenant, or otherwise-be forever granted to the multiple use lots, which lots shall, by recorded covenant, forever waive their right to build and maintain separate, individual piers.

Article 34. This article was defeated as it did not receive the required ⅔rds vote needed to pass -
It related to Oak Bluffs Zoning By-laws Section 1-3 (Definitions).

This article came back up for reconsideration and was then passed as amended by a vote of -

1.) To delete from Section 3-1 (Permitted uses in R-1, R-2, & R-3):
d. Private Clubs, except those whose chief activity is a service customarily carried on as a business.
To add to Section 3-1 (Uses Requiring Special Permits by the Board of Appeals):
e. (10) Private non-profit clubs, except those whose chief activity is a service customarily carried on as a business.
2.) To add to Section 5-1 (Permitted uses in B-1):
m. Inns, Hotels or Guest Houses.
3.) To change Section 3-1 (8-c) (Guest Apartment regulations) to read:
The guest apartment shall not exceed 750 square feet of floor area or 30% of the floor area of the main house, whichever is smaller.
4) To change Section 6-1 (Pre-existing Non-conforming Uses and Structures) to read:
Abandonment: a non-conforming use which has been abandoned for a period of two (2) years shall not be reestablished and any future use shall conform with the Oak Bluffs Zoning By-Laws.

Article 35. Voted as amended to amend the Oak Bluffs Zoning By-Laws as follows -
1) To change Section 5-2 (Business B-2 District) to read:
GOALS AND PURPOSE: To create a small scale business area in town, oriented toward the pedestrian and in keeping with the Victorian architecture prevalent in Oak Bluffs at the turn of the century.

A. In B-2 Districts, no building or structure shall be constructed, altered or used for any purpose except:
1. Detached one family dwelling.
2. Inns and guest houses with no more than 12 guest rooms.
3. Food and Beverage: Bakery, Fish, Meat, Dairy or Convenience markets.
4. Eating establishments not predominantly for take out.
5. Dry Goods: Clothing, Furniture, Gifts, Antiques.
6. Bicycle sales, repair and rental.
7. Art Galleries or Studios.
8. Craft shops: Printmaking, Woodworking, Sculpting, Pottery, Silversmith, Goldsmith.
9. By special permit from the Board of Appeals: any use not listed above that has had its plans approved by the Planning Board under 5-2-B and in the opinion of the Board of Appeals is in keeping with the Goals and Purposes of the B-2 District.
B. No Permit to construct, enlarge, renovate a structure, or create a business shall be issued unless and until exterior construction plans are submitted and approved by the Planning Board after review by the Oak Bluffs Architectural Assistance Committee. All plans shall include:
1. A complete set of construction plans with all four elevations showing, in detail, exterior building materials and colors consistent within the Goals and Purposes of the B-2 District.
2. A sidewalk plan in conformance with the following requirements:
a. Any new business shall provide and construct at their expense a sidewalk 5 feet wide from the edge of street along any part of the lot having frontage on a street. The sidewalk shall be of a height, material and design as approved by the Planning Board and consistent with all sidewalks in the district.
3. An easement in a form acceptable to the Planning Board providing that said sidewalk will be kept open to the public at all times.
2) To change 7-1(e) (B-2 Dimensional Requirements) to read:
1. The minimum lot size shall be 5,000 square feet.
2. The minimum lot frontage measured along any street line shall be 50 feet.
3. The setback between any structure and any street line shall be 10 feet.
4. The setback between any structure and any sideline shall be 10 feet.
5. The setback between any structure and the rear lot line shall be 20 feet.
6. The maximum building height shall be 24 feet with no more than two floors.
a. By special permit by the Board of Appeals, the 24 foot height may be exceeded to a limit of 32 feet, but still not to exceed 2 floors, if the added height in the opinion of the Board helps promote the architectural goals of the district.

Article 36. This article was withdrawn. It related to amending the Oak Bluffs Rules and Regulations Governing the Subdivision of Land.

Article 37. Voted unanimously to adopt the following amendment to the Martha's Vineyard Regional School District Agreement:
Delete Paragraph VII d of said agreement and
Amend Paragraph VII e to read:
e. Operating costs incurred before and after the date of approval of this amendment and capital costs incurred only after the date of approval of this amendment shall be apportioned to the member towns on the basis of their respective enrollments on October 1st of the preceding year. No member town's portion of the capital costs for any year shall be less than 1% of the total, and in the event that any member town's enrollment in the preceding year is less than 1%, the remaining 99% of the capital costs for that year will be apportioned to the other member towns on the basis of their respective enrollments in the Regional School District on October 1st of the preceding year.

Article 38. Voted unanimously to adopt the following amendment to the Martha's Vineyard Regional High School District Agreement:
Amend Paragraph VII f to read:
f. Each member town shall pay its proportionate share of capital costs to the District each year in four (4) equal installments within thirty (30) days of July 1, October 1, January 1 and April 1.

Article 39. Voted unanimously the following By-Law:
a) "All buildings or structures in the Town of Oak Bluffs occupied in whole or in part for both residential and commercial purposes shall within three months of this date be equipped with an approved primary power smoke detector installed

on each level of occupation including the basement level. Such approved primary power smoke detector shall be installed at each level per instruction of the Chief of the Oak Bluffs Fire Department. The chief of the Oak Bluffs Fire Department shall be empowered to enforce the provisions of this By-Law'' and
b) Each violation of said By-Law shall be punishable by a fine of not more than $500.00 (Five Hundred Dollars).

Article 40. FIRE DEPARTMENT

Board of Selectmen
Town of Oak Bluffs
Oak Bluffs, Mass. 02557

Gentlemen:

For the year 1989, the Oak Bluffs Fire Department had seventy-six (76) calls, thirty-one (31) of which were false smoke detector or fire alarm systems. It seems we are becoming babysitters for the alarm installers. I believe it is time we started charging to these troublesome systems. It is costly to Oak Bluffs everytime the Department moves plus the danger of someone getting hurt. This past year we had close calls with other vehicles responding to calls which ended up being faulty smoke detectors.

1989 Fire Summary

Structure	7
False	7
Silent (smoke detector or alarm)	31
Chimney	1
Wash Down	7
Brush/Grass	5

Car	1
SSA Piling	1
Pumping	5
Wires Down	3
Boat Pump Out	1
	76

This year we spent many hours developing a plan to replace Engine 3 which is forty (40) years old. With your permission and the voters of Oak Bluffs, we are planning to sell the Lake Avenue Station and relocating Engine 3 and the Ambulance to an addition to the Wing Road Station and relocating the Attack Truck to the present Engine 3 Station. This can all be financed from this sale and a final proposal will be put before you for the Annual town Meeting.

Due to the financial status of Oak Bluffs, we are planning to reduce our personnel to ten (10) men per Company. This should save us approximately $20,000 per year in our future budgets.

We would like to thank you and the voters of Oak Bluffs for their overwhelming support. Thank you.

Respectfully submitted,

NELSON W. AMARAL, Chief
WILLIAM D. NORTON, Deputy Chief
DENNIS P. ALLEY, Deputy Chief

AMBULANCE REPORT

The following is an itemized report of ambulance calls for 1989.

There was a total of 463 calls this year. This is down from 1988. The main reason being that the hospital began operating their own ambulance in 1988. this is the first full year we have only gone out as a back-up vehicle at their request. The runs dropped from 60 a year to 7, all transports for helicopter or jet evacuations.

In addition we provided coverage at Varsity Football games, the road race, Tivoli day and Oak Bluffs Civic Association Fireworks.

I would like to thank the E.M.T.s who volunteer large amounts of time to provide a very important service.

Respectfully submitted,

EDWIN A. BUGBEE
Supervisor

POLICE DEPARTMENT

Board of Selectmen
Citizens of Oak Bluffs:

Increased development in Oak Bluffs, both in residential and commercial, have a direct bearing on the increased problems to be addressed by this department. Not only are larcenies, burglaries, and other criminal activities on the rise because of this growth, but over the past few years we have witnessed how this has made an impact on the problems involving traffic, traffic flow, pedestrian safety, and motor vehicle accidents. I don't see these problems being totally resolved in the near future.

Looking through the accident files, the statistics will show a serious increase in the number of motor vehicle accidents in two areas of concern. One is the area known as the "blinker light" on the Vineyard Haven-Edgartown Road. The other being at the intersection of Barnes and County Road near the Registry of Motor Vehicles office. These areas should be considered in the very near future for a permanent traffic control system.

Other concerns that deserve constant planning would be that of a shuttle service in the downtown area, a computerized parking system, and new parking areas.

The Oak Bluffs Parking and Traffic Committee have recognized these problems and, over the past two years, have been working diligently toward easing them. This committee certainly deserves the cooperation of the entire community and on behalf of the members of my department, I wish to thank them for their assistance in dealing with these problems.

Cooperation has also been received from the Board of Selectmen as well as all other departments.

The continued dedication and loyalty of your police officers is reflected in the efficiency and effectiveness of the Oak Bluffs Police Department.

Respectfully submitted,

PETER M. WILLIAMSON
Chief of Police

ANIMAL CONTROL OFFICER

To the Board of Selectmen and
The Citizens of Oak Bluffs

Thanks to the support I have received, I have made it through my first six months as your animal control officer.

Several changes have occurred in the department in the last couple of months.

1. The pound now has its own telephone number 693-0857 along with which is an answering machine. This will refer people either to another number to call in an emergency or simply to leave the all important lost or found report.

2. Any and all written correspondence can now be received through post office box 476, Oak Bluffs, MA 02557.

3. As of January 1, 1990 dog licenses will be available for issue, instead of April 1st. With hopes that the change will make it easier for dog owners to remember when to license.

Now I would like to answer the two most frequently asked questions:

1. Why my dog? He/she doesn't hurt anyone!
Answer: We have a leash law in Oak Bluffs. It sees no prejudice. The law is inclusive of all types, big dogs, little dogs, good dogs, not so good dogs, rich owners, not so rich owners, the time of day and the time of year. All dogs owned or kept within the limits of the town shall be restrained from running at large or shall be kept with in the immediate control of their owners or keepers.

By allowing your dog to run loose you are imposing, and are legally responsible for, the many unpleasantries that he/she can and will inflict on your neighbors. Getting into garbage, ruining shrubbery and landscaping, encouraging confined animals to get loose, livestock attacks, biting and dog fights. You are also putting your dog in jeopardy of being harmed or even killed from gun shots, baseball bats, cars, poisoning or garbage toxicity. It is only beneficial to you and your dog to exercise responsible dog ownership and keep your dog confined and at home.

2. I have a skunk under my house, what do I do?
Answer: The Animal Control Department does not trap or remove skunks or raccoons etc. These wild creatures can only be legally dealt with by the property owners themselves, or by a licensed trapper. This department will be happy to give you further information.

In the past six months this department has had a total of 563 calls of which were: 445 Dog calls, 65 Cat calls, 53 Miscellaneous calls of which consisted: skunks, raccoons, horses, deer, otter, swans, seagulls, parakeet, rabbit, pidgeon, birds, ducks, ferrets and turkeys.

Total Citations Issued: 156

Total Monies Turned into Treasurer: $1,484.00

Farm Census: Beef cows 14, Horses 13, Mule 1, Burros 3, Ponies 3, Poultry 350, Goats 7, Sheep 3, Rabbits 25, Swine 3.

I would like to extend my hardiest thanks to the Board of Selectmen and their Staff, as well as all the personnel of the Accounting, Personnel, Treasurers and the Highway Departments and the Town Clerk's office. All of which have been more than patient and helpful with all of my many problems and questions.

Respectfully submitted,

DEBORAH J. IRVINE, A.C.O.

MARTHA'S VINEYARD SHELLFISH GROUP

Board of Selectmen
Town of Oak Bluffs
Oak Bluffs, MA 02557

Dear Members of the Board:

With funding from five Island towns, the County, and private donations, the Martha's Vineyard Shellfish Group continued its program to preserve and enhance the shellfish resources of Martha's Vineyard. In lean economic times, Islanders have traditionally turned to the ponds and their shellfish. Our seeding and pollution control efforts are aimed at maximizing harvests for recreational and commercial fishermen. Our genetically tagged scallops and quahogs are being harvested from most seeded areas. Under our management, the 1988 year class of oysters in Tisbury Great Pond is thriving and promises to provide an especially profitable harvest soon.

A review of our 1989 program follows:

SOLAR SHELLFISH HATCHERY - Assistant Toni Chute, summer assistant Beckie Scotten, and I produced record numbers of seed shellfish this year. We supplied the Island's Shellfish Constables with over 4 million quahogs, 2 million scallops and 2 million oyster spat! Our successful application of an oyster culture technique known as ''remote setting'' enabled us to move microscopic three week old oysters to culture tanks on the shore of Tisbury Great Pond and, thereby, increase the production capabilities of our small hatchery.

LANTERN NET PROJECT - With a grant of $6,000.00 from the M. V. National Bank Foundation, we conducted a scallop growout experiment. We demonstrated the use of Japanese lantern nets to culture market size scallops in unproductive deep water areas. Our intent is to stimulate private aquaculture ventures in underutilized areas of the ponds. We were successful in growing market size scallops in one season starting with seed spawned in early spring in the Solar Hatchery.

LAGOON HERRING RUN - Soil Conservation engineers are finalizing the construction plans for the fishway. We have applied for all permits for construction of the fishway which promises to expand the local population of a fish species that is a vital link in the ocean food chain.

POLLUTION ABATEMENT - We continue to work with local boards of health, conservation commissions, and citizen groups to identify and correct sources of pond pollution. We assisted with the organization of the Our Coast In danger symposia this summer, and provided assistance to the Lagoon Pond Association and Friends of Sengekontacket in their efforts to control pollution. With the assistance of the Soil Conservation Service and the Tisbury Great Pond Think Tank, design plans for mitigating the pollution impact of road runoff have been developed.

For more detailed reports of our work call 693-0391.

BUILDING INSPECTOR

Board of Selectmen
Town of Oak Bluffs
Oak Bluffs, MA 02557

To the Citizens of Oak Bluffs:

I hereby submit my annual report for the calendar year 1989.

Having accepted this appointment at the end of April, it has been a very busy year for me. It has been most difficult in dealing with the numerous problems inherited with this office. Many Zoning and Building Code violations have been addressed, however, many more are still outstanding and it will take time to deal with this office.

Shortly after taking on this feat, my Administrative Clerk transferred to another department. Fortunately, I was able to find a very capable person who brought with her outstanding office skills to fill this position, Claire Rudziak.

I would like to thank my Administrative Clerk, all of my inspectors, the Board of Selectmen and all the boards and committees for their help and support, and of which this department is working in a spirit of mutual co-operation. It is imperative that we all work together in order to achieve and perform more productive services for the people of Oak Bluffs.

Although building on the whole has slowed down, we are very near to last year's receipts and estimated values of the structures built, altered, renovated, etc.

I am looking forward with enthusiasm to another year of challenge and productivity.

RICHARD R. MAVRO

ZONING BOARD OF APPEALS

To the Townspeople of Oak Bluffs:

The Board of Appeals has had a smaller case load this past year compared to the previous few years. I think this can be attributed to three important factors. The first of these is that our new clerk has helped to make our office more responsive to the public and possibly avoid unnecessary petitions. I and my fellow Board members greatly appreciate her dedication to the job. The second factor is the appointment of our new Zoning/Building Official. He has done a good job of making permit applicants aware of Zoning By-laws and avoiding problems down the road. We welcome him aboard and look forward to a continuing cooperative relationship. The third factor is one which I am sure you are all aware of. The economy has slowed and with it new construction and remodeling.

I am sure the Board will need to address many new appeals in the coming year. The current structure and personnel that are in place will allow the Board ot do this as efficiently and fairly as possible. The ZBA is petitioned to grant relief from the constraints of a particular By-law. The ZBA must decide, based on all the information it can gather whether granting relief will be a benefit or a detriment to the town. Usually some agreement is reached where all the concerned parties are satisfied.

The process is not easy and requires the help and cooperation of many town departments and Boards. I would like to take this opportunity to thank everyone who has helped the ZBA in their work and look forward to continuing to help find solutions cooperatively which will improve the quality of life in Oak Bluffs.

BOARD OF HEALTH

To the Citizens of Oak Bluffs:

The year has been one of continuing the efforts of the past year to develop programs which will protect the ground water, rejuvenate salt water ponds and increase the health standards throughout the town.

The new ''Sale and Transfer'' regulation will slowly bring the entire town into closer compliance with the Title V sanitary code and therefore lead to greater protection of our ground water.

The Board is also working with the other Boards of Health of the island to develop a solution to properly handling septage.

We continue to work towards a permanent solution to the rejuvenation of Farm Pond as a thriving shell fishing area. Hopefully, within a year conduits will be in place which will aloow the proper flushing and renewal of nutrients within the pond.

We also continue to support the Solid Waste District's efforts to streamline the handling of trash. Their efforts to extend the life of all the island landfills will pay big dividends in the future and not saddle future generations with unnecessary disposal costs.

We applaud your efforts at recycling and encourage you to continue; thereby reducing yours and the town's cost for rubbish disposal.

I would like to thank Russell Combra and Kenneth DeBettencourt for their work and dedication to the Board of Health and the Town of Oak Bluffs.

We ask for your continued support for our work in improving the standard of health in our town.

CEMETERY COMMISSIONERS

To the Residents of Oak Bluffs:

As Cemetery Commissioners we are pleased and proud to submit the following:

A new rail fence was erected to clearly define the Cemetery boundaries of the newly surveyed area.

The cremation area with smaller lots is being used and has proven to be an asset.

Some abutting land is in the process of being surveyed for additional expansion.

We plan additional upgrading and beautification in the future.

During the year Edwin Landers chose to retire - we wish Ed well and good health, he has been a longtime faithful employee. All the workers deserve a word of praise for a job well done.

HIGHWAY DEPARTMENT

Oak Bluffs Board of Selectmen
Oak Bluffs, MA 02557

Honorable Board of Selectmen:

I submit to you my annual report. During the past year the Highway Department had many challenging projects.

The Highway Department built septic lagoons for the Health Department at the western end of the town landfill. They are now in use. The new library addition is within days of completion. The addition has been a very satisfying project for all the workers. There has been tremendous cooperation and understanding with the Building Committee and Library personnel.

The Highway Department assisted in setting up the portable class rooms and installed the septic system at the school. February is the predicted date to move the students into the new modulars. This November and December has been difficult with the snow and ice and January 1990 has been a welcomed turn around in weather.

Once again the Highway Department will be asking the voters for a new street sweeper. The present sweeper being 13 years old is costing the town a lot of money in maintenance and can no longer do the job. For the safety of the traveling public this purchase shall be a high priority.

The Oak Bluffs Highway Department thanks all the other town departments for their assistance and looks forward to working together in the 90's.

Respectfully submitted,

HERBERT A. COMBRA, JR.
Highway Superintendent

CONSERVATION COMMISSION

During the year 1989 the Oak Bluffs Conservation Commission held 72 public hearings that represented Determinations of Applicability and the filing of Notices of Intent as they may be regulated under the Massachusetts Wetlands Protection Act and the Town of Oak Bluffs Wetlands by-laws. The Commission also established pier regulations for Lagoon and Sengekontacket Ponds.

The Conservation Commission anticipates that the repairs due to the fire-damage at the Sailing Camp will be completed in time for the 1990 summer season. Two half-bathrooms have already been added to the main level of the camp, one of which is designed for the handicapped. Additional improvements are planned to enhance programmatic opportunities for community participation.

Stephen Lewis retired and Peg Wilburn has assumed the clerical responsibilities for the Commission. She is available in the Planning Board Office of the Town Hall on Thursday mornings.

Regularly scheduled meetings are held on the 2nd and last Wednesday of every month. All are welcome to attend.

MARTHA'S VINEYARD LAND BANK COMMISSION

Established in 1986 by the island's six town meetings and the Massachusetts Legislature, the Martha's Vineyard Land Bank purchases land for conservation and passive recreation. In the past four years, the Land Bank has acquired farmland to keep alive the island's agricultural tradition, beaches to maintain public access to the shore, and aquifer lands to protect the quality of public drinking water. The Land Bank represents the public interest in the real estate marketplace, and works to guard and enhance those special qualities which have made the Vineyard one of America's most prosperous and well-known vacation resorts.

A 2% tax is applied to most real estate transfers to fund the Land Bank's programs.

Land Purchases

To date, the Land Bank has directly purchased or has contributed to the purchase of 577 acres across the island. The following purchases were made in 1989 (prices do not include financing charges):

Parcel	Prior Owner(s)	Town	Acres	Price
Farm Pond	H. Hart et al.	Oak Bluffs	9.7	$ 10,000
Greene-Hickie Farm*	J. Greene et al.	West Tisbury	37.6	$ 507,600
Tisbury Meadows	B. Rothzeid et al.	Tisbury	38.5	$ 490,000
Trade Wind Airport	J. Eosco et al.	Oak Bluffs	71.8	$ 2,750,000
Wapateaqua Woods	R. Rippcondi	Oak Bluffs	5.6	$ 107,500
TOTAL			163.2	$ 3,865,100

(* development rights only)

Other 1989 Activities

In order to bolster its in-house land planning program, the Land Bank conducted a series of "public input sessions" during September and October to solicit public comment on acquisition priorities. One session was held in each town, and two island-wide sessions took place as well.

The Land Bank investigated the possibility of borrowing against its revenue stream in order to issue long-term bonds. Cash received through such an issuance would permit the Land Bank to purchase properties available today which might not be available in the future. Land Bank assets alone would be pledged to repay such debt; the treasuries of the individual towns would not in any way be responsible for repayment. A decision about bonding is expected in 1990.

Status of the Oak Bluffs Town Fund

Each dollar that is received by the Land Bank is split in half: 50 cents goes into an island-wide central fund, and 50 cents goes into the Town Fund of the town from which the dollar was received.

In 1989, monies received in the Oak Bluffs Town Fund were used to purchase the Farm Pond, Wapatequa Woods, and Trade Wind Airport properties. Future revenues deposited in the Fund will be used to pay off outstanding debt incurred as a result of these purchases.

Revenues

Revenue for the year totalled $2,728,348.66. While this exceeded the Land Bank's projection for the year,

it represented a 10% drop in revenue from 1988. The following charts identify revenues received by town in both numerical and percentage form:

Land Bank Revenues

01/01/89 through 12/31/89

MARTHA'S VINEYARD TRANSIT AUTHORITY

Dear Selectmen:

The Martha's Vineyard Transit Authority's LIFT service assisted many elderly, handicapped and those with special needs in getting to numerous locations throughout the Island. Many of the passengers who are transported by the Authority are totally dependent upon the LIFT service. If this service were not available to these individuals, they would go without necessary medical, nutritional and social needs.

Passenger trips on the LIFT vehicles increased from 27,578 in 1988 to 29,409 in 1989 or a 6.6% increase. Based on ridership records, our operator, Elder Services, were able to identify 506 unduplicated passengers who utilized the LIFT in 1989.

In 1989, the Authority's LIFT service became even more accessible during our Out of Schedule hours. During these times, the Authority acts as a broker and utilizes a taxi firm to meet the transportation needs of the employed handicapped. This service has been greatly effective in saving the Authority operating costs on many single trips.

The Authority and Elder Services continue to act as the Island's coordinator of transportation services. Our aim is to assist a greater number of individuals who need access in order to obtain the necessities of life.

Beginning in November of 1988, the Transit Authority embarked on the first winter transportation service ever performed on Martha's Vineyard. Funding was made available from the Martha's Vineyard Boys' and Girls' Club and from the Massachusetts Executive Office of Transportation and Construction. Bus service was contracted through Island Transport. The service ran through the towns of Vineyard Haven, Oak Bluffs and Edgartown from the period of November 1, 1988 to May 10, 1989.

Although passenger trips aboard the bus were quite low it is expected that ridership will increase next year as Islanders start to have better familiarity with the service.

During 1989 the Authority was threatened with substantial budget cuts from the Executive Office of Transportation and Construction. Fortunately, through intense lobbying efforts Massachusetts Regional Transit Authorities were spared having their budgets cut. A great deal of time and energy was given by Rep. Eric Turkington, Rep. Thomas Cahir and Sen. Henri Rauschenbach in making our case known to the legislators in Beacon Hill. The Authority thanks these individuals for their great success.

However, more than at any other time in the Transit Authority's history, there does exist a greater chance that State budget cuts may affect the Authority's operations. the fiscal years of 1990 through possibly 1993 may see real and deep budget cuts. This threat is occurring at a time when the Authority is beginning to blossom as a viable transportation system for Martha's Vineyard.

Alternative funding sources must be explored by the Authority. We can't afford to be caught in any periodic ups and downs of the state budget. Therefore, the goal I would like to set for the Authority is to become self sustaining through a combination of revenue strategies.

In addition, I believe, based on several forums on public transportation which were held in 1989, that the Authority needs to help supplement and expand the private transportation currently being offered on Martha's Vineyard. We truly need a comprehensive transit system in order to give anyone an alternative from bringing their car from the mainland to the Vineyard. Traffic congestion is no one's friend.

The Transit Authority Advisory Board and myself will need your thoughts in helping to make the Martha's Vineyard Transit Authority the best Transit Authority of its kind. It can be done here. Let's make it happen.

On behalf of the Authority, I wish to thank all those involved in making 1989 a very successful year.

Respectfully submitted,

DOUGLAS B. EWING
Administrator

COUNCIL ON AGING

The Council on Aging has had a very successful year. It is thriving to a large extent because of the support of the Town of Oak Bluffs, the Oak Bluffs senior citizens, and our very active volunteers.

The addition is being utilized and greatly enjoyed. The small private offices are used by the Activities Director and the Outreach Worker on a daily basis, and for legal assistance, health clinic, social security, help with preparing income tax returns, and medical insurance claims when needed for privacy. We frequently have activities in both rooms at the same time.

the Formula Grant from the State is used by ''People helping People'' for transportation to medical appointments, minor emergency repairs and other emergencies. This encourages active seniors to help those who are less fortunate. A variety of services are still needed and we need capable seniors to volunteer their help.

It was a busy summer with many senior summer visitors taking part in our activities. Most activities have increased and few have decreased after the season. Island seniors who are busy with work or guests in the summer ''come home''.

The Emory Bucke Humanities group has had two series of studies, meeting here once a week.

Many are learning, or increasing their skill as artists, at the weekly art classes taught by local artists who also make the smaller room attractive with their paintings. The exhibits change each month and a reception and art show takes place once a month on a Sunday afternoon from 2 P.M. to 4 P.M.

Friends of the Oak Bluffs Council on Aging (F.O.B.C.A.) and the Martha's Vineyard Senior Citizens of Oak Bluffs (with members from all the island towns) meet in the building at least once a month. Retired Federal Employees also hold their meetings here.

We have a small lending library and frequently have donated books and magazines which need not be returned.

The cut backs in State funding are a serious problem to all of our towns, but by working together with our Selectmen we shall be closer and capable of continuing our programs which are most important to our elderly population.

Beryl Pond continues as Director, Louise Bugbee as Assistant Director, Gertrude Rezendes as Activities Director, Alison Piazza as Outreach Worker and Raymond Phillips as Maintenance man.

The Board and Staff appreciates the splendid cooperation we receive from the Selectmen, and from all the other members of the Oak Bluffs governmental family.

Respectfully submitted,

LAWRENCE DEBETTENCOURT

ELDER SERVICES OF CAPE COD AND THE ISLANDS, INC.

Board of Selectmen
Town of Oak Bluffs
Post Office Box 1327
Oak Bluffs, MA 02557

The mission of Elder Services of Cape Cod and the Islands, Inc. on Martha's Vineyard has always been to coordinate Federal, State and Island resources to provide social services designed to meet the needs of the island's elderly.

The three major services provided by Elder Services - Home Care, Nutrition and Transportation each have multiple public funding sources. Funds are received from several federal and state programs, as well as the county and all six island towns. In addition, the three services are interrelated financially. This integration of our services provides flexibility, eliminates duplication maximizing actual services provided, however, a funding reduction in any area effects all three programs.

Elder Services began FY '89 fully aware State funding would not reach FY ''88 levels. Program administration changes were made to address this problem, the effect on direct services to elders was held to a minimum. However, in February 1989, the State failed to include services to the elderly in its supplemental budget; this loss of anticipated revenue required prompt action and a reduction in services to the elderly.

The Home Care program, being completely state financed, experienced the greatest funding loss. New applications were not taken for a brief period in February. Priorities were established to assure our frailest elders received sufficient services to assure their safety. Service plans for all Home Care clients were reviewed individually with elders and their families -- where possible, services were reduced.

The reduction of Home Care funds effected the Nutrition Program. In addition, a state funding source designed to supplement this federal Older Americans Act Program was unexpectedly reduced. Quotas limiting the number of meals to be served each week were established. When the island's need for meals exceeded its quota, the community responded by purchasing additional meals with private donations; 459 additional meals were purchased in the last four months of FY '89.

THE LIFT, funded by the Vineyard Transit Authority, has continued to provide Elderly and Handicapped islanders access to stores, doctors, employment, and social services programs this year. The service currently lists 380 riders; 296 of whom ride regularly, apparently depending entirely on the van service for their transportation needs.

The vans travelled 122,501 miles completing 29,409 door to door trips. The largest increase was noted in employment transportation, undoubtedly due to the success of Project Able and other employment training programs for the disabled. A major funding reduction for transportation was prevented by legislative action in March 1989. However, the maintenance of funding for this program will clearly be a problem for the Vineyard Transit Authority in FY '90.

During FY '89, cooperation between Elder Services of Cape Cod and the Islands, Inc. and town Council on Agings not only assured service contiuation to island elders, but assisted Elder Services in reducing its overhead costs. Elder Services Nutrition Sites have been moved to Council on Aging senior centers minimizing rental expenses and facilitating the sharing of staff and equipment. A Martha's Vineyard Task Force was formed by the Island Councils on Aging, Inc. to recommend service priorities and a course of action for FY '90. Elder Services of Cape Cod and the Islands, Inc. and Island Councils on Agings first joint public fund-raising

campaign, an increased demand for volunteers, participant cost-sharing via participant donations or client fees and continued efforts to reduce expenses will surely be a part of the future.

While Elder Services, of course, laments the reduction in financial support for the elderly by both the Federal and State governments, we are optimistic necessary services will be retained and quality enhanced by the support our agency and island elders have received from local government, private organizations and many individuals on the Vineyard.

REPORT OF THE LIBRARIAN

Ms. Kathleen M. McKechnie, Chairperson
Board of Library Trustees

Dear Ms. McKechnie:

I am pleased to submit my Annual Report for the year ending December, 1989.

This has indeed been a year of change. The biggest change is the soon to be completed new children's wing. Thanks to the hard work and dedication of the Highway Department, under the direction of Herbert Combra, we must especially mention Raymond Teator, town carpenter, Herbert Landers, Chris Gibson and Henry Coito for their untiring efforts. We will have a building of which we all can be proud. By using Town Labor, we have saved enough money to have carpeting installed in the entire building and have purchased new moveable shelving, furniture and equipment.

Many friends and benefactors have been very generous this year, among them the East Chop Association has made a donation of $2,000 in memory of John R. "Red" Kranz, former trustee; a bequest of $1,000 from the estate of Margaret Stott was received for the purchase of books; generous donations were given by the "Cottagers" and Dr. and Mrs. William Torgerson (the former Jeanne Surprenant). A stained glass window, in memory of Edith Morris, has been installed over the new entrance to the library. It was commissioned by five clubs of which she was a member, The Antique's Club, The Doll Club, The Friends of Oak Bluffs, the Homemakers' Club of Oak Bluffs and the Zonta Club of Martha's Vineyard. The Homemakers Club has also donated a dictionary stand and podium in memory of Barbara Dow. Mr. Arthur J. F. Tutton donated an album of 156 old postcards of Cottage City. The Martha's Vineyard Garden Club and the Friends of Oak Bluffs continue to beautify our library with plants and flowers. With the addition of a new display window in front of the building, we are encouraging individuals and organizations to set up monthly exhibits of interest, hobbies and collections.

The Oak Bluffs Public Library was not included in the list of applicants receiving Construction Grants. An appeal has been made and the results should be known in the near future on whether we have been successful. Our most important achievement was receiving a Federally Funded Grant in the amount of $10,425 from L.S.C.A. Title I funds through the Massachusetts Board of Library Commissioners. Our project "S.A.I.L.S." (Space Age Alternatives for Individual Learning Styles) is targeted to the young adult population. It will provide more incentives for this group to utilize the library resources. To date, we have purchased two computers, with a tie-in to the Oak Bluffs School, two listening stations, started an audio collection, bought more videos, new magazines, paperbacks and new reference books. A young adult advisory committee was established with 12 members from the Oak Bluffs School and the Regional High School. This enthusiastic group has met three times and have made suggestions and recommendations. They are planning to develop a monthly newsletter, which will be circulated to the schools, informing young people about the expanded library resources and activities of interest to this group. We look forward to their continued cooperation.

Despite the clutter and confusion, story hours were well attended and appreciated. Jan Cable continues to efficiently update our card catalogs. Our volunteers are very important in the daily functioning of the library. I am completing another graduate course in Reference from the University of Utah Correspondence Study Program in compliance with the Massachusetts Library Techniques course requirements.

OAK BLUFFS SCHOOL PRINCIPAL

Dear Mr. Dembowski:

It is with great pleasure that I submit this my fifth annual report as principal of the Oak Bluffs School. The past year has again been one on intense population growth with an ever greater challenge to utilize space and staff creativity. The school is growing at an annual rate greater than fifteen percent. The Town of Oak Bluffs has been strongly supportive of appropriation to meet the needs of this burgeoning population of young children.

The school staff has completed a K-8 program of studies which details all programs at all grade levels. This curriculum guide forms the basis for all teaching in the school and gives a sound foundation for teachers and students. Much progress has been made in language arts and science areas. All K-5 teachers have now been trained in advanced science methods techniques and the school program is strongly reflective of their new energy. A major new program, the Quest Project, has been added to the K-8 curriculum. Quest helps develop the skills necessary to assist children in making appropriate decisions when confronted later with drug and alcohol issues. Training was provided for teachers at all grade levels and the program will be fully implemented during the 1989-90 school year. The 'Bridges' literacy grant was funded for a fourth year at reduced levels. A portion of this funding brings nationally and internationally known speakers to our school in support of whole language techniques used in primary classrooms across the Island. 'Island Voice', another Chapter 188 funded project, helped upper grade students learn video production techniques. Students planned and produced high quality video focused on language arts themes, the results shown on local access cable television. The school also sponsored 'Poetry Alive', a one-day program of poetry recitation followed up at all grade levels. This project will continue as a full week residency in the Spring of 1990. In technology areas, the school continues to add computers and applications to the school's program with much high quality publication of student writing. Apple computers are now in place from pirmary grades through grade eight.

A primary activity of the staff and school committee has been in progress on building renovation needs and the acquisition of leased classroom space to accommodate our many new children. The Oak Bluffs Building Committee worked diligently for over a year seeking voter support to renovate the primary building. Plans call for major improvements to the classroom exteriors which have been damaged by time and the elements. The next phrase of school improvement will include repair and renovation of the gymnasium and consideration of additional new, permanent classroom space. Temporary space will be provided through the leasing of on-site modular classroom units for the next four years. These 'portable' classrooms will provide much needed relief from the increasingly crowded conditions.

The community continues to be actively supportive of the school through the creation of a new parent/teacher group. This energized group has been resonsible for major fund raising events and for acting as educational advocates for our children. They organized and sponsored an all-Island Halloween party and Christmas Bazaar during 1989. Basketball teams are now outfitted with new uniforms as a result of parent fund raising efforts.

The Oak Bluffs School continues to add staff and provide new programs to meet student needs. Clearly, the challenge to the community is to chart a course for the future to alleviate the pressing need for new space whether that be through the construction of a new middle school or significant new construction to the elementary school itself. I would like to acknowledge the support of Mr. Francis Pachico during these years of rapid growth for our school and welcome you, Mr. Henry Dembowski to Oak Bluffs. I have appreciated the active support of the teachers, parents and school committee of the town.

Respectfully submitted,

ROBERT ABBEY, Principal

SUPERINTENDENT OF SCHOOLS

Mr. James H. K. Norton, Chairperson
Martha's Vineyard Superintendency Union
P. O. Box 1206
Vineyard Haven, MA 02568

Dear Mr. Norton:

In accordance with the Laws of the Commonwealth of Massachusetts, I am pleased to submit the Annual Report of the Superintendent of Schools to you and the citizens of the Vineyard. Since my arrival on July 1, 1989, I have worked diligently to address the goals established by the Union School Committee in their profile of the new superintendent. Priority attention has been directed at the following goal:

..exploration and implementation of cooperation among the Island schools on issues of regional impact, such as population growth, development placement, support services, special programs, special needs, and pre-K and junior high student needs;

.evaluate the role of the administrative cabinet and the central office staff with a view to allowing more time to achieve our educational goals;

..support the consolidation of the school committees' decision making.

I feel we have made several strides during the past six months in which we can all take pride. One of these includes the settlement of the teachers' contract for FY '91-'92. This settlement was accomplished via a direct dialogue between the Union School Committee and the Teacher Associations Presidents, using the Superintendent as a conduit.

Another major accomplishment was to bring the Lesley College Graduate Programs to Martha's Vineyard. Much credit for this should be given to Elise Thomas and Deborah Maher for sustaining interest until the courses began in the fall of 1989. We will be offering Masters Degree Programs in ''Middle School Education'', ''Curriculum and Instruction'', and both a Bachelors and Masters Degree in ''Early Childhood Education''. All courses offered during any of the above mentioned programs are available to the Island-at-large depending on space availability. For further information regarding these programs, please contact Deborah Maher at the Educational Resource Center (693-1382).

The Space Needs Committee has recommended to the Union School Committee that Articles be presented to each of the six towns this spring. These Articles will be asking for an amendment to the Regional District Agreement to include Grades 6-8 and asking the towns to vote and appropriate funds for plans that will allow for new construction, or renovations, or additions, or any combination of the above to best meet the space needs of the Island community. The space needs concern becomes all the more pressing when one understands that the Island-wide enrollment on October 1, 1988 was 1662 students and enrollments on October 2, 1989 were 1775 students which reflects an increase of one-hundred thirteen new students. It is also significant to note that the large class sizes were in Kindergarten and Grades 1 and 2. Therefore, a pressing need will exist as these students approach the middle grades and high school years.

On the Island-wide Space Needs Survey, to which 457 people responded, 78% of the respondents are supportive to some configuration of a regionalized middle school. The CORE facilities received overwhelming support from the respondents of this survey. These facilities include an Island-wide research library, performing arts center, teen center, and indoor olympic-size swimming pool.

it appears that State funding will be another issue in the effort to maintain our fine educational programs. With cuts in state aid and a virtually flat economy, we are asking residents to assume a new tax burden. It

is not without a great deal of thought that I support expanded regionalization. I firmly believe that with careful planning over the next ten years, the equity and the cost effectiveness will justify the burden of the next few years.

We are in the process of centralizing automation. Within the next fiscal year all six towns and the regional high school will be able to centralize all aspects of the budgeting procedure including collaborative purchasing.

I would be remiss if I did not congratulate the administration, staff, and students at the Martha's Vineyard Regional High School for being selected to receive an award as a National School of Excellence.

In conclusion, I would like to thank the many staff members, school committee members, and residents who have taken the time to share their views with me. By working together we can all help pilot the Vineyard schools through a new decade of uncertainty surrounding the future of public education. I'm delighted to be serving as Superintendent and with a great deal of hard work, enthusiasm, and energy I look to the next decade as one of continued excellence for the public schools on Martha's Vineyard.

Respectfully submitted,

HENRY S. DEMBOWSKI

REGIONAL HIGH SCHOOL PRINCIPAL

Mr. Henry S. Dembowski
Superintendent of Schools
Martha's Vineyard Regional High School District
Charles E. Downs Building
Vineyard Haven, MA 02568

Dear Mr. Dembowski:

What a remarkable year! The 1988-89 school year - The Thirty-Fifty Anniversary of the Regional High School District, and Thirtieth year of the Regional School - found us in the national spotlight. Based upon the total school performance in the last five years, The United States Secretary of Education identified Martha's Vineyard Regional High School, among one hundred and six public high schools, as a national school of excellence.

It was a year in which academic standings surpassed the previous year's record breaking statistics in almost every category - Advanced Placement scores in Calculus and English, Scholastic Aptitude Testing, and Achievement Tests. Numerous colleges sought our graduates. Among them were Cornell, Middlebury, Princeton, Yale, Barnard, Allegheny, American, Colby, Carleton, Boston University, Boston College, Holy Cross, Syracuse, Hampton, Howard, Carnegie-Mellon, Tufts, Johns Hopkins, Bentley, Purdue, Wheelock, Stonehill, Haverford, Colgate, and Washington University, and the now highly competitive University of Massachusetts.

The school was again congratulated on the quality of its students by the staff of the Massachusetts Advanced Studies Program. Three students won competitve entrance to their scholar summer seminars: Sarah Hannigan, Jennifer Sanborn, and Ellie Finkelstein. The annual Superintendent's Outstanding Student Award was presented to Roxanne Jardin. The Principal's Leadership Award went to Elizabeth Barnes. Two students, Eddie Gentle and Roxanne Jardin received the Ruth J. Bogan Creative Living Award for their part in making our community a better place in which to live.

The school's extra curricular activities involved more than sixty percent of the students. The spring play, directed by Duncan Ross, was *Arsenic and Old Lace* and featured Alexandra Sarason, Eddie Gentle, Jeremy Dunham, and Susan MacKenty. The literary magazine, *Sea Breezes,* again received national recognition from The Columbia Press Association. The golf team won the league championship. The music students again dominated regional and area competitions. The Minnesingers made a third embassadorial tour of Germany and brought greetings from Senator Edward Kennedy.

During the '88-'89 school year interesting things were happening in the departments. Social Studies sponsored the Close Up Program in which seventeen students went to Washington to study the functions of government. Duncan Ross and Jim Lobdell led the group which had the special opportunity to attend inauguration week ceremonies. Contacts were set up with the Wampanoag Tribe and students were involved in activities with Amnesty International, American Legion contest, Dukes County Historical Society and the Island Bar Association.

The Foreign Language Department held the annual Appreciation Night with three hundred students participating in cooking, singing, dancing and skits. Spangles, the Spanish club, sponsored commmuinity dinners in Spanish and attended Spanish cultural events in the Boston areas. The Spanish program started a study exchange with a school in Spain and a similar program was planned for French students.

The Math Department completed the planning of the final strand for a three year integrated college sequence in which algebra, geometry and trig are interwoven. A new course in probability and statistics was prepared.

The Art students' work was seen in many places on the Island with major displays in Vineyard Haven and Edgartown. Students designed covers for the course catalogue, principal's newsletters and several school show programs.

In Science the Island Natural History class studied the salt water tropical fish caught by instructor, William Schwabe, in Vineyard waters. This has developed into a cooperative project with the Woods Hole Oceanographic Institute and the Marine Biological Laboratories.

On a regular basis the English students produced the school newspaper, "The High School View" which appears as a full page in the *Martha's Vineyard Times*. They also created the award winning *Sea Breezes* magazine. Video Technology was an important addition as students could create and edit video shows. Reading comprehension teaching became more integrated into the English program with the fine teaching and peer assistance provided by reading specialist, Jeff Agnoli.

Child care activities took a life sized turn with interactions between the high school and Community Services Day Care. Modern kitchen technology has found a place in the curriculum with microwave cooking.

Special Education began substantial use of computer software for processing and monitoring the enormous record keeping and state reporting functions. The Life Skills Program for our physically or mentally challenged students took some exciting steps with an after school recreation program including swimming, horseback riding, and bowling. Many of these students participated in expanded community work site training. There has been an increased collaboration with the Vocational Education department and a grant was received to improve reading and writing skills for special education students in vocational areas. Both the resource room and basic skills classes benefited from the increase in computer assisted instruction.

Vocational Education and Industrial Arts continued to provide important courses for life and work skills. Culinary Arts continued to provide wonderful luncheons for the senior citizen groups and assisted with the Meals on Wheels program during the emergency repairs to the hospital's kitchen. Automotive students repaired senior citizens' vehicles and Horticulture students beautified town centers. The Building Trade class completed work on a fire house for West Tisbury and constructed a major storage facility on the high school campus.

Faculty members contnued to bring honors. Dan Sharkovitz was selected for a fellowship to study Shakespeare at Oxford University. David Donald, a Regional School alumnus, was presented the Marion Higgins Outstanding Teacher Award. Lou Toscano was honored by Carleton College as a teacher who made a difference to students.

Leaving our academic community were Barbara Lassen (after forty-one years of dedicated service) and Francis Pachico, Coach, Teacher and Assistant Principal, whose years of devoted services ended in a five year tenure as Superintendent.

A faculty space needs study was completed in which it was evident that the physical requirements of the high school continued to press. The student population outsized the cafeteria, library, auditorium, gym and science labs. The athletic fields, long neglected, were finally getting some needed attention, but water and fencing were a priority if playing surfaces were to be brought up to standards. The bleachers, which had weathered more than twenty-five winters, were deteriorating to the point of no possible repair.

The year ended with an exciting announcement from Washington that the President wished to meet the Principal at The White House, the Regional High School had been named a National School of Excellence. It was a point of pride which belonged to the entire Island population and a floodlight on the community. Education on Martha's Vineyard had come of age - fulfilling the dream of those who worked so hard.

FINANCE COMMITTEE

To the Townspeople of Oak Blufs:

As you well know, we are in unusual financial times. In recent years, local government has lost many of our former money sources; State, Local aid has been reduced, Federal Revenue Sharing has stopped and State and Federal grants have all but dried up. On the State level, the absence of leadership has badly eroded the taxpayers faith in government as the deficit continues to grow. Our Legislature refuses to bight the bullet and provide hard solutions to touch questions.

Unusual times will require unusual answers. At the writing of this report, the Finance Committee is restructuring our method of reviewing all operating budgets. We are providing guidelines to all department heads. In 1990 we are determined to act instead of re-act to fiscal issues.

The Finance Committee is presently making recommendations to the Selectmen in areas we feel we can save tax dollars and reduce costs. We have advised department heads to hold the line at last year's spending levels. Seventy-eight percent of the Town's budget goes to salaries and the six percent voted by the Personnel Board will all but eat up the two and one-half percent increase allowed by Proposition 2½. We are identifying areas that will not effect the services upon which you have come to rely. But fiscal realities will force the FinCom to look harder at the operating budgets than ever before.

It is with renewed spirit that the Finance Committee accepts the challenge posed by our financial problems. We have begun to rely on the expertise and patience of our new Town Accountant, Patrick Phelan. The FinCom has long held that our Town could never function well without an effective Town Accountant, we finally have one.

Our meetings are posted and open to the public. Please join us. After all, we're spending your money, or better yet, become a member.

Respectfully submitted,

KENNETH RUSCZYK
